Memorandum No. 3160-A/1, Home (Education), dated 20th October 1917.

The Director of Public Instruction is requested to expedite the submission of the proposals for the utilization of the lump provision of 1.21 lakhs made in the current year's budget estimate under 22-E. Education, for opening new elementary schools and strengthening existing ones under the management of local bodies.

(By order)

C. RAMANUJA ACHARIYAR,  
Registrar.

Director of Public Instruction.

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 6th November 1917.

No.—R.C. 3440.

With reference to Government Memorandum No. 3160/A-1, dated 20th October

Vide G.Os. Nos. 744, Home (Education), dated 7th June 1917, 172-R., Home (Education), dated 3rd August 1917 and 248, Financial, dated 18th October 1917.

1917, I have the honour to submit proposals for the utilization of the balance of Rs. 1,15,806 \* out of the provision of Rs. 1,21,000 made in the current year's budget under "22-E. Government

Schools—General—Payment in support of local bodies—Opening of new elementary schools, etc."

2. Though district boards and municipalities were circularised in May last to formulate in consultation with inspecting officers proposals in this regard, yet these proposals were received only after considerable delay, the last reply having come in on 25th October 1917.

3. My proposals for the distribution of the budget provision are tabulated under 3 heads viz., (1) opening new elementary schools, (2) strengthening existing schools and (3) opening higher standards, and I enclose separate statements marked A, B and C and also consolidated statements D and E showing the cost of the entire scheme. It may be mentioned here that some of the presidents and chairmen have asked for more than what was considered by Inspecting officers to be necessary, and I have after considering the circumstances of each case disallowed such proposals as appeared to me to be excessive. In framing estimates, I have been guided by the following principles :—

(1) The minimum pay of teachers in boys' schools has been taken as Rs. 11 in conformity with the proposals made in the Director's letter R.C. No. 3146, dated 24th June 1917, for the distribution of the Imperial grant of 4 lakhs.

(2) The minimum pay of teachers in girls' schools has been taken as Rs. 12 as indicated in the letter quoted above.

(3) The scale of salaries proposed by local bodies have generally been so altered as to bring them into agreement with the rates given in rules 81 and 82, Madras Educational Rules.

(4) The provision made by local bodies for local and other allowances and for peons in certain instances has been disallowed.

(5) With a view to securing uniformity capitation allowance has been calculated at the rate of Rs. 25 for each teacher in a boys' school and at Rs. 50 for each teacher in a girls' school.

(6) The estimate under house-rent and contingencies is generally based on the information furnished by local bodies.

(7) The maximum number of teachers allowed for new schools does not exceed two, though I may note in this connexion that in a few instances as many as seven were proposed.

(8) In cases where two teachers are proposed, the rate of salary has been taken as Rs. 12 and 11 in respect of boys' and Rs. 15 and 12 in respect of girls' schools.

(9) In regard to girls' schools the wages of conductresses have been fixed at a uniform rate of Rs. 4 per mensem.

(10) A lump provision of Rs. 100 has been made for furniture and equipment during the current year on account of each new school.

(11) The schools may be started in January 1918, the amount required for the two months of the current year, which includes a provision of Rs. 100 for equipment but excludes capitation allowance, being taken as one-sixth of the estimated cost under salaries, house-rent, contingencies, etc.

4. I now proceed to discuss briefly the details of my proposals under each of the three heads mentioned supra—

(1) *Opening new schools.*—Six hundred and seventy-six schools in all are proposed to be opened, 579 in rural areas and 97 in municipalities. In fact I should say the recommendations of the local bodies have been accepted in toto except in a few instances wherein it was pointed out that they were additional proposals and might be allowed to stand should funds permit. Of the total number of selected schools, 243 are for girls and the rest for boys and of the latter 47 are for Muhammadans, 42 are for Panchamas, 62 for backward classes and 282 for general classes and castes. I have taken care to see that all classes and castes are adequately represented in the allotment. The cost under this head comes to Rs. 2,46,813 per annum, the allotment for the two months of the current year being Rs. 1,03,318.

