Sir,

I have the honour to invite a reference to the
correspondence ending with G.O. No. 207 Home, Education,
dated 19th February 1917 and to request that Government
will be pleased to reconsider that order.

I am not able to bring forward any new facts in
support of this request except renewed representations from
inspecting officers. It was refused on the ground that it

is not a matter of imperative necessity. I venture to think
that a perusal of my letter R.C. No. 4894 of 1916, dated
20th September 1916 will have convinced Government that my
proposal is in itself reasonable, erring rather on the side

NOTES.

of moderation. It is merely for a temporary and a partial improvement in a scale of establishment which never ought to have been proposed involving as it does paying two sets of clerks different rates of pay for precisely the same work.

In addition to the reason I gave in my D.O. No. 5, dated 10th January 1917 for considering my proposal as imperatively urgent I would request the favour of special consideration of one of the reasons given in my letter under reference:- that with a view to the exercise of sufficient supervision over the subordinate clerks it is essential that there should be a difference between the pay of the head clerks and those immediately below them.

I have the honour to be,
S i r,

Your most obedient servant,

L. Lione

Director of Public Instruction.
