Ref on Cur. No. 9962 of 1916.

Station Madras, Dated the 8th December 1916.

From (Name) Hon'ble Mr. J. H. Stone, M. A. F. R. H. S. C. I. E.

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

Home Department.
(Education)

Sir,

In submitting herewith copy of a letter from the
Principal, Madras College for Women, Cur. No. 305, dated 5th Decem-
ber 1916, I have the honour to state that I consider the pro-
vision of a new block similar to the existing northern one as
imperatively urgent. The cost of constructing the existing
northern block was Rs. 70,000 exclusive of the bonus to the
contractor. Considering the increase in the price of mate-
rials due to the war the cost of the proposed new block may
be roughly estimated at Rs. 80,000. I am communicating with
the Public Works Department for the preparation of the neces-
sary plans and estimates and I shall submit them to Govern-
ment on receipt. In the meanwhile, I request that financial

The cost of the block
as per estimate is Rs.
85,584 including
kitchen and room
etc & excluding
cost of site
by 14/12
SNP

arrangements may be made with a view to the completion of the block by July next at the latest as otherwise it will be practically impossible to accommodate the students who may be expected to join the college next year.

I have the honour to be,

S i r,

Your most obedient servant.

G. S. Srinivasan

for Director of Public Instruction

8.11.16.

ssr.

From the Principal, Madras College for Women, C.No.305 of 1916 dated 5th December 1916.

I have the honour to bring to your notice the pressing need of a new building for this college, both from the point of view of residence and tuition.

Residence. There are at present 56 students of the college residing in the Hostel, 7 students of other Government colleges, 5 members of the staff and ~~House-keeper~~ in all 69 persons.

of these 9 students and 1 member of the college staff ~~reside~~ reside outside the college in the Military Bungalow on Edward Elliotts Road, and 12 students reside in ground -- floor rooms of the old south building, a situation of which I do not approve. Thus at the present moment there are 21 students and one member of the staff who have not desirable accommodation.

39 new students joined the hostel in July of this year. I think we may expect a similar number next year, together with another member of the staff.

Thus we have the following situation.

Existing desirable accommodation.	staff. 4.	students. 42.
Desirable accommodation required at present. - do 1	"	21.
Extra accommodation required next year. - do 1	"	39.
T o t a l. Staff 2		Students 60
Deduct probable withdrawals.		10
		50

Thus even if another building similar to the present north building were constructed by July 1917, accommodating 32 students and 2 members of the staff, I should still have to use the Military Bungalow and the ground floor accommodation.

Tuition. The University commission appointed in connection with the affiliation of the college has stated the necessity of more class rooms, both for the future senior B.A. class and for the better accommodation of the Intermediate language classes.

NOTES.

-2-

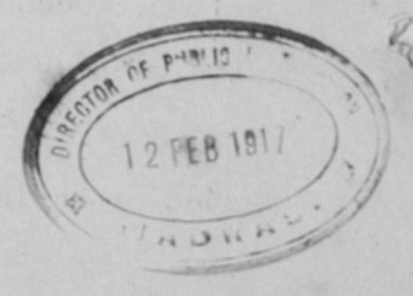

4/ Thus the addition of a building at least as large as the present North building is a bare necessity, both from the point of view of residence and of tuition, and it is an exceedingly pressing necessity. The present North building has proved itself to be successful on the whole, and a building of the same description with a few modifications would meet the present pressing need.

5/ I beg your immediate and careful consideration of this letter.

(True Copy)

C. W. Thompson

8.4.11.16 for Director of Public Instruction.

Home (Ed) Depd

Construction of a new block in the college for Women at a cost of Rs 80,000.

[C 4550] From the Dir. of Pub. Works, P.W. No. 9962, dated the 8th Dec. 1916.

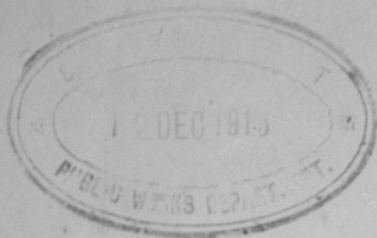

For Regr.

The proposal of the D.P.W. to construct a new block in the college for Women ^(immediate) may be accepted in this dept.

2. The D.P.W. wants a provision of Rs. 80,000 towards the above purpose, but has not specified the amount that is likely to be spent during the current year. Perhaps the P.W.D. may be able to say how much of this sum will be spent during the current year and what amount will be ^{required} ~~needed~~ during 1917-18. The case may be forwarded u.o. to P.W.D. for furnishing the above information and that dept may be requested to state in what stage the preparation of plans and estimates ~~is~~ ^{is}. On receipt of reply from P.W.D., the case has to go to Financial for provision of funds.

P.W.D

DS

Submitted.

No requisition for the preparation of plans and estimates for the construction of a new block similar to the existing north ^{block} wing of the Madras College for women has been received in this office. The D.P. states in his letter (P.W.D) of 8.12.16 (p.10) that he is communicating with the Public Works Dept. for the preparation of the necessary plans & estimates & promises to submit them to go on receipt. Probably the D.P. has addressed the S.E. I Circle, or the Exe. Engr, South Presy. D. in the matter. ~~It is~~ ^{It is} therefore necessary at present to regard to plans & estimates.

14/12

The Exe. Engineer, South Presy. D. who has since been consulted in the matter states that a block plans with levels & trim

trial pits marked thereon have been prepared & that it will be submitted with an approximate estimate on the 20th instant. The ^{approximate} estimate will apparently be received through the D.P.I.

As regards funds for the work the S.E. States that until the estimate is sanctioned, it is not possible to say how much can be spent this year. Considering ^{that} there are only three months left for the close of the official year.