(2) *Strengthening existing schools.*—It is proposed to strengthen the staff of 835 schools, (753 in district areas and 82 in municipalities) and the additional staff for each school does not ordinarily exceed a single teacher. In cases in which more than one teacher has been proposed, the increase is based on the number of standards, the number of pupils and the present scale of staff. The annual cost of the proposals works out as Rs. 1,24,392, the amount required for two months of the current year being Rs. 20,732.

(3) *Opening higher standards.*—In 288 of the existing schools (257 under local boards and 31 in municipalities) higher standards have been proposed to be opened. Some of the local bodies have suggested the opening of more than one standard but in my proposals provision has been made ordinarily for the opening of one standard and the staff required for it. The annual cost amounts to Rs. 78,384, the cost for the two months of the current year being Rs. 13,064.

5. It will be seen from the subjoined summary and statements D and E that, against the available provision of Rs. 1,15,806, the aggregate annual cost of the scheme as now formulated by me comes to Rs. 4,49,589, the amount required for the two months of the current year being Rs. 1,37,114. I, however, venture to ask Government to sanction the proposals in their entirety for the reasons that (i) they are the result of careful consideration of local bodies of their immediate needs and

their acceptance now would obviate the necessity of calling for more next year and (ii) they may with great appropriateness be considered as forming part of the general scheme for the expansion of education which, it is understood, Government are now prepared to consider. For the extra expenditure of Rs. 21,308 involved by the proposals during the current year, I beg to submit for the sanction of Government a reappropriation statement. As regards the amount required for the next year over and above Rs. 1,15,806 balance in the current year's provision of 1.21 lakhs, and Rs. 1,60,468 being a portion of the Provincial annual progressive increment on account of elementary education included in the Civil Budget Estimate under "22-E. Government schools—General—Payment in support of local boards and municipal councils," Rs. 1,73,315 will be necessary, and I request that, in the special circumstances of the case, Government will be pleased to enhance the budget provision by this amount.

*Additional provision for 1917-18.*

## III

Letter—from the Hon'ble Mr. J. H. STONE, M.A., C.I.E., F.R.H.S., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 16th November 1917.

No.—Ref. on Cur. 7717.

In continuation of my letter R.C. No. 3440, dated 6th November 1917, I have the honour to submit supplemental proposals for the opening of a board elementary school for Muhammadan girls at St. Thomas Mount, Chingleput district, which the Inspectress of Schools reports to be very desirable and which I certainly should have included among my proposals for Muhammadan education if I had known the circumstances earlier. The cost, recurring and non-recurring, of the proposal is given hereunder:

| Recurring.                                                                |     | RS. |

| One teacher                                                               | ... | 15  |
| One ..                                                                    | ... | 12  |
| Contingencies including conductress' wages                                | ... | 16  |
| Capitation allowance                                                      | ... | 100 |
| Annual recurring charge                                                   |     | 616 |
| Charge for two months of the current year excluding capitation allowance. | ... | 86  |
| Cost of equipment                                                         | ... | 100 |
| Total amount required for two months of the current year                  | ... | 186 |

The Inspectress of Girls' Schools, Central Circle, is convinced of the need for the opening of the school in question.

2. In the event of the Government approving the proposal the recurring expenditure of Rs. 86 during the current year will be met out of the balance in the provision of Rs. 1.21 lakhs under "22-E. Government Schools—General—Payment in support of local bodies" in which case the total annual cost in connexion with the opening of new elementary schools, etc., will have to be taken as Rs. 4,50,205. As for the non-recurring expenditure of Rs. 100 required for equipment during the current year, I shall submit a re-appropriation statement on receipt of orders on this communication.

