Station BEZWADA, Dated the 2nd: APRIL 1917.

From (Name) M. R. Ry. - D. V. Hanumantha Rao Pantulu Garu,
(Designation) Chairman, Municipal Council,
BEZWADA.

To The Secretary to the Government of Madras,
LOCAL AND MUNICIPAL - Department.
MADRAS.

Sir,

(Through the Collector, Kistna, Masulipatam, and the Director of Industries, Madras).

****

SIR,

In submitting herewith the application of S. Dakshinamurty, B. S. C., (Engineering) Student of Glasgow University, appealing to Government for merciful consideration and grant of a scholarship for one year, to complete his course there, since his family is immersed in debts and has no property now I may be permitted to represent that the family was in well-to-do circumstances when the applicant left India for education. He had no idea of the state of his family circumstances until he returned home last year. In the opinion of the Council, with which I entirely agree, the applicant deserves help from the Government to enable him to sit for his finals.

I have the honour to enclose herein a copy of the Council's resolution No. 985 dated 30-3-1917 sympathising with him.

p.3

I have the honour to be,
Sir,
Your most obedient servant,

His Excellency The Go
of Madras in Council,
Madras.

Through,
The Chairman Muncipal Council, Bezwada.

Your Excellency,

I most humbly beg permission to bring the fo facts concerning my affairs to your Excellency's kind & sympath consideration.

I am an undergraduate of the University of Glasg Engineering (Elect. & civil) department. I studied in the said University for the degree of B.S.C. in Engineering for three years and completed the course so far. I have got to undergo one more year's training to complete my course and obtain the degree of B.S.C in Engineering. I am unable to return to the said University on account of circumstances stated in the memorandum herewith appended for your Excellency's perusal.

As the further course of training which I have to undergo extends over one year I most humbly request your Excellency to take my case into your kind consideration and grant me a scholarship for one year with a return passage.

I beg to remain,
Your Excellency,

Your most obedient Servant,
S. Dakshinamurty.

Memorandum.

I, Sistla Dakshinamoorthy , under graduate of the Univ
Electrical Engineering Department, beg to state that I
Bezwada, Kistna District. Before I left for Scotland t
studies in this department I owned a joint family pr
ly 2½ lakks and yielding an annual net income of
is still undivided among my father and his brothers. By m
the management of the property was left in the hands of my
for the last fifteen years. With their permission I went
tland to prosecute my studies in the year 1913. I was a min
time I left for Scotland.

As ill-luck would have it all the joint family propert
gradually encumbered and with the sums borrowed my uncles wen
some business or other but none of which proved profitable wh
sustained a loss in all their enterprises. In short the whole
~~was~~ now stands ready for auction at the hands of the creditors
am afraid may not be able to realize their dues.

I completed all the course in Electrical as well as Civil
neering and it only remains for me to sit for the finals to obt
degree of B.Sc. According to the Syllabus of the University of G
gow for Engineering I under~~gone~~ went training in the following
and obtained class tickets in all.

Natural Philosophy in the Session 1913 to 1914.
Mathematics (ordinary) ,, ,,,
Chemistry.. ,, ,,,
Physical Laboratory. ,, ,,
Engineering Class II (Summer course) 1914
Engineering Class I in the session 1914 to 191
Engineering Laboratory (Junior) ,,
Engineering drawing (junior) ,,
Mathematics (Higher) ,,
Electrical Engineering I. ,,
Engineering Class IV in the session

Electrical Engineering II ,,,,, ,,,

Engineering Laboratory (senior) ,,,

Engineering Drawing (senior) ,, 6

As the class tickets obtained in the above mentioned
were left with the Registrar of the University of Glasgow wi
intention of going back again for examination in last Septem
could not enclose copies of the certificates I had obtained.
written for them to the Registrar of the University of Glasg
receiving those certificates I will immediately submit them f
kind perusal.

(G)

to the Government of India for a special scholarship, should Government think that the circumstances justify it. But in existing conditions and presuming an earlier reply from the Government of India than experience makes probable, I hardly see how he could resume his studies at Glasgow next term.

pH & p31 cf

The enclosures received with Government endorsements No. 1799 A-1, dated 23rd May 1917, and No. 1799 A-2, dated 20th June 1917, are herewith returned

2. As regards the particulars asked for regarding the applicant's capacity and previous progress at the Glasgow University, I have the honour to state that no information is available in this office or in the office of the Secretary, Madras Students' Advisory Committee. The latter informed me that he has written to the Educational adviser at the India Office for the necessary information. It will be submitted to Government immediately on receipt.

I have the honour to be,
Sir,
Your most obedient servant,

Ok
14.7.17

for Director of Public Instruction

M.V.R

Letter from the Principal, College of Engineering, Madras, R.C. 148 of 1917, dated 29th June 1917.

......

With reference to your Proceedings R.C. No. 4342 of 1917, dated 13th June 1917, I have the honour to remark in the first place that without a prospectus of Glasgow University and further detailed information, it is difficult to judge how far exactly the applicant has carried his studies. I gather however that he has taken a kind of combined Civil and Electrical Engineering course-apparently chiefly the latter-and that he has another year to qualify by attendance before appearing for the B.Sc. degree.

