To

The Chief Engineer to the Government of Madras,
M a d r a s

Sir,

I have the honour to state that the Salem College --
buildings have been sanctioned long ago, that an estimate for
the same was passed at about 80,000 Rs. and subse-
G.O.No. 1494 W., dated 12-8-1915. quently raised to 1,30,000 Rs. (excluding the cost
of the site). The need for the new premises was evident to
the Director of Public Instruction and to the University --
Commission when they visited last year the gloomy, dark, ill-
ventilated rooms in the premises now occupied by the College and
I have the honour to request that the work may be begun this
year. The site has been provided by the Municipality in the
College Hostel compound and has been approved. A small allot-
ment could be spent this year in putting up the foundations this
year, and probably the next year or the year following, the
buildings may be completed. I have therefore to request you to
take very early action this year to secure an allotment to
begin this work i.e., a portion of the work ^{allotment to} ~~this year.~~

I have the honour to be,

Sir,

Your Most Obedient Servant.

(1) The Council begs to represent to Government that the continued
existence of plague in the town makes it necessary to shift the --
College from its present buildings where accommodation is becoming
more and more limited on account of increase of strength in the
College and to request that, as a special case, the promised grant or
such portion as can be spent in 1917-18 may be given for the New
Salem College Buildings.

R: provision of funds for the Municipal College, Salem.

Deu

The work was not brought forward in connection with the ^{preparation of the} Current year's budget; hence there is no provision for it for this year. The cost of the work is to be met from the non-recurring Imperial Grant of 49 lakhs made in 1912-13 vide para 1 of E.O. N^o 1160 D.O. 6-12-13-0. The Current may therefore be transferred to Home (Educational) A.O. for the consideration ~~issue of necessary order~~.

The intention ^{when made} ~~was~~ to meet the entire cost of the ^{proposed} ~~new~~ college buildings from the Imperial grant of 49 lakhs. Attention is ~~herein~~ solicited to the Statement submitted with the Director's letter, no. 1730, dated the 15th March 1917 (page 6 of L.O. no. 687, dated the 24th May 1917) from which it will be seen that by the end of the current year, ~~only~~ about 11.94 lakhs of this grant will be available. The Director does not ^{also however} propose to spend any portion of this amount on the Salem College buildings. vide Statement on p. 10 of L.O. no. 687, dated the 24th May 1917. There appears also to be no other source from which the cost can be met.

Proposals for this expenditure have been

I see little probability of over this
2 lakhs being promised much less spent
in the current year. I suggest therefore
that the sum 1.30 000 may be
taken from the 1.44 000 which is the
balance of the amount proposed
to reserve for European schools. Having
in view the restricted resources of European
school managers, the fact that accommodation

defective and is unlikely to need

Home Education Dept.

Out of the ^{nonrecruiting} Imperial grant of 49 lakhs a sum of ~~49 lakhs~~ 5.50 lakhs has been allotted for European education - para. 4 of Govt. of India's letter no 507 C. S., dated the 25th March 1913 on page 3 of G.O. no 650 Ed., dated the 12th July 1913. Of this, about 2.06 lakhs would have been spent by the close of the current year, leaving a balance of 3.44 lakhs. It has been proposed to set apart about 1.50 lakhs of this balance for carrying out repairs and improvements to the Lawrence Memorial school buildings at Ootacamund and to utilize the remaining amount ^(2 lakhs) for the payment of building grants to European schools - please see page 9 of G.O. no 109 dated the 25th January 1917. ~~From the above~~ It will thus be seen that the entire balance of 3.44 lakhs may not be available for the payment of building grants to European schools in general as surmised by the Director in his L.S. note on page 3 supra. It may not be desirable to divert any portion of the small balance of about 2 lakhs available for these European schools. The D.P.O. however doubts whether he can get any applications even for this small amount, if he is treat them according to the rules in the Code of Regulations for European schools.

2. It is also a question for consideration whether notwithstanding the fact that the Govt. of India

amount to a quite different head "non-European

financial may be asked whether the
sum required for the Salem College building
can be provided from the reserve at its
disposal. But before doing so D.P.I. may
perhaps see the file again to note

of that grant 1.50 lakhs is to be

Secretary's D.O.
No.557 B-1,d/10-6-17

I confess that I did not suppose that 1.30 lakhs could be permanently transferred from European to non-European schools but that it could now be used for the Salem College and reallocated at some future time to European school education. The sum I had in view was the 2 lakhs mentioned overleaf which see no immediate prospect of promising to schools under the provisions of the European Code.

2. There is an allotment in the current budget of 1,43,000. This is made up of normal allotment Rs.68,000 and from India's non-recurring grant Rs.75,000. Of this amount I can foresee now possible expenditure of 1.24596. This however includes .75230 for the St. Georges Homes and so far as I know, owing to difficulties about the Nilgiri site this is not likely to be spent this year, so at the end of the year we might have unexpended Rs.93,634. Since I wrote my note of 16th June, however, (Page 3 ante) the question of acquiring Vest's premises for the Christ Church School has come up. For this at least Rs.50,000 may be wanted this year to enable them to complete the purchase so that if the money is not wanted for the St. Georges Homes this year no difficulty will occur. The two-third grant on this scheme ought ultimately to come out of India's non-recurring grant however and that is a reason why money should not be permanently transferred from it to non-Indian schools.

