To The Secretary to the Government of Madras,
LOCAL AND MUNICIPAL Department.
THROUGH THE DIRECTOR OF PUBLIC INSTRUCTION, MADRAS.
Sir,

There is an elementary school in the village
of Vilattikulam under the control of the Koilpatti Taluk
Board but it is ill-housed. My predecessor, Mr. Galletti,
found on inspection that a new school building was very
necessary. The estimated cost of the building comes to
Rs. 3,800 and the villagers have promised to contribute
Rs. 1,000. Neither the District Board nor the Taluk Board
is in a position to meet the remaining portion of the cost.
If a half grant is made by Government, the remaining amount
will be met from the funds of the Taluk Board. The Dis-
trict Board in their resolution No. 26, dated 29th September
1917 (copy enclosed) approved the proposal to apply for a

half grant from Government. I have the honour therefore to request that Government will be pleased to sanction a half grant towards the construction of the school in the village which is the head quarters of a Deputy Tahsildar.

I have the honour to be,

Sir,

Your most obedient servant,

For President.

(C.No.3136 A) From the President, District Board, Tinnevely, No.85, dated the 3rd October 1917.

Subject.- Application for a half grant for the construction of a building for the Board elementary school at Vilattikulam.

The provision of one lakh in the budget estimate for the current year for the payment of subsidies to local bodies towards the construction of elementary school buildings has already been distributed, leaving a balance of only Rs.128(G.O.No. 709, dated 29th May 1917 and No.843, dated 22nd June 1917). The grant now applied for however amounts to Rs.1,900.

2. There is a provision of 1.50 lakhs in the budget for the construction of buildings for secondary schools. Out of this amount Rs.23,440 have been dis-

tributed till now among some of the works for which the whole grant has been provisionally earmarked. The amounts actually distributed have fallen short of those provisionally noted in the case of items (1) (2) and (3) in the margin and there is a saving of Rs.10,660 in respect of these works. It may be noted that against this saving, the grants applied for in respect of the Walajapet high school and the Board High School at Lalgudi exceeds the amounts provisionally

noted by more than Rs.30,000. The L. & M. Department have been requested to see if the estimate for the Walaajapet school could not be reduced and the President, District Board, Trichinopoly, has been requested to obtain the sanction of the Superintending Engineer to the plans and estimates for the Lalgudi school. It would thus appear that the present savings in the provision for the secondary schools may be required for other similar schools and that it may not be desirable to utilize any portion thereof for elementary schools.

3. If however there are any savings at the close of the current year in the provision for the ordinary subsidies, the application which is only for a half grant may be considered as suggested by the Director. A draft order is submitted for approval.