## Order—No. 1585, Home (Education), dated 15th December 1917.

With his letters read above the Director of Public Instruction submits proposals for the distribution of subsidies to local bodies to enable them to open new elementary schools, to strengthen existing schools and to open higher standards in them. The adoption of these proposals involves an annual recurring expenditure of Rs. 4,50,205 as shown below:—

| Item.                                            | District boards. | Municipalities. | Total.   |
|--------------------------------------------------|------------------|-----------------|----------|
|                                                  | RS.              | RS.             | RS.      |
| Opening of new schools .. ..                     | 2,04,459         | 42,970          | 2,47,429 |
| Strengthening of existing schools .. ..          | 1,12,296         | 12,096          | 1,24,392 |
| Opening of higher standards in existing schools. | 69,408           | 8,976           | 78,384   |
| Total ..                                         | 3,86,163         | 64,042          | 4,50,205 |

The Government approve the proposals. The amount required for these objects for the two months of the current year, together with a fixed sum of Rs. 100 for each new school for equipment, is Rs. 1,37,300 as shown in the last column of the annexure to these proceedings.

2. The Accountant-General is requested to place the amounts shown in the last column at the disposal of the local bodies concerned at an early date.

3. Out of the total expenditure of Rs. 1,37,300 in the current year, a sum of Rs. 1,15,806 will be met from the balance available from the lump provision of 1.21 lakhs made for this object in the budget estimate for the current year under '22-E. Education—Payment in support of local board and municipal schools' and the balance of Rs. 21,494 from the lump provision of Rs. 4,00,000 in the budget for improvement of pay and training of teachers.

*Demi-official*—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

*To*—the Hon'ble Diwan Bahadur R. Ramachandra Rao Avargal, B.A., Secretary to Government, Home (Education) Department.

*Dated*—the 5th November 1917.  
*No.*—204.

I shall be submitting to Government in a day or two proposals for the utilization of the 1.21 for opening new schools, etc. You will observe from my proposals that the amount required for opening new schools, strengthening existing schools and opening higher standards for two months this year comes to 1.37 and for a full year 4.50, i.e., if sanction is accorded to the proposals in full, additional funds will have to be provided in the 1918-19 budget to the extent of about 1.73 in addition to 1.6 already provided. I may mention that I have discussed the matter with His Excellency and Sir Alexander Cardew and that they accorded their general approval to the suggestion that the proposals as a whole might be considered and for this purpose additional funds provided for next year.

HOME (EDUCATION) DEPARTMENT.

*From the Director of Public Instruction, No. 3440, dated 6th November 1917.*

*No. 7717, dated 16th November 1917.*

Please see the Director's demi-official above. The proposals now submitted by him for the opening of 677 new elementary schools, the strengthening of the staff of 835 schools and the opening of higher standards in 288 of the existing schools may, it is submitted, be generally accepted. The only point that calls for notice is the minimum pay to be given to the teachers. In accordance with his recommendations in connexion with the utilization of the Imperial grant of 4 lakhs, the Director has adopted Rs. 11 and Rs. 12 as the minimum pay in boys' and girls' schools respectively. In connexion with the Imperial grant referred to above, Financial have suggested that it would be desirable to fix the minimum pay at Rs. 12 in all schools and to abolish the grain compensation allowance simultaneously with the increase in pay. A reference has been made to local bodies on this point and orders have been postponed on the proposals relating to the increase of pay to teachers in elementary schools to be met from the 4 lakhs grant. So far as the teachers in girls' schools are concerned the pay of Rs. 12 adopted in

the present proposals is the same as that accepted by Financial and may be retained.

R.R.—26-11-17.

As regards boys' schools it is submitted that the present proposal to fix the pay of teachers in boys' schools at Rs. 11 may be approved for the present. If later on, it is decided to raise their pay to Rs. 12, the question of raising the pay in the new schools also may be considered. The question of grain compensation allowance in these cases will follow the decision to be arrived at in the main file.

2. In the calculation of the additional amount necessary for 1918-19, the Director has presumed that the cost on account of the new Government Muhammadan girls' school at Perambur and the new schools for Chentsus in the Kurnool district is to be met from the 1.21 lakhs grant. The expenditure on these schools was met from this grant in the current year merely for the reason that there was no other source from which it could be found. As separate provision has been made for these schools in the budget for 1918-19, the full amount of 1.21 lakhs should be taken as available next year for payment to local bodies. As regards the additional amount to be provided in the next year's budget attention is solicited to the notes in the file dealing with the budget estimate.