2. The University of Madras does not grant a degree in Electrical Engineering, though this branch of Engineering is dealt with to a limited extent in the Mechanical Engineering course. The applicant, to me does not seem sufficiently prepared to justify his being allowed to appear for either the Civil or Mechanical Engineering degree examination without a further fair period of instruction, and I can only suggest that perhaps the syndicate might be asked to recommend him to the Senate for exemption from the first two years of college attendance to allow of his appearing for the F.E. examination, provided he undertakes to pursue the college course for the final two years in either Civil or Mechanical Engineering, before presenting himself for the degree examination. This would involve no waste of time as, if he joined the college this coming session, he could appear for the F. E. examination in 1918 and the B.E. degree examination in 1919.

3. I might mention that no information is given as to the applicant's general educational qualifications but presuming these are acceptable, I can express no opinion as to the likeliho of the University authorities granting the somewhat unusual kind of exemption referred to above. In regard to the college diplom however, it is of course open to Government to direct that in consideration of the training the applicant has already received he may be allowed to join the 3rd year Engineer class a

qualify for the diploma by attendance for and passing the examinations of the last two years of the college course.

.....

Letter from the same Officer, R.C. No. 148 of 1917, dated 2nd July 1917.

......

I have the honour to state that I have perused the enclosures with your proceedings R.C. No. 4342 of 1917, dated 25th June 1917, but have no suggestion to make in regard to the University degree other than that in this office letter R.C. No. 148 of 1917, dated 2nd July 1917, already submitted in reply to your Proceedings R.C. No. 4342 of 1917, dated 13th June 1917, on the same subject.

2. It still seems to me that the applicant's qualifications are such as do not really justify his admission to more than the 3rd year Engineer (Mechanical) class in order to give him an opportunity of qualifying for the college diploma, but if Government desire, in the special circumstances of the case, there is no very grave objection to allowing him to take only the final year of the college course and granting him the diploma if he gains half the marks for the year and satisfactorily completed the course of practical training in the year following.

I have the honour to confirm the following telegram sent to you on the 9th August 1917

Reference.- Your telegram of 6th.

Local Government can sanction second class passage to England and back to a scholar awarded scholarship from Provincial Revenues subject to Budget provision under "22 Education".

I have the honour to be,
Sir,
Your most obedient Servant,

for *Accountant-General.*

Fort St. George,
Accountant-General's Office,
Dated 14th August 1917.

Home(Education)Departmen

Grant of a special scholarship to S. Dakshinamurthi Sàstri.

C.No.1799. From the C.M.C., Bezwada, No.36/17 dated the 2nd April 1917.

The applicant has already undergone a thr years' course in the University of Glasgow and ha yet to undergo one year's training to obtain the degree of B.Sc. Civil Engineering has been expre ly excluded by the Secretary of State from the li of subjects for which the State Technical scholar ship can be granted, the reason for such exclusion being that the Colleges in India provide instructi of a high class in that subject --- please see no on page 6 of G.O.No.477 Educational dated the 28th April 1914. The Officer in Charge of the Depart ment of Industries however recommends that the app cant may be granted a scholarship as a special cas to enable him to complete his studies. ~~Special~~ ~~scholarships at the cost of Provincial funds are~~ ~~tio [illegible]~~

Ⓢ

Page 8 of CF

present case no evidence has been produced as regar the progress of the student while at College and the Government are asked to sanction a scholarship mainly on account of poverty. ~~Such a suggestion can hardly be entertained~~.

2. It is not clear why the applicant should not attempt to qualify for the B.E. degree examination of the local University. The ~~Syndicate~~ Senate would probably be willing to recognise the training he had already undergone in the Glasgow University and to grant him as a special case the requisite exemptions from attendance certificates etc.

3. A draft order declining the request is su mitted for approval.

A.S.
26-4-17.

6/5/17

As observed by the Officer in Charge of the Departt of Indu (Mr. Innes) the present cas is a very special one and is not covered by the schemes of state scholarships already sanctioned It may not [illegible] case of aid to a student who, but fo such assistance, may not be able to complete the course and lose consequen the benefit of the three years training he had already had. The question wil be, however, different if we are aske to sanction a scholarship afresh to a student who is to begin his course in Engineering. Further, Electric Engine formed not an insignificant part of the course of study of the student at Glasgow & we have been granting scholarships for study in Electrica Engineering

M

pages 5 to 7 cf.

the Student's capacity progress and prospects of success at that University.

CA
15/5/17

The argument at M is fallacious for any student may go with funds for a part of his course and urge his argument from the grant of the balance from Govt.

for?

The subject is not one for which a scholarship is generally available.

I do not think a case is made out. But if it be intended to help the applicant, I shall get other particulars as to his previous progress in Glasgow & the possibility of his continuing his studies locally. This will take time however.

p. 32 c.f. C. No. 2463 from the D. P. I. Dis No. 4277 d/ the 16th July 1917.

