No. *2/489*

Re

Bombay, 1st October, 1917.

From

TOM S. DAWSON, Esq., M.I. MECH. E., J.P.,
PRINCIPAL.

To

The Director of Industries,
Madras.

Sir,

I have the honour to enclose herewith application for -
scholarship from V. Venkataraman, ^{an} a student of this Institute in the
Electrical Engineering section and to state that his conduct, charac-
ter and progress have given satisfaction since he joined the Institu-
te in June of this year.

I have the honour to be,

Sir,

Your most obedient servant,

Tom S. Dawson

Principal.

enclo

From V. Venkatramanan

Student Victoria Technical Institution,
Bombay,

To,

The Secretary to Government of Madras
Home Department (Educational)
Madras.

Through The Director of Industries,
Madras

Through the Principal,
Victoria Technical Institution,
Bombay.

Sir,

I respectfully beg to apply for one of the scholarships which the Government are giving to Madrassese students seeking technical education in the Victoria Technical Institution, Bombay.

I am the son of Mr. S. Venkanna Rao who is the sub-magistrate of Mettupalayam. I have passed the School Final Examination and undergone the Intermediate course. Of the candidates who sat for the Entrance Examination, held in June last for admission into the Victoria Technical Institute, I came out creditably and was selected. My character and application to study since joining this Institution, the Principal of the Institute will be able to testify to. I am undergoing training in Electrical Engineering in this Institute. My family is not rich and the bestowal of a scholarship will be a great boon and will help me towards progress in the line I have chosen.

I beg to remain,

Sir,

Your most obedient servant,

V. Venkataramanan.

Dated 28th September 1917.

(E)

(C)

2. The applicant is not eligible for a scholarship tenable at the Victoria Technical Institute, Bombay under the Scholarship Notification (Vide G.O. No. 1324/9-12-1946) as he has not passed the Intermediate Examination, the minimum general educational qualifications prescribed. Government in their Memorandum No. 3259 Ed/5-11-14 stated that they were not prepared to consider the question of lowering the minimum general educational qualifications prescribed viz the Intermediate Examination. In their order No. 585/2-6-15 Government however sanctioned scholarships to T.S. Ramayya and K. Narayana Swami who had not passed that examination.

3. The applicant first applied for a Scholarship in Sanitary Engineering and Plumbing or, as an alternative course, in Technical and Applied Chemistry, and his application was received in this office only on 25-5-17. He was accordingly informed that selections had already been made. After joining the Victoria Technical Institute, Bombay he again applied for a scholarship in August last, and he was informed that he was ineligible for one as he did not fulfil the conditions in regard to the general educational qualifications.

4. A further point to be considered is that the three scholarships proposed to be awarded at the Victoria Technical Institute, Bombay are intended for the study of subjects other than Mechanical Engineering and Electrical Engineering for which subjects provision has been made at the Civil Engineering College, Madras.

Chinnies.

Director of Industries.

Home (Edu) Dept

1-30/ [CNo. 3169A] from the D. I. Rec. 1362 of 19-10-17

Subject - Scholarship for V. Venkataraman

The Officer in Charge of the Dept of Industries submit an application from V. Venkataraman now, a student in the Electrical Engineering Section of the Victoria Jubilee Technical Institute of Bombay, for a Govt. Scholarship. Of the three scholarships tenable in the Institute, one is still unawarded, but since the institution in the College of Engineering, Madras, of special scholarships for the study of mechanical and electrical engineering, no scholarships are to be awarded for a course in either of the two subjects in the Victoria Technical Institute. Recently, however, an exception was made in the case of R. Sundararajan, who had already joined the Institute to undergo a course in electrical engineering. But the present case is slightly different from that of Sundararajan. Sundararajan has passed the Intermediate examination while Venkataraman is only a S.D.C. holder and is not eligible for a scholarship.

p. 2/1

under the Scholarship Notification
No. 1324 of 2-12-16.

2. Attention is solicited to para 5
of the office note on p 4 of note to G.O. 102
of 1-9-14 from which it would appear
that the object of preferring at least
a pass in the Intermediate Examination
~~seems~~ is to avoid the further entrance
examination to be held by the Institute
which involves the risk of rejection. But
in the case of Venkataramanan the
is ~~hardly any risk~~ to take at all since
he has already got admission to the
Institute. Attention is also invited
to His Excellency's note on p. 2 of note to
G.O. 585 of 2-6-15. The main question
for consideration in the award of a scholarship
is whether the Candidate is likely to profit
by the course of instruction in the subject.
The applicant has already committed
himself to the course and having joined
the Institute may be expected to be
earnest in the matter of completing the
~~course~~ ~~course~~ ~~course~~ his progress since he
joined the Institute is also reported to be
satisfactory.

3. It is for consideration whether in these
circumstances the one available scholarship

May be ~~given~~ awarded to Venkaramana
for instances in which the rule regarding
the minimum educational qualification
has been relaxed please see G.O's No 585
of 2-6-15 and No 302 of 21-3-16. ^{as per}
^{I do not definitely recommend the award of a scholarship.}
Subject to orders the drafts below are
for approval.

23.10.17
11/11
25/10/17

As pointed out above, the object
of prescribing a pass in the Intermediate
Examination is to ensure the
admission of the Candidate into the
Institute & to avoid his undergoing the
entrance examination. The present
applicant has undergone the latter & the
Principal's certificate on p. 1 of c.p. goes
clearly to prove his capacity to benefit
by the Course of instruction in the Institute.
The objection on the score of want of a
pass in the Inter: Ex: need not therefore
weigh against the applicant.

His having got admitted already
need not also operate against him.
We have considered favourably
similar cases before. Further the
applicant has been applying for
the Scholarship even before he got
admitted.

The last objection, that the subject

chosen for study in Electrical Engineering,
is the only one for consideration. It has
to be taken into account that the
applicant has already taken up
the course, that in previous cases also
we have got over the similar objection
& that the scholarships ~~intended~~ in-
-tended in the local Engineering College
will not be ~~applicable~~ available
for candidates like the applicant
as they are for 'higher' Electrical Engin.
Another consideration may perhaps
be that the applicant is the son
of a Govt. servant in this Presidency.