3. The proposal of the Director to reappropriate during the current year a sum of Rs. 21,308 from the Imperial grant of 4 lakhs may be approved. He proposes to submit another reappropriation statement to meet the expenditure to be incurred during the current year on the new Girls' school to be opened at St. Thomas' Mount.

4. The file may be sent to Financial for remarks.

## FINANCIAL DEPARTMENT.

With effect from 1912-13 a progressively increasing contribution of 2 lakhs per annum is being made from Provincial funds for expenditure on elementary education (pages 7 and 10 of notes to G.O. No. 142, Educational, dated 11th February 1915). In the budget for the current year (1917-18) a further recurring contribution of 1.50 lakhs was made so that the extra allotment for elementary education in 1917-18 over and above the provision in the previous year amounted to 3.50 lakhs which was distributed as follows (page 321 of Budget Notes for 1917-18):—

|                                                                                                                | LAKHS. |
|----------------------------------------------------------------------------------------------------------------|--------|
| (a) Subsidies to local bodies for opening new elementary schools and strengthening existing elementary schools | 1.21   |
| (b) Grants-in-aid (teaching grants to private elementary schools)                                              | 2.00   |
| (c) Minor items (Government elementary schools, etc.)                                                          | .29    |
|                                                                                                                | 3.50   |

2. In the budget for 1918-19 (under separate consideration) the Director of Public Instruction has in the distribution of the progressive increment of 2 lakhs for 1918-19 suggested a provision of 1.60 lakhs as subsidies to local bodies for opening new elementary schools, etc. The amount available for this purpose out of the 2 lakhs increment due for 1918-19, is however only .64 lakh as has been pointed out by Home (Education) in their notes on the next year's budget under "22 Education", the next year's incremental 2 lakhs being distributed thus—

|                                                                        | Lakhs. |
|------------------------------------------------------------------------|--------|
| (a) Subsidies to local bodies for opening new elementary schools, etc. | .64    |
| (b) Grants-in-aid (teaching grants to private elementary schools)      | 1.00   |
| (c) Minor items (Government elementary schools, etc.)                  | .36    |
|                                                                        | 2.00   |

3. From the above, it will be seen that the total amount available for subsidies to local bodies for opening new schools, etc., from the annual progressive Provincial contribution of 2 lakhs for the years 1917-18 and 1918-19 (is 1.21 + .64) or 1.85 lakhs per annum.

The Director of Public Instruction has now forwarded a comprehensive scheme costing 4.50 lakhs per annum (this amount will be increased if it is decided to adopt Rs. 12 as the pay of teachers in boys' schools—vide paragraph 1 on page 1 ante) as under:—

|                                                                                                                | Cost per annum<br>Lakhs. |
|----------------------------------------------------------------------------------------------------------------|--------------------------|
| (a) Opening new elementary schools (677 schools—580 in rural areas and 97 in municipalities)                   | 2.47                     |
| (b) Strengthening existing schools (835 schools—753 in district areas and 82 in municipalities)                | 1.24                     |
| (c) Opening higher standards in existing schools (288 schools—257 under local boards and 31 in municipalities) | .79                      |
|                                                                                                                | 4.50                     |

In paragraph 5 of his letter the Director of Public Instruction requests that the above proposals may be sanctioned in their entirety. Attention is also solicited to the Director's demi-official, dated 5th November 1917, on page 1 ante.

4. In addition to the progressive annual contribution of 2 lakhs for elementary education, additional recurring expenditure has been, and will be, incurred from Provincial revenues for expansion of education other than elementary.

5. It is respectfully submitted for orders whether it will not be perferable for the present to introduce only a portion of the scheme so that the cost may not exceed the amount available, viz., 1.85 lakhs per annum. The remaining portion of the scheme will have to be introduced gradually in 1919-20 and succeeding years from the annual progressive increment of 2 lakhs in those years.

