H. M. Puyttar Sahib,

Honorary Secretary,

Islamia Club, Mangalore.

To

The Collector of South Kanara.

Dear Sir,

With reference to your letter dated 2nd October 1917 regarding the Muhammadan deputation I have the honour to give below the names of gentlemen composing the deputation and to state that it does not at the present moment propose to do anything more than beg for the grant of a hostel which is the most pressing need of the community on account of the unhealthy and infectious state of the town.

A During His Excellency's last visit to this district His Excellency was kind enough to promise the members of the Aziizia Muhammadan Association that their claim for Muhammadan hostel will be favourably considered when the community collects for itself a portion of the cost for the same. On the strength of this, a hostel committee was formed under the auspices of the Islamia Club and an amount of about Rs.3,000 has been collected up till now.

The Muhammadans of this district who mostly belong to the backward community of Moplas are very poor and they have to look up to His Excellency's Government for necessary help on account of the high price of land in healthy and uncongested parts of the town. The deputation proposes therefore to wait upon His Excellency to pray for the grant of Government land in a healthy and suitable part of the town and in case of such land not being available, to beg that His Excellency's Government may be pleased to acquire land in the vicinity of the Government College as was done in the case of the Madras Azam of Madras.

I have etc.,

Sd/ H. Mohammad Sahib,

Honorary Secretary, Islamia Club,
Mangalore.

Please see note on the arguments
 of the deputation ^{from the Haggitha Education, Bangalore} which waited
 slip (2) on His Excellency in 1914, on
 the subject of the establishment
 of a muhammadian
 hostel at Bangalore. The
 question of establishing a
 hostel ~~is~~ attached to the
 Govt. College, Bangalore, is
 raised in the ^{report} ~~report~~ of the
 Principal of the College which
 is to be read when His Excellency
 visits the College & the Principal
 states that he ^{hopes} ~~propose~~ to
 submit ^(shortly) definite proposals
 on the subject to the D.C.T.
 He may in that connection
 consider whether a separate
 hostel for muhammadian
 students ~~may~~ is necessary
 at Bangalore and the matter
 will be only considered
 by the Director also. Many schemes

 hostel is eventually decided upon
 the specific requests of the muhammadian
 for the acquisition of land and

probably for a larger ~~house~~ ^{proposals} of grant for the buildings. The deputation maybe promised sympathetic consideration when applications reach for this the D.P.D.

The question discussed above refers to a hostel to be attached to the Government College.

What the Muhammadans want is a special hostel for all Muhammadan students, presumably excluding those who can live in houses of relatives in Mangalore.

There is no information in the office about the alleged promise in the opening sentence of para 2.

Now that the Muhammadans have collected Rs 3000 - this is the first intimation of the fact we receive - the question will be considered in all its aspects.

3.11.17

A deputation of leading Muhammadans waited on His Excellency at Mangalore on the 16th October 1917 to represent the need of a Muhammadan hostel in the town, and to request that a site might either be acquired for them or granted free.

The deputation urged that the community though numerous in the district was poor and backward consisting mostly of Moplahs. About 200 Muhammadan students attended the various educational institutions at Mangalore of whom at least 50 came from other parts of the district and were put to serious difficulties for lack of a hostel as decent lodgings were not easily got in the town. Other communities it was pointed out had hostels of their own for which they had received grants from Government, and the deputation referred to the fact that during His Excellency's ^{last} visit to Mangalore he held out hopes to the Muhammadans that Government would be very glad to help ^{them} if they interested themselves in the matter as a community. Since then Rs.3,000 had been collected with a prospect of further subscriptions and the deputation were confident that if a site were secured they would themselves secure a large proportion at any rate of the funds necessary for the construction of a building. A site near the Taluk office was suggested ^{as} suitable for a hostel but Mr. Vibert stated that it was intended for the Government College and suggested that the deputation might approach the railway authorities for a site near the railway line. The deputation requested that the negotiations might be opened on their behalf.

His Excellency stated that Government were anxious to assist Muhammadan education and had plans under consideration for opening additional secondary schools. As regards their present request the Collector would be asked to go into the matter with them and to give all assistance in his power to them in selecting and if possible securing a suitable site.
