Sir,

V

I am directed to refer to your letter no. 962, dated the 23rd July 1917, recommending the grant of a personal allowance of Rs. 150/- a month to Mr. W.H. James, Principal of the College of Engineering, Madras, with effect from the 1st October 1917.

2. The Government of India have carefully examined the considerations which have been urged in favour of the proposal and have come to the conclusion that they are not sufficient for its justification. As the Government of Madras are aware, the Secretary of State has declined, pending the consideration of the Public Services Commission's recommendations, to countenance the principle of granting personal allowances to the principals of all important Government colleges in India. Besides, Mr. James' position in this respect is not unique, and there are several other principals of Government colleges in India who do not receive such compensation and whose emoluments are not higher than those of Mr. James. Finally I am to point out that as the sum of Rs. 6,000, to which allusion is made in the last sentence of your letter, was allotted for the purpose of providing immediate relief to members of the Indian Educational Service, Mr. James is not eligible to draw an allowance out of the balance of that sum which remains unutilised.

3. In these circumstances the Government of India