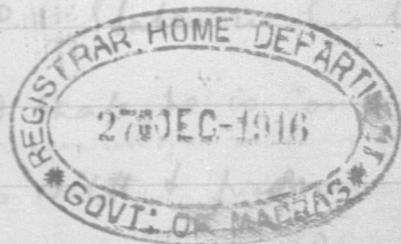

With this ^{above information} the file may be returned to the Home (Educational) Dept.

Handwritten notes:
I think we need to see the estimate of the cost of the work. It is not possible to say how much can be spent this year. Considering that there are only three months left for the close of the official year.

Home (Edn) Dept.

The P.W.D. state that nothing can be spent during the current official year on the construction of a new block in the College for Women. The cost of constructing the block is likely to amount to Rs 86,000 (vide pencil entry by P.W.D. on the margin).

of page (cur. file). It is submitted that the file may now go to Financial in regard to the provision of funds ^(required) for the work during 1917-18.

Te. 27.12.16 Financial have provided a lump sum of Rs 50,000 for additional buildings for the Women's College in the next year's budget. This is apparently for the work now in question. We may await the receipt of plans & estimates. If any funds are needed in the current year for this work, Financial or P.W.D may then be moved to provide the sum. For the present, I will may merely see this file.

Handwritten signature and date 30/12

Financial dept

As observed by Home (Education) a provision of 50 lakh has been

entered in the P.W.D. budget for 1917-18 for extension to the ⁸Wol. College - vide para: 3 of H.M.'s note dated 10-12-16 on page 13 of Budget Notes - flag P. The P.W.D. Deputy Secretary has remarked that no expenditure will be incurred in the current year (marginal note, page 2 ante). The cost is roughly estimated by the D.P.D. at Rs. 80,000. (page 1 C.7.). As the D.P.D. requires that the building should be completed by July 1917 (page 2-C.7.), the entire cost (according to the estimate which will be sanctioned later on) will have to be provided in the Budget Estimate for 1917-18.

2. Submitted for orders whether P.W.D. may be requested to report to his dept. before 20-1-17 the additional provision which should be entered in the Budget Estimate for 1917-18 in order that it may be worked out in the Second

9
Edition which will be despatched

2-2-17.

3. The case may be forwarded
to the P.W.D. (through Home-
Education-dept.)

6/16 4.1.17. I am very doubtful
whether Rs 80000 can be
spent between April & July 1917.
P.W.D. should see at once.

We have provided 50 in the
budget for 1917-18 and if
anything more is needed per-
haps P.W.D. will be able to
find it from their reserve of 4
lakh.

P.W.D.

P.W.D.

I can say for certain that Rs 80000
cannot be spent between April & July.
So long as no detailed plans have
been prepared as the P.W.D. have not yet
been informed about the accommodation
to be provided for. Secondly, owing to the
death of Mr. Montague Thomas work
in the Consulting architect's office is being
carried on under difficulties. A third

reasons for delay in getting the estimate will be the difficulty which is now being experienced in obtaining materials. This fact alone may necessitate an alteration of the design after it has been prepared and approved. In these circumstances it is impossible to make any promise about beginning or completing the building.

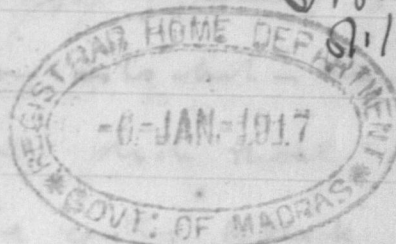

I should like Educational Superintendent that nothing can be done until P.W.D. are told exactly what is wanted -

The approximate estimate received from the D.S. I. is under consideration in the C.A. Section. In his reply ^{referred} the disto of allotments for new works forwarded towards the end of December last, the J.E. V. O has remarked as follows:
"If the work is to be started early in 1917-1918 and completed during the official year, the balance of the estimate

estimate viz Rs 2,000 will have to be
"allotted."

p. 7 ante

Copy of D.P.D. 2
(p. 7 ante)
remarks will be
taken & sent to C.A.
for note.

The D.P.D. wants the buildings to
be pushed on though it may not be
possible to complete them by July next.
As, in the opinion of the D.P.D. the
proposed extensions should differ
little from the existing north block,
there may not be any difficulty
to have the detailed plans & estimates
prepared & sanctioned ^{in time} to admit
of the work being started early in
April next. As the buildings are
urgently required it seems desirable
to provide for the full estimated cost
in the next year's budget. This is a
new work for which funds should
be allotted by Financial in accordance
with the new budget procedure. Home
(Ed.P.) may be requested to move
Financial in the matter ^{very early} so that the
additional Rs 3,000 may be allotted in
time for inclusion in the ^{Second Edition of the} next year's
budget. Before the file is returned
to C.A. may perhaps note
the D.P.D.'s remarks on page 7 ante.

Rs 5000 was
entered by H.M. Financial
in the addition to the Final
Estimate of the Budget
& additional funds should
also be sanctioned by
that Dept.

approximate cost
Rs 8000

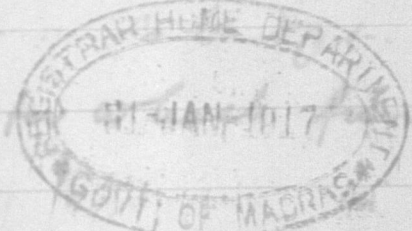

26
30.1.17

31.1.17

15

The approximate estimate is based on the existing new block design, but it is very doubtful if it is advisable to repeat this design near to the existing new block, for by so doing the architectural effect of the College buildings would be ruined. I am awaiting Mr. Sturges' return to Madras to discuss this important question with him, and in the meantime no detailed design can be started. In these circumstances I cannot see my way to ask for more than Rs 50,000 already allotted.
