G. cur. No. 93

Station Madras, Dated the 19th January 1917.From (Name) C.A. Innes, Esq., I.C.S.,(Designation) Director of Industries.

To The Secretary to the Government of Madras,

Home Department.
(Education)

Sir,

I have the honour to enquire whether the Quarterly
(K) reports of the Dyeing Expert prescribed by G.O. No. 112
Education dated 9th February 1912 are still required by
Government. The Dyeing Expert at present has little work
in connection with dyeing, and I doubt if any useful purpose
is served by his continuing to submit quarterly reports.

I have the honour to be,

Sir,

Your most obedient servant,

Calmes

Director of Industries.

OFFICE NOTE.

3

SUBJECT. Quarterly reports of the Dyeing Expert.

From the officer in charge of the Department of Industries, Gen No 938/19.

Register No. 261.

Shortly after Dr. Marsden was appointed as Dyeing Expert the Govt., after obtaining a report from him on the position of the dyeing industry in this Presidency, directed that he should study the existing methods of dyeing in this country with the aid of a temporary laboratory at Madras. ~~That~~ Dr. Marsden was asked to submit brief quarterly reports of the work which he was carrying on in order that the Govt. might be kept informed of the progress made & the developments likely to become practical. ^(K) Please see No. 112/25, dated the 9th Feb 1925. In accordance with this order he has been submitting quarterly reports. Owing to paucity of

alizarine + aniline dyes he has during the last year had very little work in connection with dyeing. For some time he was in charge of the paper-pulp experiment at Punalur. Owing to certain defects in the mill these experiments have had to be ~~ceased~~ discontinued. Subsequently he has been put in charge of the pencil factory at Madras. It is understood that he is also assisting Mr. Jones generally. At ~~the~~ he has at present little work in connection with dyeing, Mr. Jones enquires whether any useful purpose will be served by his continuing to send quarterly reports. It is for orders whether the reports may be discontinued when the tinctorial laboratory at Madras, which is under construction, is ready, Dr. Harbin will open these classes in dyeing.
