With reference to G. O. No. 1122 M. Mis dated 2nd July

last, I have the honor to state that the Council is unable to
finance the Girls' school scheme. At present, the Council main-
-tains four elementary schools. The subsidy received from
Government during the past year for the maintenance of these
schools was only Rs. 437/, whereas the cost to the Municipality
was Rs. 3082-11-10 excluding cost of the repairs to the school
buildings. Besides this, the Council has been directed to pro-
-vide an allotment of Rs. 4000/ from its general fund for the

construction of the new Hospital. In these circumstances,
the Council beg to request that the Government will be
pleased to sanction an allotment from the Educational Grant
for the construction of the building - As reported in my
letter No. 1623 dated 16th May last, the building is
estimated to cost Rs. 1800/-. The amount available on
account of unspent balance of Educational Grant is Rs. 706/-.
An application for the additional amount required is en-
closed as also a copy of the Council's resolution No. 5
dated 30th July last.

I have the honor to be,

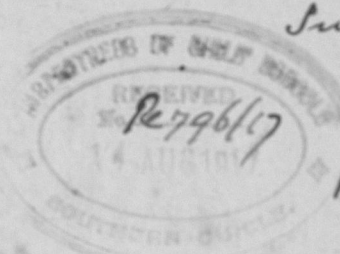

Sir,

Cochin, at a meeting held on the 30th July 1917 at 5-30 P. M.

Resolution No. 5

Read G. O. No. 1122 M. Mis dated 2-7-17 allowing the Cochin Municipal Council to divert balances under educational grants for the construction of a Girls' school and informing that no portion of the sanitary grant balance can be allowed to be utilized for that purpose.

Resolved that the Government be informed that the Council is not in a position to finance the Girls' school scheme and that Government be requested to sanction the balance amount required from the special grant.

CNo. 2903 A from the C. M. C, Cochen, no 2588 of 4.8.17

[Subject - Application for a grant of Rs. 1,094 towards the construction of a building for a girls school.]

The lump provision of one lakh made in the current year's budget estimate has almost been distributed, leaving a balance of only Rs. 128. It does not therefore ^{seem} possible to comply with the Municipal Council's request for a grant of Rs. 1,094.

2. The reasons alleged by the Council in support of its application for grant are that ~~the~~ it is already spending a large amount on the maintenance of schools and that it has been directed to provide an allotment of Rs. 4,000 from its funds for the construction of the new hospital building. With reference to the first argument, it is observed that the percentage of ~~total~~ ^{only} expenditure on education to the total ordinary income was 9.0 and 9.2 in 1915-16 and 1916-17 respectively against the general average for all municipalities in 1915-16. ~~This~~ ^{and} ~~percentage~~ is not high. As regards the second argument, it may be noted that the construction of the new hospital building ^{at a cost of Rs. 74,000} was sanctioned only in January and that a grant of Rs. 4,000 and a loan of Rs. 30,000 have been sanctioned from Provincial funds - fo no 8046 dated the 19th January 1917 and that these have

(T)

amount will be sufficient for expenditure during the current year. The contribution of Rs. 4,000 from the municipal funds will not therefore be required in the current year. From the Statement XI on p. 6 of notes to G.O. no. 1309 M., dated the 4th August 1917 it is observed that the financial position of the municipality is also good. It may not therefore be difficult for the Council to find the small amount of Rs. 1,094 required for the school building. Perhaps L & M may be asked to ~~advise the Council~~ ^{advise} examine whether the amount could not be met from municipal funds and if so, ~~advise the Council~~ ^{advise} accordingly.

3 If such an examination is considered unnecessary, an order may perhaps issue in this behalf, in terms similar to those of G.O. no. 117 of the 30-8-17.

24/9/17

We have no funds to pay the grant from. We may tell the Council so with the concurrence of G.O. no.
