HOME (EDUCATION) DEPARTMENT

G.O. No. 1199, 17th September 1917

Building grant

Sanctioning a — of Rs. 3,450 towards the cost of extensions to the Diamond Jubilee High School at Gobichettipalaiyam, Coimbatore district.

READ—the following papers:—

1

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—the 26th July 1917.

No.—R.C. 2233/17.

I have the honour to submit herewith the plans bearing Nos. 213 (A) and 213 (B) with estimates amounting to Rs. 6,900 for extending the accommodation of the Diamond Jubilee High School, Gobichettipalayam, Coimbatore district, and to recommend that a grant not exceeding one-half of the estimated cost may be sanctioned, to be paid when funds become available.

2. The necessity for the proposed extension is explained in paragraph 5 of the enclosed application.

ENCLOSURE.

Application for aid towards the cost of extending the buildings of the Diamond Jubilee High School at Gobichettipalayam in the district of Coimbatore.

5. *Character of and necessity for the proposed work in detail.*—The school has two blocks of buildings separated by about a furlong, one of which contains classes 1 to 4 and the other forms 1 to 6. In the latter, there is no accommodation for the B Division of the I form which is therefore held in the adjoining public reading room, with special sanction, pending the extension of the buildings. Also, none of the existing rooms is found suitable for drawing work, as they are only 14 feet wide and cannot facilitate circular arrangement of desks.

Of the funds collected, in this locality, for the celebration of the Coronation of His Majesty George V in December 1911, a sum of Rs. 3,000 has been allotted by the subscribers for the erection of a memorial hall for the school by the name of George V Coronation Hall.

It is, therefore, proposed to erect a hall 75 feet by 16 feet to the south of the high school building with a verandah on the northern side and a verandah and two rooms on the southern side. The two extreme walls of the existing building will be also extended to meet the proposed hall. The hall will be terraced so that it may be extended by a storey if further accommodation is wanted. The whole work is estimated to cost roughly Rs. 6,000.

II

Note by the Chief Engineer, Public Works Department, No. 537-D,
dated 12th September 1917.

The Director of Public Instruction submits two plans bearing D.P.I. Nos. 213-A and 213-B and a detailed estimate amounting to Rs. 6,900 for a grant-in-aid towards the cost of extensions to the Diamond Jubilee High School at Gobichettipalayam, Coimbatore district.

II. The plans and the estimate have been scrutinized in the Chief Engineer's office and the sizes of roof timbers altered where necessary. It is observed that the measurements allowed in the estimate for gabled portions of walls are those of a rectangle instead of a triangle. Necessary corrections have now been carried out. Bonding stones for verandah columns and supports for the ridge of dormers in verandahs which are omitted in the estimate have been provided. The total amount of the estimate remains unaffected by these alterations.

III. According to the drawing D.P.I. No. 213-B and the estimate, the spans of roofs over rooms R and H are 15 feet and 16 feet respectively, and it is proposed to construct the walls of rooms R higher than those of H so that the ridges of the two roofs may be in the same level. By this arrangement the eaves would not be in one level. It is therefore recommended that the width of rooms R may be increased from 15 feet to 16 feet, i.e., to the width of the hall H. Teakwood or any other equally good timber applicable to Appendix I of Circular Memorandum No. 116-C, dated 4th January 1913, is recommended to be used for trusses carrying roofs. The additional cost entailed by these alterations may be met out of the provision made in the estimate for unforeseen works.

IV. The positions of windows marked W on D.P.I. No. 213-B may be slightly shifted so that they may not be obstructed by the verandah columns. It would also be an improvement if the ornamental verandah posts were omitted and plain posts or masonry pillars substituted and if the roof were hipped. These suggestions are embodied in C.A. No. 254 of 1917 which is sent for guidance.

V. It is stated on D.P.I. No. 213 (B) that the scale to which the plan is drawn is $\frac{1}{8}$ inch to the foot; but it is observed that the measurements figured on the drawing do not correspond to this scale, and that the actual scale adopted is 1/100 or 1 inch = 8 feet 4 inches. In this connection attention is drawn to paragraph 2 (v) of Circular Memorandum No. 116-C., dated 4th January 1913.

VI. Wood oiling is recommended for roof timbers and trusses instead of tarring as provided for in the estimate; there will be no additional cost on account of this alteration.

VII. The Superintending Engineer should satisfy himself as to the nature of the soil and the suitability of the foundations.

VIII. With these remarks the plans and the estimate as altered in the Chief Engineer's office, the latter amounting to Rs. 6,900, are recommended for approval.