If the above proposal were accepted, Home (Education) may be requested to ask the Director of Public Instruction to forward revised proposals. For orders.

V.G.K.—1-12-17.

The increment in this year's budget for elementary education was 3.50 lakhs against the usual commitment of 2 lakhs. Of this 3.50 lakhs, a sum of 1.21 lakhs was allotted for subsidies to local bodies for opening new schools, etc. This 1.21 lakhs has not as yet been distributed, but the Director of Public Instruction suggests allotments being made from the 1st January 1918, i.e., expenditure for two months in the current year. This expenditure represents an annual charge of 4.50 lakhs for which provision must be made in next year's budget. Next year, no new schools will be opened, nor will existing schools be strengthened. Nevertheless, our progressive increment next year will be 2.65 lakhs in excess of the annual 2 lakhs as shown below:—

|                                                         | In 1917-18.<br>Lakhs. | In 1918-19.<br>Lakhs. |

It would, of course, be rash, under present conditions, to make any public pronouncement regarding future commitments, but there cannot be any reasonable doubt that Sir Harold Stuart's promise of an advance of 2 lakhs a year for education made, as it was, in time of peace and with steadily growing revenues, did not show an adequate appreciation of the needs of the country in regard to education.

2. The total expenditure in the current year is Rs. 1,37,800 (Rs. 137,114 for the schools referred to in the Director's letter, dated 6th November 1917 and Rs. 186 for the new Board elementary school for Muhammadan girls at St. Thomas' Mount). The Director proposes to meet the first amount as follows :—

In regard to the St. Thomas' Mount school, the Director states that the recurring expenditure of Rs. 86 can be met from the balance in the 1.21 lakhs and that a reappropriation statement will be submitted for the non-recurring expenditure. It is, however, submitted that a simpler course would be to meet from the 4 lakhs grant the total amount required in excess of the balance available from the 1.21 lakhs grant. This proposal has been embodied in the draft order subject to approval.

G.O. No. 1585, 15th December 1917

**Subsidies**

Approving the proposals of the Director of Public Instruction for the distribution of — to local bodies to enable them to open new elementary schools, to strengthen existing schools, and to open higher standards in them and sanctioning the distribution of a sum of Rs. 1,37,300 in the current year for the purpose.

**Memorandum No. 3160-A/1, Home (Education), dated 20th October 1917.**

The Director of Public Instruction is requested to expedite the submission of the proposals for the utilization of the lump provision of 1.21 lakhs made in the current year's budget estimate under 22-E. Education, for opening new elementary schools and strengthening existing ones under the management of local bodies.

(By order)

C. RAMANUJA ACHARIYAR,  
Registrar.

To the Director of Public Instruction.

**II**

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 6th November 1917.

No.—R.C. 3440.

With reference to Government Memorandum No. 3160/A-1, dated 20th October

\* Vide G.Os. Nos. 744, Home (Education), dated 7th June 1917, 172-R., Home (Education), dated 3rd August 1917 and 248, Financial, dated 18th October 1917.

1917, I have the honour to submit proposals for the utilization of the balance of Rs. 1,15,806 \* out of the provision of Rs. 1,21,000 made in the current year's budget under "22-E. Government

Schools—General—Payment in support of local bodies—opening of new elementary schools, etc."

2. Though district boards and municipalities were circularised in May last to formulate in consultation with inspecting officers proposals in this regard, yet these proposals were received only after considerable delay, the last reply having come in on 25th October 1917.

3. My proposals for the distribution of the budget provision are tabulated under 3 heads viz., (1) opening new elementary schools (2) strengthening existing schools and (3) opening higher standards, and I enclose separate statements marked A, B and C and also consolidated statements D and E showing the cost of the entire scheme. It may be mentioned here that some of the presidents and chairmen have asked for more than what was considered by Inspecting officers to be necessary, and I have after considering the circumstances of each case disallowed such proposals as appeared to me to be excessive. In framing estimates, I have been guided by the following principles:—

(1) The minimum pay of teachers in boys' schools has been taken as Rs. 11 in conformity with the proposals made in the Director's letter R.C. No. 3146, dated 24th June 1917, for the distribution of the imperial grant of 4 lakhs.

