Madras,

5th October, 1914.

From

Subadar Shaik Madina Sahib,

Hon. Secretary, Anjumin-Sayed, Military Pensioners' Line,
WASHERMANPETT.

To

The Secretary,
Educational Department,
Government of Madras.

Honoured Sir,

I venture to submit the following for your kind consideration and favourable disposal.

For the last three years I have been trying my level best by means of correspondence with the authorities for the establishment of a combined Muhammadan Elementary School at Military Pensioners' Line, Washermanpet, for the benefit of the children of the poor and half starving military pensioners in the neighbourhood of the locality of the above-mentioned place.

1. My first petition was submitted on the 20th of December, 1911, that year and month being glorious in the annals of the Indian Empire, when our beloved King-Emperor was crowned at Delhi to the unlimited feeling of joy and happiness exhibited in myriad of ways by all sections of the Indian community, not the less being the enthusiastic part played by the student population, both rich and poor, who entertained all hopes of help from the Government for the furtherance of education and all the attendant happiness resulting therefrom. The replies that I received, time after time, to my correspondence, show clearly that such hopes by the students were not entertained in vain, and I had all confidence in achieving success in my undertaking for the cause of the poor children.

2. But though my purpose has not been entirely defeated, my hopes have been held in suspense, with all promise for a favourable consideration. As you will see from the enclosed copies of correspondence, the last ray of hope given to me was on the 26th of March, 1913. Ever since

1.149 CF
PR

I have been patiently waiting for days together for the final order, and every day I see that only disappointment stares me in the face. And my only hope is from you, who I am sure, will look to the justice of my cause, and will not turn a deaf ear to an appeal made on behalf of charity and benevolence.

A. G. F.

4 For your information I herewith submit the originals of the whole correspondence that took place between myself and the authorities, in this connection.

5. From the "New India" of the 16th ulto. I understand that thousands and thousands of Rupees have been generously sanctioned by the Government of Madras for the elementary education of the poor, while the cause that I hold up has been entirely forgotten or given no consideration whatever after the 26th of March 1913.

6. Let me close with an appeal to your mercy and with fervent prayer that, this, my petition, may at your hands meet with the prompt justice it deserves for which act of kindness I shall ever be indebted and grateful to you.

I beg to remain,

Honoured Sir,

Your most obedient servant,

Honored Sir,

On behalf of the Anjuman-i-Sayid of Military Pensioners, Pensioners Lines, Washermanpetta, Madras, I respectfully beg to bring the following few lines to your notice for your kind consideration and favourable support.

In the " Madras Times " dated 24th. Feby. 1913 is published the Government of India Resolution on Education in which it is stated :-

" Local Governments have been requested to extend the principle of free elementary education amongst the poorer and more backward sections of the people."

I beg to submit that the Military Pensioners who receive from the Government monthly pensions ranging from Rupees Four to Rupees Seventy, come under the above description, because the Military Employees who have loyally devoted their lives to the British Throne consisting as they do of all classes of race and creed are the really backward classes deserving the full benefit of the free gift in the matter of education granted to the backward classes and especially this section of our community suffer most and experience -

great

great difficulty to educate their children .

With reference to our correspondence on the subject of a building for a combined Mohammedan Elementary School, Washermanpettah, I beg to submit that if a building is constructed on the site mentioned by me as per my letter No.38 dated 6th. February 1913 as early as possible , there will be every encouragement for the poor people of the under-mentioned localities viz.,

|---------------------|----------------------|
| 1. Barracks, | 6. New Police Lines |
| 2. Konditope. | 7. Lalla Gunta. |
| 3. Salt Lines. | 8. Kaka Tope |
| 4. Khathbada | 9. Cemetery Road |
| 5. Pensioners Lines | & 10. Muttai Garden. |

The above localities contain a population of about 2500 poor and the site selected for the School is at an average distance of 2 Furlongs from the abovementioned localities.

I further beg to submit that if the building is constructed as above suggested it will be the first Combined Elementary School (for the Civil and Military Poor and - Orphans) in the whole Madras Town.

I therefore pray you will be good enough to recommend and support our object as early as possible.

I have the honour to be,

Sir,

In continuation of my letter R.C. No. 134/12, dated 8-6-17, I have the honour to submit herewith, for the administrative approval of Government, an estimate amounting to Rs. 24,400/- for the acquisition of a site and the construction of a building thereon for the Government Muhammadan Elementary School, Washermanpet.

2. The site has been approved by the site committee. It is a portion of R.S. No. 1/34/2 of Tondiarpet and is valued at Rs. 5086-10-3 inclusive of the 15% compensation allowance. The owner of the site has no objection to part with it- Vide copy of letter from the Collector of Madras D. Dis. No. 954/17, dated 18-6-1917 herewith submitted.

P.T.O.