S. B. MURRAY,
Chief Engineer, P.W.D.

Order—No. 1199, Home (Education), dated 17th September 1917.

The Government are pleased to sanction a grant not exceeding one-half of the actual expenditure, nor Rs. 3,450 towards the cost of extensions to the Diamond Jubilee High School, Gobichettipalayam, Coimbatore district, subject to the following conditions:—

(1) that, in carrying out the work, the suggestions of the Chief Engineer in his note, dated the 12th September 1917, are adopted ; and

(2) that all the conditions prescribed in the Grant-in-Aid Code have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.

APPENDIX M.

CHAPTER VIII, RULE 52.

Application for aid towards the cost of extending the buildings

of the Diamond Jubilee High School

School at Gopisetti Palayam in the District

College of Coimbatore

Number and date of the Proceedings or Memorandum recognizing the school under the

Madras Educational Rules No. 4692, 10th May 1900. Temporary
Section No. 5.

Brief history of the institution from the date of its establishment to the date of application tracing its growth and development and furnishing among other things an accurate account of its financial condition.

In the year 1884 there existed in the locality a recognised Lower Secondary School by the name of "The Committee Veera-
pandi Middle School" managed nominally by a Committee but really by one, Mr. Krishna Sastri of Satyamangalam. After his death it was managed by his brother, Mr. Kamath Sastri. The latter having died in 1895, the management passed over to Mr. Krishna Sastri, a member of the Committee and the then Chairman of the Gopisetti Palayam Union.

In the year 1897, some of the Government officials of the place were also taken on the Committee to strengthen the Constitution. The Stationary Sub-Magistrate was made the Honorary Secretary and the Tahsildar, the President. Later on, the latter was made the Vice President, the Head Quarters Deputy Collector having been made the President.

U. P. 1897

In the year 1910, the non-official members contributed Rs. 5000 towards the constitution of a permanent fund for the Institution. Unfortunately,

During recent years the School has been equipped with improved furniture and appliances, the salaries of teachers have been increased and a Provident Fund instituted for them with the aid of more liberal Government Grants.

(2) The names and designations of the persons who form the committee of management should be specified.

The strength of the different classes or forms as it stood on the 31st March of every year for five years preceding the year in which the application is submitted.

	1912	1913	1914	1915	1916	Number of pupils in each class on the date of application.	Number of pupils that can be accommodated in each class room.

NOTE.—If there be any striking variations in the strength as shown above such variations should be accounted for.

The number of pupils that can be accommodated in each class-room has been calculated on the basis of the kind of desks & seats employed, viz, single, dual or ordinary.

Character of and necessity for the proposed work in detail.

The School has two blocks of buildings separated by about a furlong, one of which contains classes 1 to 4 and the other Forms 1 to 6. In the latter, there is no accommodation for the B Division of the I. 7, which is therefore held in the adjoining Public Reading Room, with special sanction, pending the extension of the buildings. Also, none of the existing rooms is found suitable for drawing work, as they are only 14ft wide and cannot facilitate circular arrangement of desks.

Out of the funds collected, in this locality, for the celebration of the coronation of His Majesty George V in December 1911, a sum of Rs 3000 has been allotted by the subscribers for the erection of a Memorial Hall for the School by the name of George V Coronation Hall.

It is, therefore, proposed to erect a Hall 75' by 16' to the south of the High School building with a verandah on the northern side ^{and a verandah & two rooms on the southern side}. The two extreme walls of the existing building will be also extended to meet the proposed Hall. The Hall will be terraced so that it may be extended by a storey if further accommodation is wanted. The whole work is estimated to cost roughly Rs 6000.

(i) Is a sketch plan of the proposed site and building attached?

yes

(ii) Does it show—

(a) The relation of the proposed building or extension to the existing buildings?

yes. The whole of the space shown in the plan belongs to the school except that occupied by the Public Reading Room and the Tennis court attached thereto.

(b) Any alteration in existing buildings necessitated by it?

No alterations will be made in the existing buildings.

(c) The purpose to which the existing buildings are now put?

yes. The class-rooms, the Laboratory and the office-room are all shown in the plan. Classes 1 to 4 are held in a separate building, as explained on Page 5 and are not, therefore, shown in the plan.

(d) The purpose to which they will be put when the new building or extension is complete?

The existing buildings will continue to serve the same purpose as they do now. The extension will accommodate the I & B Division and create facilities for the proper teaching of Drawing. The new Hall will also be used for holding all examinations. The two rooms to be added will be set apart for the masters and the Library.

