From (Name) Mr. J. H. Stone, M.A. F.R. H.S. C. 28

(Designation) Director of Public Instruction

To The Secretary to the Government of Madras,

Home (Education) Department.

Sir,

C. No. 1919

Nilgiri District, 20th August 1917. 191

FROM

THE REVEREND W. H. G. PADFIELD, M.A.,

PRINCIPAL AND SECRETARY,

To

The Secretary to Government,

Home (Education) Department.

Through

The Director of Public Instruction,

M a d r a s.

SIR,

I am desired by the Committee to submit copies of recent correspondence regarding the inadequacy of the quarters for sergeants attached to this school, in the hope that Government may be pleased to approve of the action which they have taken.

2. The unsuitability of the quarters for sergeants at this school has been under consideration since 1907- but, owing to the many urgent requirements of the school, was held over till 1915, when it was clear the matter could be no longer delayed. I have the honour to submit the correspondence attached in Annexure A. which shews the urgent need and the proposals made by the Committee to the Military authorities to provide suitable quarters. The Committee at that time had no money to contribute towards the cost, but stated that, if the Rs.10,000/- advanced for the water supply was refunded, they would allocate that sum towards the erection of suitable sergeants' quarters. The Rs.10,000/- abovementioned has been repaid to the school- and the Committee (vide Annexure B) have decided to hand this over to the Assistant Commanding Royal Engineer for the above purpose.

3. The Committee do not think that this should interfere with the vital question of the building of the Preparatory Branch, proposals for which were submitted in letter No.1599 dated 30th July 1917.

The plans &c., for sergeants' quarters are standard plans- it is understood that the Assistant Commanding Royal Engineer has from 3 to 4 lakhs of bricks in hand, which should be sufficient to proceed with the sergeants' quarters and also spend the full allotment (if sanctioned) of the Government of India's contribution of Rs.25,000/- to the school for this year- the work for sergeants' quarters could be proceeded with at the same time as the detailed plans and estimates for the Preparatory Branch were being prepared- and the Committee confidently hope that the money will be refunded not later than March 1918.

4. The Committee therefore trust that their action may meet with the approval and the sanction of the Government.

Annexures.

- A. Correspondence re Sergeants' quarters from February 1916.
- B. Resolution of Committee.
- C. Letter from General Officer Commanding IXth Division, to Director General Military Works.

I have the honour to be,

Sir,

Your most obedient Servant,

W. S. S. S.
Principal and Secretary.

American A.

Copy of letter No.20 M.W.S. Wellington dated 5-2-1916 from the General Officer Commanding , Southern Brigade, to the Commanding Royal Engineer, 9th (Secunderabad) Division, Ootacamund, forwarded to the Principal, Lawrence Memorial School, Lovedale, for information, by Lt.Col.R.E. C.Ainslie, A.C.R.E. Wellington District, in his No.640 dated 5th Feb/ 1916.

I have the honour to submit for orders the following proposals made by the Principal, Lawrence Memorial School, Lovedale, for the better accommodation of the sergeants attached to the school.

2. They are at present accommodated in buildings No.7 and 8 which are entirely unsuitable for the purpose. They were constructed in 1872 and it is believed that they were not built for the present purpose. The floors are rotten throughout, and the doors and windows are very small and inconvenient. The walls are also badly cracked. The worst feature is however the position, in a hollow close to the brickfield, which renders the quarters damp and insanitary. The effect on the health of the occupants is very marked. The outhouses are miserable structures, both in size and condition.

3. The Principal proposes to utilize funds at his disposal for the construction of class D quarters on a better site, but to enable him to build to the required extent some financial assistance is necessary. It is therefore proposed to demolish building No.8 which will give a useful quantity of roofing sheets and trusses, and some of the joinery can be worked up again into reasonable sizes. The old brick work will probably be of little use except for plinth filling.

4. He further proposes that the M.W.S. shall take over No.7 building as quarters for the Sub Overseer in local charge, store rooms and workshops. At Present the M.W.S. have other buildings on loan from the school, but these cannot be spared any longer. It is essential that there should be buildings allotted to the M.W.S. as a great deal of work takes place in connection with the school buildings and there is a large programme of new construction

construction under consideration.

5. The outhouses 8 (a) (b) & (c) would all be demolished, being useless and not worth maintaining. 8 (d) the latrine would be retained for M.W.S. use.

