HOME (EDUCATION) DEPARTMENT.

The proposals now submitted by the Director of Public Instruction follow generally the distribution for 1916-17 as modified with reference to the individual orders issued thereafter. The statement has been checked and the following points are noticed :—

(1) Certain amounts have been entered against the Chittoor municipality. No subsidies appear to have been sanctioned for this municipality. The entries are apparently wrong. This is evidenced by the fact that the entries are the same as those for the Coimbatore municipality—the next item.

(2) In G.O. No. 558 M., dated the 27th March 1917, a grant of Rs. 318 per annum and a lump sum of Rs. 75 have been promised to the Berhampur municipality towards the establishment of a weaving class in connection with the Municipal Elementary school at Berhampur. No provision has been made on this account in the present distribution.

(3) The total subsidy sanctioned towards the increase of salary, etc., in the Municipal Secondary school, Rajahmundry, works out to Rs. 1,520,* while it is entered as Rs. 1,530 in the Director's statement.

(4) In G.Os. No. 744 M., dated the 28th April 1917 and No. 1050 M., dated 21st June 1917, certain revisions of establishment have been sanctioned in the Government and Municipal Girls' schools at Tirupati, the net cost of which is borne from Provincial funds. It is not known whether the additional expenditure involved can be met from the usual subsidy of Rs. 3,188 provided in the Director's statement or whether any additional provision should be made.

* Reduced by Rs. 100 with reference to G.O. No. 126 M., dated 25th January 1917.
† Includes Rs. 340 sanctioned in G.O. No. 26, Home (Edn.), dated 6th Jan. 1917.
‡ Includes Rs. 150 on account of the revision of establishment sanctioned in G.Os. Nos. 744 M., and 1050 M., dated 28th April 1917 and 21st June 1917, respectively.
§ Includes the recurring subsidy of Rs. 318 and the non-recurring subsidy of Rs. 75 sanctioned in G.O. 558 M., dated the 27th March 1917, towards the establishment of a weaving class in the municipal elementary school.
|| For reimbursement of duty on alcohol.
** The total subsidy has been reduced to Rs. 100 in G.O. No. 864 M., dated 17th May 1917, the expenditure under "Grants-in-aid" being incurred from Provincial funds.
*** The total contribution of Rs. 2,450 has been reduced to Rs. 930 in G.O. No. 554 M., dated 22nd March 1917, the expenditure under "Grants-in-aid" being incurred from Provincial funds.

(5) In the case of Hospet, Srirangam and Vizianagram municipalities, the subsidies entered under certain heads have been omitted in accordance with the G.O. 126 M., 25th January 1917. Director's recommendations on the budget estimates of these municipalities that the

total subsidy may be reduced by the amount of grants in aid to private schools provided from municipal funds, the latter being defrayed directly by Government.

(6) The subsidy of Rs. 1,000 promised in G.O. No. 854, dated the 26th June 1917, in respect of the National High school, Ramachandrapur, may be included in the present proposals.

(7) With reference to the notes to G.O. No. 579 L., dated the 19th April 1917, the contribution to the District Board of South Arcot towards the maintenance of sessional schools may be fixed at Rs. 4,122 instead of Rs. 5,856 proposed by the Director of Public Instruction.

(8) The subsidy of Rs. 1,084 promised to the Adoni Municipal Council in G.O. No. 678 M., dated the 19th April 1917, is to be met from the lump allotment of 1.21 lakhs for opening new elementary schools. Proposals for the distribution of the allotment have not yet been received. It is for consideration whether the payment of the amount should be sanctioned in advance of the general distribution.

(9) The totals of certain columns in the statement relating to municipalities are not correct. Correct totals have now been entered in pencil.

2. The file may in the first instance be referred to the Director of Public Instruction for remarks, with reference to paragraph 1 supra.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

Paragraphs (1) and (3).—The amounts entered against the Chittoor municipality which have not been taken into account in the totals for municipalities are clerical errors. So also the figure Rs. 1,580 entered against the Rajahmundry municipality is a clerical error for Rs. 1,520. The total amount for Rajahmundry, viz., Rs. 4,328, is correct and can be justified only by taking Rs. 1,520 for the secondary school staff.

2. Paragraph (2).—The additional provision of Rs. 318 and Rs. 75 may be included. The latter amount is non-recurring.

3. Paragraph (4).—The additional expenditure involved by giving effect to the two Government Orders (which may not exceed Rs. 156 in all) was not taken into account as G.O. Mis. No. 1050 M., dated 21st June 1917, had not been received in this office when proposals for the distribution of subsidies were made and the exact additional expenditure involved by the operation of G.O. Mis. No. 744 M., dated 28th April 1917, could not be known. The probable maximum expenditure will not exceed Rs. 156 per annum and perhaps this sum may now be added to the figures entered against the Tirupati municipality.