(2) The minimum pay of teachers in girls' schools has been taken as Rs. 12 as indicated in the letter quoted above.

(3) The scale of salaries proposed by local bodies have generally been so altered as to bring them into agreement with the rates given in rules 81 and 82, Madras Educational Rules.

(4) The provision made by local bodies for local and other allowances and for peons in certain instances has been disallowed.

(5) With a view to securing uniformity capitation allowance has been calculated at the rate of Rs. 25 for each teacher in a boys' school and at Rs. 50 for each teacher in a girls' school.

(7) The maximum number of teachers allowed for new schools does not exceed two, though I may note in this connexion that in a few instances as many as seven were proposed. When two teachers are proposed, the rate of salary has been

(8) In cases where two teachers are proposed, the rate of salary has been taken as Rs. 12 and 11 in respect of boys' and Rs. 15 and 12 in respect of girls' schools.

(9) In regard to girls' schools the wages of conductresses have been fixed at a uniform rate of Rs. 4 per mensem.

(10) A lump provision of Rs. 100 has been made for furniture and equipment during the current year on account of each new school.

(11) The schools may be started in January 1918, the amount required for the two months of the current year, which includes a provision of Rs. 100 for equipment but excludes capitation allowance, being taken as one-sixth of the estimated cost under salaries, house-rent, contingencies, etc.

4. I now proceed to discuss briefly the details of my proposals under each of the three heads mentioned supra.

(1) *Opening new schools.*—Six hundred and seventy-six schools in all are proposed to be opened, 579 in rural areas and 97 in municipalities. In fact I should say the recommendations of the local bodies have been accepted in toto except in a few instances wherein it was pointed out that they were additional proposals and might be allowed to stand should funds permit. Of the total number of selected schools, 243 are for girls and the rest for boys and of the latter 47 are for Muhammadans, 42 are for Panchamas, 62 for backward classes and 282 for general classes and castes. I have taken care to see that all classes and castes are adequately represented in the allotment. The cost under this head comes to Rs. 2,46,813 per annum, the allotment for the two months of the current year being Re. 1,03,318.

(2) *Strengthening existing schools.* It is proposed to strengthen the staff of 835 schools, (753 in district areas and 82 in municipalities) and the additional staff for each school does not ordinarily exceed a single teacher. In cases in which more than one teacher has been proposed, the increase is based on the number of standards, the number of pupils and the present scale of staff. The annual cost of the proposals works out as Rs. 1,24,392, the amount required for two months of the current year being Rs. 20,732.

(3) *Opening higher standards.*—In 288 of the existing schools (257 under local boards and 31 in municipalities) higher standards have been proposed to be opened. Some of the local bodies have suggested the opening of more than one standard but in my proposals provision has been made ordinarily for the opening of one standard and the staff required for it. The annual cost amounts to Rs. 78,384, the cost for the two months of the current year being Rs. 13,064.

5. It will be seen from the subjoined summary and statements D and E that, against the available provision of Rs. 1,15,806, the aggregate annual cost of the scheme as now formulated by me comes to Rs. 4,49,589, the amount required for the two months of the current year being Rs. 1,37,114. I, however, venture to ask Government to sanction the proposals in their entirety for the reasons that (i) they are the result of careful consideration of local bodies of their immediate needs and their acceptance now would obviate the necessity of calling for more next year and (ii) they may with great appropriateness be considered as forming part of the general scheme for the expansion of education which, it is understood, Government are now prepared to consider. For the extra expenditure of Rs. 21,308 involved by the proposals during the current year, I beg to submit for the sanction of Government a reappropriation statement. As regards the amount required for the next year over and above Rs. 1,15,806 balance in the current year's Provision of 1.21 lakhs, and Rs. 1,80,468 being a portion of the Provincial annual progressive increment on account of Elementary Education included in the Civil Budget Estimate under "22-E. Government schools—General—Payment in support of local boards and municipal councils," Rs. 1,73,315 will be necessary, and I request that, in the special circumstances of the case, Government will be pleased to enhance the budget provision by this amount.