6. The book value of all the buildings is Rs.16,888/-. In the building return they are lumped together under one plinth area rate of Rs.2-14-0 which would be more correctly distributed as follows:-

No. 7	P.A. 2315	S.F. 2-12-0	Rs. 6366-4-0
No. 8	" 2315	" @ 3- 8-0	" 8102-8-0
No. 8(a)	" 45	" @ 2- 0-0	" 90-0-0
No. 8(b)	" 305	" @ 2- 0-0	" 610-0-0
No. 8(c)	" 696	" @ 2- 0-0	" 1392-0-0
No. 8(d)	" 200	" @ 1-10-4 say	" 327-4-0
			<u>16888-0-0</u>

The book value of the buildings proposed for demolition is therefore Rs.10,194-8-0, and for transfer to the M.W.S. Rs.6693-8-0.

As the buildings are 44 years old and in bad condition, it is proposed to pay ~~as~~ one fifth of their book value, say Rs.1,300/- , as a contribution from M.W.S. funds to the school funds for them, and to transfer them in the books to M.W.S. Buildings.

7. The favour^{of} early orders is requested, as the improvement of the accommodation for the school and sergeants is an urgent requirement.

(True Copy)

Lawrence Memorial School,
Lovedale, 2nd August 1917.

W. C. C. C. C.
Principal and Secretary.

Copy of a letter No.15580/1 (m.W.2) dated 8th April 1916, from the Director General of Military Works, to the General Officer, Commanding, 9th (Secunderabad) Division.

I am directed to acknowledge the receipt of your endorsement No.459-M.W.S., dated 15th February 1916 on the subject of the provision of quarters for sergeants attached to the Lawrence Memorial School at Ootacamund.

2. It is stated that buildings Nos 7 & 8 now occupied by the Sergeants are old, insanitary and badly sited. It is therefore proposed to provide new quarters at the expense of the school funds subject to the following conditions.

- (a) That building No.7 be reappropriated as quarters for the Military Works Services Sub Overseer in local charge.
- (b) That building No.8 together with its out-buildings, except building No.8(d) latrines, be demolished and that materials available from these buildings be utilized in constructing the new quarters.
- (c) That a contribution equal to 1/5th of the total value of the two buildings to be retained for the use of the Military Works Services be given to the school.

3. In reply I am to state that as the school buildings are classed as Imperial Military Buildings and are maintained from Military Works funds no claim for a contribution on account of the retention of any building for the use of the Military Works Services can be entertained and the value of materials available from the old buildings to be demolished would under rule be credited to revenue.

4. I am to suggest that if the existing Sergeants' quarters are ^{their} unsuitable for habitation, proposals for ~~their~~ reconstruction should be submitted for consideration. The extent to which a contribution from School funds can be made should at the same time be stated.

Copy of an endorsement No.1086-M.W.S., dated 14th April 1916, from the C.R.E., 9th (Secunderabad) Division, to the General

General Officer Commanding, Southern Brigade

Copy forwarded for favour of compliance with reference to your letter No.20- M.W.S., dated 5th February 1916.

To No.5601 dated 24th October 1916.

The Principal,

Lawrence Memorial School,

Lovedale.

Copy forwarded for information in continuation of this office No.640 dated 5th February 1916.

Will you kindly let me know what contribution can be made from School funds for the purpose?

(sd) J.Parselles
2nd Lt: R.E.,
for A.C.R.E. Wellington Dist:

(True Copy)

Lawrence Memorial School,
Lovedale, 2nd August 1917.

W. A. B. G. G.
Principal and Secretary.

Copy of letter C.No.2908 dated 30th October 1916, from the
Reverend W.H.G.Padfield, M.A., Principal and Secretary, to the
Assistant Commanding Royal Engineer, Wellington District.

With reference to your No.5601 dated 24th October 1916,
I have the honour to state that a copy of the letter under
reference was sent to me by the Commanding Royal Engineer,
IXth Division, in his No.1086 dated 14th April 1916, with a note
from the Commanding Royal Engineer that action is being taken
through the General Officer Commanding, Southern Brigade, on
para 4. I take it therefore that application for rebuilding
these quarters on a new site has been sent to the Director
General of Military Works.

We have at present no money available for works, but it was
proposed, as soon as the Rs.10,000/- applied for from the
Director General of Military Works, for water supply by the
Assistant Commanding Royal Engineer (which the General Officer
Commanding IXth Division has sanctioned to be paid in advance
from ordinarily school funds as a very urgent matter) is repaid
to the school by the Director General, Military Works Services,
that this sum may be utilized for sergeants' quarters.

