GOVERNMENT OF INDIA.
INDIAN MUNITIONS BOARD.

No. E.73.

Dated Simla, the 1st of September 1917.

From

The Secretary,
Indian Munitions Board.

To

The Secretary to the
Government of Madras,
Home (Education) Department, Ootacamund.

Sir,

In continuation of the Munitions Board's letter No.E.73 dated the 22nd August 1917, regarding the relief of Dr. J.L.Simonsen of his duties in this office, I am directed to request that you will place before the Government of Madras the desire of the Munitions Board that Dr. Simonsen should, meantime, continue to act as Chemical Adviser to the Board in addition to his duties as Professor of Chemistry, Presidency College, Madras.

2. Occasionally, questions come before the Board on which the advice of a competent Chemist is necessary. The principal work which would be entrusted, however, to Dr. Simonsen would be to exercise a general supervision over, and advise the Board regarding, a number of researches which have been undertaken on behalf of the Board in collegiate institutions in the various Provinces. This work will not probably interfere with Dr. Simonsen's discharge of his ordinary duties. I am to add that in connection with the meeting at Lahore in January next of the Indian Science Congress, of which Dr. Simonsen is Secretary, it is proposed to hold a special meeting, probably of one day's duration, of the Chemists who are undertaking research work for the Board.

2/

3. The Board regrets that it is not possible at present to indicate the period of time for which Dr. Simonsen's services will be required in the manner described above, but the Board will naturally accommodate its requirements to those of the Madras Government, if it be found that questions referred to Dr. Simonsen interfere with his normal duties.

I have the honour to be,

Sir,

Your most obedient servant,

[Signature]

Secretary,

Indian Munitions Board.