4. Paragraph (6).—The necessary provision may be made. The Government Order was received after the submission of proposals.

5. Paragraph (7).—The contribution may be fixed as proposed at Rs. 4,122.

6. Paragraph (8).—In my endorsement to Government N.R.C. No. 118/1917, dated 9th February 1917, I proposed that this expenditure should be met from the 1.21 in the budget for 1917-1918 for opening new schools and strengthening existing schools; but I have no objection to the inclusion of the amount in the present distribution.

J. H. STONE—18-7-17.

HOME (EDUCATION) DEPARTMENT.

The necessary corrections have been made in the distribution statement with reference to the office-note on pages 1 and 2 and the Director's u.o. note supra. The subsidy of Rs. 100 recommended for payment to the Palghat municipality in order to reimburse the Victoria College for increased expenditure on alcohol which has

Right.

R.R.—3-8-17.

Director of Public Instruction's letter, dated the 5th July 1917—has also been included in the distribution. Orders are requested whether item (8) on page 2 supra may not be omitted from the present distribution and included in the distribution of I the lump grant of 1.21 lakhs for which proposals have yet to be submitted by the Director of Public Instruction.

2. The following statement compares the amounts now proposed for distribution for the various objects, with those paid last year and the allotments made for the purpose in the budget:—

* Included in net cost of secondary schools not shown here.

It will be seen from the above that against a total provision of 17.88 lakhs in the budget, the proposals now submitted cover 17.83 lakhs. The saving (.05 lakh) appears chiefly under sessional schools owing to the closure of certain sessional schools under the Coimbatore, Madura and South Arcot District Boards. This amount will be required to meet unforeseen claims which may come up during the year—e.g., the payment of a subsidy of Rs. 1,500 sanctioned in G.O. No. 929, dated the 14th July 1917, for compensation for loss of fee income in the elementary schools under the Bezawada Taluk Board.

3. A draft order sanctioning the distribution is submitted for approval. It may be sent to Local and Municipal and Financial for acceptance.

4. It is observed that some of the orders issued in Local and Municipal involving alterations in the amounts of subsidies paid to local bodies—e.g., G.Os. No. 567 L., dated the 14th April 1917 and No. 579 L., dated the 19th April 1917—have not been communicated to the Home (Education) Department. The Local and Municipal

Department may be requested to see that all orders affecting subsidies are in future communicated to this department so as to enable this department to distribute the subsidies in accordance with actual requirements.

To Local and Municipal, please.

From the Director of Public Instruction, dated 5th July 1917, No. 10143.

HOME (EDUCATION) DEPARTMENT.

The proposals now submitted by the Director of Public Instruction follow generally the distribution for 1916-17 as modified with reference to the individual orders issued thereafter. The statement has been checked and the following points are noticed:—

(1) Certain amounts have been entered against the Chittoor municipality. No subsidies appear to have been sanctioned for this municipality. The entries are apparently wrong. This is evidenced by the fact that the entries are the same as those for the Coimbatore municipality—the next item.

(2) In G.O. No. 558 M., dated the 27th March 1917, a grant of Rs. 318 per annum and a lump sum of Rs. 75 have been promised to the Berhampur municipality towards the establishment of a weaving class in connection with the Municipal Elementary school at Berhampur. No provision has been made on this account in the present distribution.

Total ... 1,520

(3) The total subsidy sanctioned towards the increase of salary, etc., in the Municipal Secondary school, Rajahmundry, works out to Rs. 1,520,* while it is entered as Rs. 1,530 in the Director's statement.

2 NOTES to G.O. No. 1104, HOME (EDUCATION), 29TH AUGUST 1917

(4) In G.Os. No. 744 M., dated the 28th April 1917 and No. 1050 M., dated 21st June 1917, certain revisions of establishment have been sanctioned in the Government and Municipal Girls' schools at Tirupati, the net cost of which is borne from Provincial funds. It is not known whether the additional expenditure involved can be met from the usual subsidy of Rs. 3,183 provided in the Director's statement or whether any additional provision should be made.

(5) In the case of Hospet, Srisangam and Vizianagram municipalities, the subsidies entered under certain heads have been omitted in accordance with the Director's recommendations on the budget estimates of these municipalities that the total subsidy may be reduced by the amount of grants in aid to private schools provided from municipal funds, the latter being defrayed directly by Government.

(6) The subsidy of Rs. 1,000 promised in G.O. No. 854, dated the 28th June 1917, in respect of the National High school, Ramachandrapur, may be included in the present proposals.

(7) With reference to the Notes to G.O. No. 579 L., dated the 19th April 1917, the contribution to the District Board of South Arcot towards the maintenance of sessional schools may be fixed at Rs. 4,122 instead of Rs. 5,856 proposed by the Director of Public Instruction.