NOTE.—Any notes that cannot be conveniently inserted in the plan may be given under each of the above headings.

(a) Probable cost of the proposed work

Rs 6000 (Six Thousand)

(b) Whether the management has the necessary funds to complete the work in the event of the application being favourably considered.

yes. A sum of Rs 3000, out of the local collections for the birth centenary celebration of 1911, has been handed over to the management. (vide Page 5.)

(c) Whether the managing body has been registered under the Indian Companies Act of 1882 and if so, whether attested copies of the Memorandum of Association and the Articles of Association are submitted.

No; but the Committee is registered under Act XXI of 1860.

(d) If the aid sought for is towards the cost of site, declaration that it is the cheapest suitable site.

nil.

(e) Declaration that the management is prepared to execute the prescribed deed if required by the Director to do so.

On behalf of the management, I declare that it is prepared to execute the prescribed deed.

(f) If the property is not owned by the correspondent, declaration that the owner or his or her legal representative will execute the deed or will be made a party to the deed.

I declare that the Committee managing the School is prepared to execute the deed.

(g) In the case of mission institutions the name and address in full of the person who holds a power-of-attorney on behalf of the mission to execute the prescribed deed.

nil.

(h) Name, designation and qualification of the person by whom detailed plans and estimates and specifications will be prepared.

M. R. K. J. C. Anantharama Aiyar B. A., B. C. E.
Local Fund Assistant Engineer, Gobichettipalayam.

(i) Whether the title to the property is clear and in order and by whom the title-deeds were examined.

yes. The deeds were examined by M. R. K. J. C. Anantharama Aiyar and P. S. Sivaraja Aiyar, P. O. Kader, Gobichettipalayam.

(j) The latest date on which the management wishes to (i) begin the work and (ii) complete the work.

The work will be begun as soon as a grant is sanctioned and will be completed in one year.

(k) Is the declaration with regard to encumbrance, alienation and the conditions of recognition and aid attached?

yes

(2) Amount of building grants drawn by the institution in previous years with the number and date of the sanction and the purposes for which given. (Particulars should be given for 20 years.)

nil.

(m) If the aid sought is towards the construction of a hostel, declaration that the hostel will be managed according to rules approved by the Director of Public Instruction.

nil.

(n) The treasury at which the grant if sanctioned is to be payable.

Sub Treasury, Gobichettipalayam.

(o) The annual expenditure incurred in the upkeep of the institution and how much of it is met from—

Particulars for five years to be furnished.

Inspecting officer's remarks about accommodation from his inspection reports for the two previous years.

Date of Report - 12th October 1915.

"Accommodation insufficient. A suitable room is required for Form V which is at present housed in the public reading room until 4-0 P.M. A drawing room is a necessity. Under the existing arrangements it is impossible for the whole class in many of the rooms to see the object properly. Further protection against the sun should be made by building verandahs and either doubling the tiles or constructing a ceiling."

Date of Report - 2nd October 1916.

"Accommodation is insufficient, but an extension is contemplated."

Director's review of such remarks.

Review of 6-1-16.

"The Inspector's suggestions in regard to the improvement of accommodation . . . are Commended to the attention of the management."

Review of 1-11-16

"The attention of the management is invited to the suggestions of the Inspector on page 29 of the Report."

Note. Page 29 of the Inspector's Report contains the following: - "More suitable accommodation is required on the part of the management."

DECLARATION with regard to encumbrance, alienation and the conditions of recognition and aid.—“ On behalf of the management of the school, I hereby declare

that the property is unencumbered and that it will not be alienated or encumbered without the consent of Government within twenty years and that the conditions

of recognition and aid laid down in the Madras Educational Rules and in the Grant-in-Aid Code are being, and will continue to be, fully observed, excepting those

rules from which the institution has been specially exempted by the Director's Proceedings, No. _____, dated _____, and that I am prepared to

subject the institution together with its current, endowment and trust accounts, its establishment, time-table and registers to inspection and to furnish such returns as

may be required by the department; and that I shall abide by the provisions of rule 55 of the Grant-in-Aid Code in the event of the building being diverted

prior to the lapse of twenty years after the date of payment of grant, to other than educational purposes approved by Government.”

Inspecting officer's remarks and recommendations.

Station,

Gobichalkottai

Dated 6th March 1917

Correspondent.

Copies distributed on (Press Despatcher).

† To be initialled and dated.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
