Respected Sir,

With reference to Memo.No.3763-C dated 13-6-17 ordering me to qualify myself for the post of a Tracer by passing the 3 Examinations. i.e. Free Hand Outline Drawing (Elementary), Geometrical Drawing (Elementary) and Building Drawing and Estimating (Elementary) before the 30th October 1917., I beg to state that I was appointed as a tracer in this office only in May 1916. Sir,

I beg to bring to notice that I have passed in Geometrical drawing and free-hand drawing and that I have yet to pass in Building drawing Elementary grade to qualify myself for a tracer's place according to the rules. I applied for the ^{Intermediate} Examination in Building Drawing that was held in April last. I had troubles in my eyes just before the examination and I was on two months leave on that account. As in consequence I could not get myself prepared to answer satisfactorily in the examination I failed. I have put in 8 years service in this office and my capabilities are known to the Superintendent. I am appearing again next year for examination in Building drawing and I request that you will be pleased to exempt me.

I beg to remain,

Sir,

Your most obedient servant,

Submitted.

The tracer has passed in two subjects, and should pass in elementary building drawing to qualify himself for the post of tracer which he holds in R. Subramania Prasad's. T. S. S. As he was ill about time of the examination he failed to pass. It is submitted that he may be exempted, and ordered to appear for the examination again.

M A D R A S.

Sir,

With reference to your Memo No. 4172 C/10--6--15 communicating G.O. No. 541 Educational dated 19-5-1915, I have the honour to request that I may be informed whether the period of three years sanctioned therein, is to be reckoned from the date of the above G.O. (i.e.) 19-5-15 or from the date of the original G.O. (i.e.) 30-10-14, which prescribed the necessary technical qualifications for the appointment of tracer.

In this connection I have the honour to bring to your notice that out of the existing six tracers in this Circle, four held appointments on 30-10-14, and have not

fully qualified themselves up to date while the other two who were appointed subsequent to the above date, are fully qualified men.

3 If the period is to be reckoned from 30--10--1914, the four unqualified men have to vacate their posts on 30--10--1917, provided qualified men are then available. But if it is to be reckoned from 19--5--1915, there is a probability of some at least, of the above four men who are appearing for the technical examinations to be held during November 1917, getting themselves qualified within the specified limit of 3 years.

4 Considering the fact that these tracers have had only two chances (i.e. 1915 and 1916) for appearing for the examinations, I request that the period may be reckoned from 19--5--1915 the date of the subsequent G.O. sanctioning the temporary exemption.

I have the honour to be,

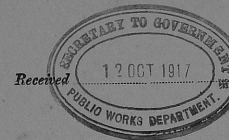

Sir,

Your most obedient servant,

Offg. Superintending Engineer, IV Circle.

Sir,

With reference to para 2 of G.O. No.541 Edl., dated 19-5-15 communicated with your Memo. No.4172 C., dated 10-6-1915, I have the honour to report on the tracers employed in this Circle as follows:--

- (1) P.R. Kesava Mudaliar
- (2) G.S. Bashyam Naidu
- (3) T. Radhakrishna Rao
- (4) M. Manickam Chetti

Items 1 to 3 have passed in two of three subjects ordered therein, and will appear for the 3rd subject in the coming examination.

Item 4 came out unsuccessful though he had appeared for the examinations held during the years 1915- and 1916. But the Executive Engineer North Presidency Division, under whom he is working reports that the tracer will appear for the ensuing examination.

These tracers have been employed for some length of time and have gained considerable experience in their work. I therefore recommend that they may be exempted from the examination rules till they qualify themselves fully under the G.O. above quoted.

I have the honour to be,

Sir,

Your most obedient servant,

The papers in the current file relate to the exemption from the examination rules of certain tracers employed in the P.D.

2. The position in re. to tracers in the P.D. is as shown below:-

Prior to October, 1914, Candidates for employment as 'tracers' were not required to qualify in any professional tests, but were required to possess the general educational qualification prescribed in article 1 of the Public Service notification (i.e) a pass in the Matriculation Exam, School final or its Equivalent. At the instance of the Chief Engineer, orders were passed in G.O. No 1213 Edl dt 30.10.14 prescribing, in dispossession of the general educational qualification, a pass in the elementary grade in the ^{three} marginally noted part technical exam as qualifying a candidate for a tracer's post. To enable unpassed ^{lower tracers} ~~men~~, who were then in service, to qualify in these tests and

and also having regard to the difficulty of securing men qualified as above for tracers' posts, Govt sanctioned in G.O. (No. 541 EDC of 19.5.15) the temporary exemption for a period of three years, of all persons who held appointments of tracers on the 30th October 1914; and empowered S.E.s & the two Chief Engineers to employ unpassed ~~and~~ candidates as tracers during the above period, if qualified men could not be had. In para 2 of the G.O., it was stated that those who were unable to pass the tests within the period of three years allowed should be replaced by qualified men & that for this exemption on behalf of unpassed tracers ^{would} not be considered unless in exceptional cases. In G.O. 951 EDC of 30.8.15 it was explained that the above order applied to all tracers who were holding office on the 30th Oct. 1914 & did not possess the formal educational qualifications or had not been exempted from the same, and to all those appointed since the 30th October 1914 who did not qualify by the new tests.

3. The general exemption sanctioned in G.O. 541 EDC of 19.5.15 applied by the
and

Q 19.5.15 that the three year period is to be reckoned from the 30th Oct. 1914. In para 2

of Art. 8, the men were warned that if they failed to qualify within the period, they ^{would} be replaced by qualified men. The examinations in the technical tests are held ^{usually} annually in April & November as shown in the margin. As pointed out by the S.E., since the above warning was given, the men have had only two chances for qualifying in the tests.

They may, it is submitted, be allowed the third chance also, which will be in the examinations to be held this month

& in April next. ~~Edwards~~ Home (19L)

may therefore, it is submitted, be requested to extend the general exemption granted in G.Ous. 641 L.C. of 19.5.15, until the results of the examination to be held in April next are known. In this view, it

seems unnecessary, to consider the case of each of the 13 men on its individual merits. Such of the men who have yet to qualify both in the ensuing November & April exams and who fail in the November exam, will be liable to be replaced by qualified men soon after the results of the November

exam are published.

I ask for an extension of time for these
^{the results of the} ^{exam. due to} ^{known}
 men up till April 1918 for two
 reasons. 1st the 30th October 1917 date
 is the rightly chosen to I cannot
 possibly find qualified men to replace
 the unpassed men whose services
 would suddenly be dispensed with, &
 secondly I think it only fair the
 men to give them a third final
 chance to qualify