3. The strength of the school is about 60 at present, but the Sub-assistant Inspector of Schools, Madras Muhammadan Range reports that it will exceed 100 if steps be taken to amalgamate one of the two indigenous schools in the locality with the Government School. Although no carpentary class is attached to the school, yet provision has been made in the estimate for the construction of a Manual Training shed, in as much as all the Corporation Elementary Schools, the Government Muhammadan Elementary school, Mirsahibpet, and the Government Madarasa-i-azam have carpentary classes attached to them and as the parents of the pupils of the Washermanpet school will naturally expect that some such craft would be taught to their children also. The size of the building now proposed is that of the Corporation Schools and I have little doubt that it will in a short time be fully utilized.

4. The total cost of the scheme which is Rs. 24,400/- is due to a considerable extent to the site now proposed to be acquired- the Government land in the vicinity of the Mosque which is referred to in G.O. No. 478 Education, dated 31-5-12, and which I still consider suitable, having been condemned by the site committee. I personally inspected the Government land referred to above, and I am of opinion that it is suitable for the proposed school.

SUBJECT. Provision of a site for the Gook Muhammadan elementary School, Washermanpet.

the question of providing the Muhammadan elementary school, Washermanpet, ^{with a building} first originated in 1911. In 1912, the Gook promised a piece of their land for the purpose. That this site was subsequently declared unsuitable for the purposes of the school by the site committee was reported to Gook by the D.P.D. in March 1913. He then added that steps were being taken to select a more suitable site. ~~As appreciable progress has been made since then~~ ^{progress has been made since then} ~~the progress has been slow owing to the disagreement between the sanitary authorities and the Ajumia. In the circumstances the matter was allowed to lie over, as proposed by the D.P.D. or whether, in view of the delay which has already occurred, the Director may be asked to expedite the proposals for the new site. In the estimate submitted by the D.P.D. the site is valued at Rs 5,100 and the building costs Rs 19,600. The director says that the great cost of the scheme is to a considerable extent due to the site ~~Committee having~~ ~~selected~~ now proposed to be acquired, the govt land in the vicinity of the mosque which he ^{still considering} ~~says to~~ suitable for the proposed school having been condemned by the Site Committee. It is for consideration whether the Site Selected by the Site Committee may be approved.

The estimated Cost of the building Rs 19,600 appears a little too high for an elementary school. The strength of the school is only 66. Please see the notes to go 44 & 27-3-17. It is for consideration whether the D.P.I. may be requested to state whether a building similar to that of the Govt. Muhammadan Elementary School at Mersahibpet which was constructed at a cost of Rs 5,157 will not be sufficient for the washermanpet school.

If however it is decided to accord the administrative approval to the estimate the file may it is submitted be ~~sent~~ ^{transferred} to P.W.D. for necessary action.

The present design shows that of the monumental model elementary school. The D.P. states that a building
similar to that of the Gook Muhammadan
Elementary School at Miersahibpet would
be sufficient for the Gook school at
Washmanpet also. The proposal to
construct a new building originated
out of the idea to amalgamate the
Anguman and the Gook Elementary
schools. ^{The Anguman is now unwilling to proceed with the original} owing to the condemnation by the
Rte. Committee of the site near the Mosque
just selected and the selection of another
site in the Cemetery Road. The Gook

Elementary school is now held in a rented building and there appears to be no urgent need to construct a building for this school alone. In the circumstances it is for consideration whether the papers may be recorded. If the Anjuman desires to construct a new building for its school, it can apply for such grant as is admissible for the purpose under the grant-in-aid code.

So far as the Gosh school is concerned, the cheaper design will do. But I see there are in all 13 Gosh madrasah schools without buildings & I should certainly leave it to the Director to propose the order of building.

2. So far as the Anjuman school is concerned, it is only a mosque school. We have promised to give it land. It will be a pity if we go back. We have got land free; condemned as insanitary by a site committee but acceptable to the Anjuman. Perhaps we can alienate a bit of land, provided such alienation is not objectionable.

that we have promised

to the mosque (Muhammedan Community)
As it is a mosque school we cannot give
any grants but the Ayun should raise
the money by public subscription

ORDER.

Mis.

No. 1310, dated 24-10-1917.

The Director of Public Instruction submits an estimate amounting to Rs. 24,400 for the construction of ~~the~~ building for the Govt. Muhammadan Elementary School, Washermanpet. The ~~management~~ management of the Anjuman-i-Sayed of Military Pensioners, is unwilling to proceed with the scheme for the amalgamation of its school with the Govt. Muhammadan Elementary School, Washermanpet, if a new building for the combined school is ~~not~~ constructed on the site selected on the Cemetery road. In the circumstances, the proposal to construct a building of the size of the Corporation Model Elementary School will be dropped.

2. The D.P.I. may, however, submit proposals, if necessary, for the construction of a smaller building to accommodate the

pupils attending the Govt. Muhammadan Elementary School, Washermanpet, after considering the relative needs of other Muhammadan Elementary schools in the City which are also held in rented buildings.

3. The Director is requested to ascertain and report whether the ~~management~~ management of the Anjuman-i-Sayed of Military pensioners desires to construct a building for its school on a portion of the land near the mosque owned by Government and if so, whether he would recommend the alienation of the site ~~to~~ the ~~management~~ on the conditions laid down in clause 12 of B.S.O. 24.