The need of these quarters is very urgent. The present
quarters, as far as can be ascertained, were designed for native
warders in charge of the Chinese convicts by whom the school was
built, and are totally unsuited for Europeans. They are about
 $\frac{1}{2}$ mile down the slope, in a most unhealthy locality below the
drainage of the Girls' School and immediately beside the brick-
field, from which they get daily the very unpleasant fumes
emitted by the burning kilns; they have been condemned over and
over again on sanitary and every other possible ground. The
appearance of the children of the sergeants living in them is
sufficient alone to condemn them.

The quarters are for 4 sergeants and are in 2 blocks, but
three quarters only are required i.e., for the Gymnastic
Instructor, the Junior Sergeant and the Carpentry Instructor.

The Assistant Commanding Royal Engineer is of opinion that nothing can be done to the present quarters, and that the only thing to do is to rebuild them on a new plan and on a new site.

The Committee have recently been unable to secure a suitable Carpentry Instructor, owing ^{partly} ~~partly~~ to the fact that no British Sergeant cares to leave his Regiment and live in such quarters- and it seems hopeless to expect to get the type of man the school so urgently needs as sergeants unless they are given decent housing accommodation.

I have the honour to request therefore that a reminder may kindly be sent to the Director General, Military Works Services, emphasizing the urgent necessity.

(Sd) W.H.G. Padfield.,
Principal & Secretary.

The extent to which a contribution from school funds can be made should at the same time be stated.

I am,

Sir,

Your obedient servant,

Sd/- R.F.G. Bond,

Lieut-Colonel, R.E.,

for Director General of Military Works.

No.1086 dated 14th April 1916.

To

The Principal,

Lawrence Memorial School,

Lovedale.

Copy forwarded for information.

Action is being taken through G.O.C. Southern Brigade on para 4.

(Sd) E. Ainslie

Lieut-Col.R.E.

Offg.C.R.E. 9th Division.

(True Copy)

Lawrence Memorial School,
Lovedale, 2nd August 1917.

W. Ainslie
Principal and Secretary.

Copy of letter No.9 M.W.S. dated 12th January 1917 from
The General Officer Commanding, Southern Brigade, Wellington to the
C.R.E. 9th Division, Ootacamund.

With reference to para 4 of Director General of Military Works
No.15580/1(E.W.2) dated 8th April 1916 copy received with your
endorsement No.1086-M.W.S., dated 14th April 1916, I have the honour
to submit an estimate amounting to Rs.8,995/- for constructing one
block class D Quarters Semi-detached with outhouses for two sergeants
at Lawrence Memorial School, Lovedale, for favour of disposal.

2. With reference to same para of Director General's letter quoted
above, I am to say that the Principal of the School reports that the
School has no money at present available for works. The School has
already paid Rs.10,000/- for Water Supply. In this connection please
see my Assistant Commanding Royal Engineer's No.5890 dated 6th
November 1916 forwarding copy of the Principal and Secretary, Lawrence
Memorial School, Lovedale, No.2908 dated 30th October 1916. As far as
can be ascertained, there is nothing on record to show the agreement
entered into by my late Assistant Commanding Royal Engineer Lt-Colonel
C.Ainslie and the Principal, as regards the repayment to the School
of the advance of Rs.10,000/- referred to above. There is also nothing
on record in Assistant Commanding Royal Engineer's office of any
letter having been issued to the Director General of Military Works
in this connection.

3. It is therefore requested that the Director General may be
asked for an allotment of Rs.3,000/- during the current financial
year to pay for bricks to that value which have been purchased in
anticipation of the work being sanctioned this year.

Sd.J.W.Abbott.

Copy of letter No.358/7 (M.W.2.) dated 20th June 1917 from
the Commanding Royal Engineer, 9th (Secunderabad) Division to the
Principal and Secretary, Lawrence Memorial School, Lovedale.

With reference to para 2 of your letter No.C-2908 dated 30th October
1916 to the A.C.R.E.Wellington, I have the honour to enquire whether
you are prepared to contribute a sum of Rs.10,000/- towards the
construction of quarters for the three Sergeants at the Lawrence
Memorial School at Lovedale from the grant of Rs.10,500/- sanctioned
in Government of India, Department of Education No.247 dated 17th
March 1917 to cover the cost of the improvements of the water supply
of the school.

2. I would further ask whether the grant sanctioned by the
Government of India has been placed at the disposal of the school
authorities.

TRUE COPY.

Lovedale,

W. C. C. C.
Principal and Secretary.

124
Copy of letter No.1126 dated 25th June 1917 from the Principal and Secretary, Lawrence Memorial School, Lovedale to the Commanding Royal Engineer, 9th (Secunderabad) Division.

