requires of Council. In preparing the Estimate
 no provision was made for the construction of
 a latrine. Further such a building costing Rs 1000
 10720-0-0 is left unenclosed. Since these
 two improvements are quite indispensable, the
 Municipal Council, Palani has, at its meeting held,
 sanctioned the same. As the Municipal Council
 is not able to lay aside the sum required for
 this purpose from its general resources and
 as these improvements could not be done piece-
 meal, I have therefore the honor to request that

you will be good enough to move Government
 to sanction a grant of Rs 1145-0-0 required
 for the same as a special case.

2. The necessary Estimates relating to the
 improvements to be carried out and a copy of
 the resolution of the Council are enclosed.

Resubmitted to Government with reference to endorsement No.

2587 A-1, dated 13-8-1917.

2. The Municipal Hindu Elementary school, Palni, has been a very expensive school to build and, I think, the Municipality might now complete it at their own expense. If, however, Government consider this impossible, the additional grant of Rs. 1145 applied for by the council may be paid from the provision of Rs. 22,02,200 under "22. E Education Payments on support of Municipal and Local Board schools" in the current years budget.

CNo. 2587A from the C.M.C. Palni, no. 1338/12.7.17
2837A " D.D. I, no 6852 of 7.9.17

[Subject - Application of the Municipal Council of Palni for an additional grant of Rs. 1145 towards the construction of a building for the Hindu elementary school.]

As pointed out by the D.P.S. the ~~total~~ cost of the building including the cost of acquisition of land has till now amounted to Rs. 16664 and a Principal subsidy of Rs. 16,682 has been sanctioned for this object. It seems therefore reasonable that the Municipal Council should try to bear at least the cost of the improvements now proposed (Rs. 1145) from its own funds. It is accordingly submitted that the L.M. Department may, in the first instance, be requested to examine whether this amount could not be found from the municipal revenues.

para 16 m/p 2 of go $\frac{1362m}{11.2.17}$ (A)
para 4 of go $\frac{343m}{23.2.17}$ (R)

The year 1915-16 closed with a small balance of Rs 494 and the year 1916-17 has closed with a balance of Rs ^{1,830 (under general funds.)} ~~1,830~~. The budget for 1917-18 ~~was~~ was expected to close with a balance of Rs 2220 or only 6.8 per cent of the estimated ordinary receipts, but as revised with reference to the actual opening balance, the budget balance will be Rs 3769. This figure can only be considered as very approximate and it is likely that, considering the past, the actual closing balance for the current year will ~~also~~ be much less. Further, the Palni Municipality is a small municipality with slender resources, the average income per annum being only about Rs 30,000, and as such it ^{appears that it} can only ill afford to meet all at once an expenditure of Rs 1145 on the ^{proposed additions to} ~~construction of~~ the school building, making ^{at the same time} provision for other unforeseen contingencies ^{that may arise} during the course of the year. In these circumstances the municipality meeting the Rs 1145 required to complete the school building from its own funds seems to be out of the question.

Submitted that the Home (Education) Department may be informed accordingly.

I agree

22.9.17

It is now proposed to make a further subsidy of Rs. 1145 for the following improvements for school.

If it is decided to sanction the additional subsidy applied for, the draft below is for approval. It may be sent (w) to Financial for acceptance.

Alatni is an absolute necessity. The other improvements ^(considerable) are considered indispensable by the Council, the D.P. Officer & the Collector. The Council cannot ~~afford~~ provide the funds needed for them. A grant may be sanctioned from the source pointed out by the D.P.O.

Financial (w)
 Financial dept.
 24/10/17

Hindu Elementary School building, Palni: — the actual cost of the building including land is Rs. 16,664 and grants aggregating Rs. 16,682 have been given by Govt - vide Home dept. note on page 1 ante. There is thus a small balance of Rs. 18 in favour of the municipal Council.

7211
FINANCIAL
Recd 2-11-17

It is now proposed to sanction a further subsidy of Rs. 1145 for the following improvements for the school building:-

	Rs.
(1) Compound wall.	830
(2) Gate etc..	100
(3) Culvert	130
(4) Latrine	85
	<u>1145</u>

2. The Collector of Madura in his Endt dated 24-7-17 (page 30.7) remarks:- "I consider both improvements necessary especially as the neighbouring backyards are kept in an extremely insanitary condition".

The D.P.D. has remarked:- (page 5 CF)
"The Municipal High Hindu Elementary School, Palni, has been a very expensive school to build and, I think, the Municipality might now complete it at their own expense".

L. & M. have noted that the municipality cannot meet the charge from its funds. (page 2 ante)

3 For orders whether the full grant of Rs. 1,145 should be given or whether it will not suffice to sanction a grant of Rs. 300

in round figures for items (2) to (4), the municipality being left to provide for item (1) later on, when its financial condition improves.

But I venture to think that financial should advise against this further grant. The cost of a steel necessity is only Rs 215 and the municipality ought to be able to find this sum. The walla gali can wait till the municipality is able to find another Rs 900. Govt has spent Rs 16,600 on this building and it certainly does not seem too much to ask the municipality to pay down about Rs 1100.

CS