(8) The subsidy of Rs. 1,084 promised to the Adoni Municipal Council in G.O. No. 678 M., dated the 19th April 1917, is to be met from the lump allotment of 1-21 lakhs for opening new elementary schools. Proposals for the distribution of the allotment have not yet been received. It is for consideration whether the payment of the amount should be sanctioned in advance of the general distribution.

(9) The totals of certain columns in the statement relating to municipalities are not correct. Correct totals have now been entered in pencil.

2. The file may in the first instance be referred to the Director of Public Instruction for remarks, with reference to paragraph 1 supra.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

Paragraphs (1) and (3).—The amounts entered against the Chittoor municipality which have not been taken into account in the totals for municipalities are clerical errors. So also the figure Rs. 1,580 entered against the Rajahmundry municipality is a clerical error for Rs. 1,520. The total amount for Rajahmundry, viz., Rs. 4,328, is correct and can be justified only by taking Rs. 1,520 for the secondary school staff.

2. Paragraph (2).—The additional provision of Rs. 318 and Rs. 75 may be included. The latter amount is non-recurring.

3. Paragraph (4).—The additional expenditure involved by giving effect to the two Government Orders (which may not exceed Rs. 156 in all) was not taken into account as G.O. Mis. No. 1050 M., dated 21st June 1917, had not been received in this office when proposals for the distribution of subsidies were made and the exact additional expenditure involved by the operation of G.O. Mis. No. 744 M., dated 28th April 1917, could not be known. The probable maximum expenditure will not exceed Rs. 156 per annum and perhaps this sum may now be added to the figures entered against the Tirupati municipality.

4. Paragraph (6).—The necessary provision may be made. The Government Order was received after the submission of proposals.

5. Paragraph (7).—The contribution may be fixed as proposed at Rs. 4,122.

6. Paragraph (8).—In my endorsement to Government N.R.C. No. 118/1917, dated 9th February 1917, I proposed that this expenditure should be met from the 1-21 in the budget for 1917-1918 for opening new schools and strengthening existing schools; but I have no objection to the inclusion of the amount in the present distribution.

J. H. STONE—18-8-17.

HOME (Education) DEPARTMENT.

The necessary corrections have been made in the distribution statement with reference to the office-note on pages 1 and 2 and the Director's u.o. note supra. The subsidy of Rs. 100 recommended for payment to the Palghat municipality in order to reimburse the Victoria College for increased expenditure on alcohol which has now to be purchased in the bazaar—vide Director of Public Instruction's letter, dated the 5th July 1917—has also been included in the distribution. Orders are requested whether item (8) on page 2 supra may not be omitted from the present distribution and included in the distribution of the lump grant of 1-21 lakhs for which proposals have yet to be submitted by the Director of Public Instruction.

2. The following statement compares the amounts now proposed for distribution for the various objects, with those paid last year and the allotments made for the purpose in the budget:—

* Included in net cost of secondary schools not shown here.

It will be seen from the above that against a total provision of 17-88 lakhs in the budget, the proposals now submitted cover 17-83 lakhs. The saving (05 lakh) appears chiefly under sessional schools owing to the closure of certain sessional schools under the Coimbatore, Madura and South Arcot District Boards. This amount will be required to meet unforeseen claims which may come up during the year—e.g., the payment of a subsidy of Rs. 1,500 sanctioned in G.O. No. 929, dated the 14th July 1917, for compensation for loss of fee income in the elementary schools under the Bezvada Taluk Board.

3. A draft order sanctioning the distribution is submitted for approval. It may be sent to Local and Municipal and Financial for acceptance.

4. It is observed that some of the orders issued in Local and Municipal involving alterations in the amounts of subsidies paid to local bodies—e.g., G.Os. No. 567 L., dated the 14th April 1917 and No. 579 L., dated the 19th April 1917—have not been communicated to the Home (Education) Department. The Local and Municipal Department may be requested to see that all orders affecting subsidies are in future

Total ...	4,32,926

3. If the total sum of 4.33 lakhs referred to in paragraph 2 above is deducted from the total budget provision of 22.21 lakhs (paragraph 1 above) the balance is 17.88 lakhs. Home (Education) propose to distribute Rs. 17,81,509 (Rs. 17,82,893 — Rupees 1,084 for the Adoni Municipal Council—vide Home Secretary's note on page 1 ante.)

Submitted that there is no objection in Financial to the draft order which will be altered slightly with reference to the exclusion of Rs. 1,084 for Adoni Municipal Council.

L.E.K.—18-8-17.

4. After distributing the above sum (17.82 lakhs) there will be a small saving of (17.88 — 17.82) or .06 lakh. Strictly speaking, this amount should be surrendered to Financial—vide rule 17 (iii) of Inter-departmental reference rules. As, however, Home (Education) remark (paragraph 2 on page 1 ante) that this sum may be required for expenditure in the course of the year, it is submitted that the amount need not be resumed by this department.