The Principal of the College of Engineering Madras, to whom the matter was referred to by the D. P. I has no objection, if the Govt.

p. 35 c.f.

so desire it, to allow the applicant to take only the final year of the College course and grant him the diploma if he satisfactorily completes the College and the practical training courses. But if he requires a University de [illegible] exemption from the first two years of college attendance to allow of his appearing for the F.E. examination in 1918. If he passes this, he will be able to appear for his B.E. in 1919. It is therefore for consideration whether, as suggested by the Director of Public Instruction, the applicant may be asked to continue his studies in the College of Engineering, Madras, and to apply through the Principal to the University for the necessary exemption. In view however of the facts stated in paragraphs 1 and 2 of Mr.James' letter on page 34 of current file, it appears unlikely that such exemption will be granted by the Senate.

2. The local Government are themselves competent to sanction the special scholarship prayed for. For precedent please see G.O.No.31, Home (Education), dated the 8th January 1917. The value of a State technical scholarship is £150/- per annum, and it will be sufficient if this amount is sanctioned with the concurrence of Financial. But so far nothing definite is known as to the applicant's capacity and previous progress at the Glasgow University and the Educational Adviser at the India Office has been written to for the necessary particulars. ~~For~~ It is subd. that ~~orders whether~~ the receipt of further information may be awaited.

H.E.

In view of the exceptional circumstances of this case which seems undoubtedly to be genuine & of the difficulties which may arise with the University & of the fact that this student has already completed three years of his course & will have great disadvantages to contend with if he has to take up a course of study on different lines at this stage, His Excellency would be prepared to give him facilities for completing his course at Glasgow. Will Hon Secretary kindly examine & submit the necessary proposals?

Mr. Dakshinamurti has applied for a scholarship for one year and also for a 'return' passage. The amount of the scholarship may, it is submitted, be fixed at £150 as in the case of State technical scholarships tenable in England. As the candidate is now in this Presidency and as he is in indigent circumstances, the passage asked for may also be sanctioned.

2. The file may be sent to the Financial Department for remarks. If that department approves the proposal, the Director of Public Instruction may be asked to submit a reappropriation statement to meet the charge.

Financial (u.o.)

Financial dept

For A. S.

The grant of Scholarships to enable Students to take degrees in Civil Engineering (B.Sc) is not provided for in the rules of the G of I relating to State technical Scholarships vide. item (v) under clause (b) on p 7. of G.O. 593 Edl. d 29.5.1916. But in the present instance, a Scholarship of £150 tenable for 1 year only is propose in view of the Special circumst

P

pp 7-8 enclosure

to complete his B.Sc. Course in Glasgow of which he has already undergone 3 years training at his own expense. The cost comes to Rs 1800 and the payment of it from Provincial funds is within the sanctioning powers of this Govt. vide A.G's letter on p.4 of G.O. 31 Home (Edn) d/ 8.1.1917. It is for orders whether the proposal may be accepted.

p 4 CF

G

2. Grant of a return passage, asked for by the applicant (p.4.CF & para.1. on p 8 ante). It is not quite clear whether this concession is within the sanctioning powers of this Govt. In the case of Mr Muhammad Abdul Azim where this Govt. first exercised their power of granting Scholarships (tenable in England) without reference to the G of I, no passage was asked for as the Candidate was already in England; and this question did not therefore arise in his case. In view of the instructions embodied in article 1121.A. of the C.S.R, the letter from the G of I on p. 2 of G.O. 200 Finl d/ 14.5.1910 and the orders issued by this Govt in Memo No. 2833-2 Finl d/ 25.7.1910, it seems necessary to have the A.G's ~~office~~ advice before

a.1. of Finl dept note on
3 of notes to Hey G

XI

II

NOTES.

the concession of passage asked for in the present case is granted; and the Home dept may be requested to take the A. G's advice before orders issue. It is observed from rule (vii) of the "General rules" governing the grant of State Scholarships that State Scholars who are required to proceed to England are eligible for a Second class passage to & from England; Evidently the concession applies to all State Scholars irrespective of whether their Scholarships are sanctioned by the Local Govt or the G of I. If, however, the A. G. takes the view that the present case cannot be brought under this ruling, it would appear that a reference to the G of I will have to be made. The cost of a Second class passage as fixed by the G of I in 1916 (G.O. 295 Fin. 26.5.16) is £30.

p.6 F.No. 5932 Edn/29.5.16?

IX

Al.
1.8.1917.

I venture with great respect to doubt whether Financial should concur in this proposal. It is the case of a man whose circumstances did not permit of his continuing ~~to~~ his ~~stu~~ studies in England and who now ask that Govt

44

should come to his aid. I see nothing to in the papers to differentiate this case from others of a similar kind. The man does not appear to have any special claims on Govt., nor are his family or other traditions such as to justify his education being completed in England at the expense of the general tax-payer. I venture respectfully to suggest that Financial should advise against the proposal.

C.S.

1.8.17

I have no doubt that Fin. must advise against any special scholarship tenable in England for this young protégé of the Bezwada Municipal Council. It wd. be a dangerous precedent: & if it shd. be proposed to create it the express assent of H.M. Fin shd. be obtained. If the student wanted to finish his course at Glasgow, he shd. never have returned to India as he did. He might then have been helped at home.