With reference to your No.358/7 (M.W.2) dated 20th June 1917, I have the honour to state that the Rs.10,500/- sanctioned by the Government of India for repayment of money spent on water supply has been received and credited to school funds.

2. At ^a ~~the~~ special meeting of the management held at the school on May 3rd, under the presidency of the General Officer Commanding IXth Division, it was resolved that the erection of a kindergarten building - the need for which has been felt increasingly for the last 10 years - was the most urgent necessity. This will, if sanctioned, take every available penny from school funds.

3. The fact is that the needs of the school are so many and so urgent that it is difficult to decide which should come first. New quarters for the sergeants are very urgent, as explained in my letter to the Assistant Commanding Royal Engineer, quoted by you. I may mention further that another death has occurred in these quarters this year also.

4. It was hoped that, as these quarters are for sergeants of British Regiments who may be on the Unattached List, you could kindly represent the urgency of the matter to Military Department, and obtain the necessary funds and sanction direct. Would you kindly let me know if this is possible?

W. C. C. C.
Principal and Secretary.

Copy of letter No.358/9 (M.W.2) dated 4th July 1917 from the
Commanding Royal Engineer, 9th (Secunderabad) Division to the Principal
and Secretary, Lawrence Memorial School, Lovedale.

With reference to your letter No.C.1126 dated 25th June 1917
and in confirmation to our verbal conversation, I have the honour to ~~st~~
state that this matter is now being referred to Government and as the
routine involved is likely to entail some delay, I would suggest that a
sum of Rs.10,000, which I understand is now available be handed over
to this department to enable me to commence work on construction of the
Sergeants' quarters at Lovedale which are very urgently required for the
reasons stated in your above quoted letter.

2. The Director General of Military Works will be informed of this
in submitting the plinth area estimate and asked to obtain sanction to
refund this amount to the School funds later on.

Principal and Secretary.

Amesbury C.

Copy of letter No.358/11 (M.W.2) dated ³⁰26th July 1917 from
The General Officer Commanding, 9th(Secunderabad) Division to The
Director General of Military Works, Army Head Quarters, India, Simla.

With reference to your letter No.15580/1 (M.W.2) dated 8th April 1916
I have the honour to submit herewith for sanction and allotment of
funds a plinth area estimate amounting to Rs.15,349/- for constructing
three Sergeants quarters at the Lawrence Memorial School, Lovedale,
Ootacamund.

2. The present quarters were designed for Indian warders in charge
of Chinese convicts and are totally unsuited for Europeans. They are
half a mile down the slope in a most unhealthy locality, below the
drainage of the Girls' School, and the distance away causes much
inconvenience for the Sergeants on night duty during monsoons. They
have also been condemned on sanitary grounds as totally unsuitable
for Europeans. It is therefore proposed to build new quarters on a
new site.

3. One of the existing quarters i.e., block No.8 will be demolish-
ed and all useful materials will be utilized on the construction of
new double quarters and the other quarter No.7 will be reappropriated
as quarters for the Military Works Sub-Overseer in local charge.

4. The school authorities have expressed their inability to pay
any contribution from school funds towards the construction of the
Sergeants quarters as all available school funds will be required
for proposed erection of a kindergarten building the need for which
has been felt for a long time.

In view of the urgency for the Sergeants quarters they have
however agreed to advance a sum of Rs.10,000/- in order that the
work may be immediately started on the understanding that this
amount will be refunded to them when an allotment is made for the
work. I accordingly recommend this for very early sanction and to
your approval to the work being carried out as contribution work.

get - Construction of
Sergeants' quarters, L.M.
host, Dotacamund.

[C.R. 10320] From the S.P.D, R.O.C No 6986/17 d. the 17.9.17

The Committee of the Lawrence Memorial school, Dotacamund, has consented to make an advance of Rs 10,000 from the school funds to the Military Dept. so as to enable the latter to begin immediately the construction of the three Sergeants' quarters attached to the school; the Military Dept. has undertaken to refund the money to the school not later than March 1918. The Committee requests that its action may be approved.

2. The construction of the Sergeant's quarters was not regarded urgent till now. In para. 11 of letter to the Govt. of India No. 497 d. the 8.5.16 they were merely mentioned as requiring improvement in the ordinary course. There is, however, no doubt, as to the necessity for the improvements proposed sooner or later. Now that the Military Dept. is prepared to undertake the construction of the buildings from its own funds, submitted that the Govt. need not object to the payment of the advance asked for.

3. A draft order is submitted for approval