3. The following are the facts about this grant

The Director's proposals are that
 required for the Salem College buildings ^{be specially}
 be provided by Govt. and that for the time be
 the unexpended balance of the ~~disposition~~ ^{drawn in the current year's budget} from
 for European Education may be temporarily drawn
 for the College. As regards the first point
 Financial may be requested to State if the
 agree to provide the necessary funds ~~in the~~
~~next year's budget~~

2. With reference to the second point it
 is observed that the proposal is practicable
 only if ~~there~~ ^{no} demand is received in
 current year in respect of the ~~provision~~
 for the St. George's Homes. If the grant
 the ~~subsidy~~ ^{subsidy} does not become payable in the
 current year, a sum of Rs. 43,634 will
 according to the Director's calculations, be available
 for application in the Salem College and will
 be sufficient for the current year. The
 file relating to the St. George's Homes is in
 the Revenue Department. ~~that department is~~
~~in another connection~~

to state in what stage the matter
 stands at present and whether
 there is any likelihood of the grant
 being required in the current year.

It is submitted that the file may be over this & decision
 is arrived at as regards grants to St. George's
 Homes and the Christ Church school.

I do not see any objection to a temporary transfer of the amount likely to be for Salem for the grant for European & the amount being re-transferred in subsequent years. But we have to find out if any money is available for transfer.

Please put up sharp as soon as information is ready

16/7/17

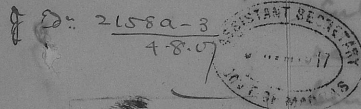

It is understood that the Govt. of Ind (Army Department) have allowed the construction of the St. George's Homes at Kaki to proceed on the understanding that the building ^{should} not be occupied and that the work ^{planned} required for the convalescent camp ^{could} be interfered with. The Committee will then proceed with the construction of the Homes. It is however observed that even if the committee proceed with the work immediately, it is not likely to be completed before the end of the current financial year and that the grant need not be paid in 1917-18. A sum of Rs. 40,000 out of a promised grant of Rs. 1,52,300 has already been paid in advance and any application for further advance need not necessarily be entertained. It has accordingly been assumed in connection with the application for aid towards the acquisition

of buildings for the Christ church school the
the amount earmarked for the St Georges' Home
(Rs. 75,230) will be available for expenditure in
the current year. ^{and assuming that only Rs. 50,000 will be required for the school}
On this supposition ~~and~~ ^{of} Rs. 43,634 or Rs 43,600 in round figures
will be immediately available for expenditure
on the Salem College buildings - please see
para. 2 of office note on page 8 supra. Orders
are solicited whether this amount may be

Funds are available for making
a start with the Salem College building
in the current year. If the construction
is begun, we will have to provide
the balance (Rs. 10,000 - 43,600 or Rs. 33,600)
or major portion of it in the
next year. It is only on the contingency
of funds being available in the next
year to carry on the work, that funds
can be allotted in the current
year for starting with the work.
Though the D.P.I. agrees to the temporary
diversion of ^{expenditure} the grant for European
Education, the actual provision
of funds in the next year depends
upon the ability of Govt. to spare funds.
Perhaps the permission to D.P.I. to
accept liability for building grants
up to 2 lakhs may be taken to

The Salem College included. It is therefore submitted for the Salem College buildings to the Financial dept.

In G.O. 2118 W & 6-11-14, Govt. sanctioned an estimate amounting to 1.30 lakhs for the construction of a new building for the Salem Municipal College. It has also been decided that the entire cost should be borne by Govt. as a special case, the amount being met from the non-recurring Imperial grant of 49 lakhs given by the Govt. of India in 1912-13 for expenditure in succeeding years (G.O. 650 Educl & 12-7-13) - this grant has merged in Provincial balances.

2. Out of the 49 lakhs, a total expenditure of 37.06 lakhs will be incurred up to the end of 1917-18 leaving a balance of ^{about} 11.94 lakhs. In the distribution of 11.94 lakhs

given by the D.P. D. Vide page 10 of G.O. 681 Home (Educn.) 24-5-17 the Salem College is not included. It is therefore submitted that the amount required for the Salem College buildings should be met from Provincial funds.

3. Home (Educn.) ^(page 10 ante) point out that there would be a saving of Rs. 43,600 in the current year's provision of Rs. 1,43,000 under 22-G- Education Grants in - Aid - European Schools, Building grants; and that this sum of Rs. 43,600 may be transferred to 45-P.W.D. for starting the work in question (Salem College).

If so, the balance required for completing the College buildings, viz. Rs. 86,400 will have to be provided in the P.W.D. budgets for future years.

4. The question for orders is whether the work (Salem College buildings) cannot be postponed till after the war. If it is decided that

page 152 CBE

43,600
<u>86,400</u>

it cannot be postponed, the proposal of Home (Educ.) that a sum of Rs. 43,600 may be allotted for the work in the current year may be accepted.

This is a new work. U.K. Tell Home dept. kindly 7-8-17 say whether they regard it as a matter of immediate and imperative necessity before I take C. S.'s order. I might also mention that if Rs. 43,600 is diverted from European schools there is very little prospect of the money being found from reserve if it is required later on for European schools.
