It is not clear what exactly the Govt. of India want. The Rev Dept under from 1913 to 1917 have been examined. ~~No concessions appear to have been granted in this department for purposes of industrial development in the strict sense of the term, i.e., for the opening of any industries or the starting of fish oil and furano factories could be said would fall under the~~ ^{category of} ~~category, it may be stated that 18 acres~~

and S. Kanara districts were leased^x
out to ¹⁸49 individuals and 1 firm
- all Indian - for the ~~pe~~ erection of
fish oil, fish guano, and fish manure
factories and for a fish curing yard.
The leases were for 7 years and were
subject to payment of an annual rent
of Rs 12 per acre. Infono 3352 Rev-7
18-11-1913 the Comrs. of S. Kanara and
Malabar were authorized to grant
leases for the above purposes subject to
the usual conditions. No information
is available in this office as to the
leases granted by the Comrs. subsequent
to the f.o.

2. It is also not clear whether the granting of mineral concessions would fall under the category of ~~industrial~~ "Concessions to industrial development." If so, the several concessions granted under the mining rules are reported to the Govt. of India every quarter (vide for tied with red tape) and the Govt. of India already possess the information.