2. In the event of the Government approving the proposal the recurring expenditure of Rs. 86 during the current year will be met out of the balance in the provision of Rs. 1.21 lakhs under "22-E. Government Schools—General—Payment in support of local bodies" in which case the total annual cost in connexion with the opening new elementary schools, etc., will have to be taken as Rs. 4,50,205. As for the non-recurring expenditure of Rs. 100 required for equipment during the current year, I shall submit a re-appropriation statement on receipt of orders on this communication.

With his letters read above the Director of Public Instruction submits proposals for the distribution of subsidies to local bodies to enable them to open new elementary schools, to strengthen existing schools and to open higher standards in them. The adoption of these proposals involves an annual recurring expenditure of Rs. 4,50,205 as shown below :—

As regards boys' schools it is submitted that the present proposal to fix the pay of teachers in boys' schools at Rs. 11 may be approved for the present. If later on, it is decided to raise their pay to Rs. 12, the question of raising the pay in the new schools also may be considered. The question of grain compensation allowance in these cases will follow the decision to be arrived at in the main file.

2 NOTES TO G.O. No. 1585, HOME (EDUCATION), 15TH DECEMBER 1917

2. In the calculation of the additional amount necessary for 1918-19, the Director has presumed that the cost on account of the new Government Muham-madan girls' school at Perambur and the new schools for Chentsus in the Kurnool district is to be met from the 1.21 lakhs grant. The expenditure on these schools was met from this grant in the current year merely for the reason that there was no other source from which it could be found. As separate provision has been made for these schools in the budget for 1918-19, the full amount of 1.21 lakhs should be taken as available next year for payment to local bodies. As regards the additional amount to be provided in the next year's budget attention is solicited to the notes

3. The proposal of the Director to reappropriate during the current year a sum of Rs. 21,308 from the Imperial grant of 4 lakhs may be approved. He proposes to submit another reappropriation statement to meet the expenditure to be incurred during the current year on the new Girls' school to be opened at St. Thomas' Mount.

4. The file may be sent to Financial for remarks.

#### FINANCIAL DEPARTMENT

With effect from 1912-13 a progressively increasing contribution of 2 lakhs per annum is being made from Provincial funds for expenditure on elementary edu-cation (pages 7 and 10 of notes to G.O. No. 142, Educational, dated 11th February 1915). In the budget for the current year (1917-18) a further recurring contribu-tion of 1.50 lakhs was made so that the extra allotment for elementary education in 1917-18 over and above the provision in the previous year amounted to 3.50 lakhs which was distributed as follows (page 321 of Budget Notes for 1917-18):—

2. In the budget for 1918-19 (under separate consideration) the Director of Public Instruction has in the distribution of the progressive increment of 2 lakhs for 1918-19 suggested a provision of 1.60 lakhs as subsidies to local bodies for opening new elementary schools, etc. The amount available for this purpose out of the 2 lakhs increment due for 1918-19, is however only .64 lakh as has been pointed out by Home (Education) in their notes on the next year's budget under "22 Education" ~~not met by~~, the next year's incremental 2 lakhs being distributed thus—

|                                                                        | Lakhs. |
|------------------------------------------------------------------------|--------|
| (a) Subsidies to local bodies for opening new elementary schools, etc. | .64    |
| (b) Grants-in-aid (teaching grants to private elementary schools)      | 1.00   |
| (c) Minor items (Government elementary schools, etc.)                  | .36    |
|                                                                        | 2.00   |

3. From the above, it will be seen that the total amount available for subsidies to local bodies for opening new schools, etc., from the annual progressive Provincial contribution of 2 lakhs for the years 1917-18 and 1918-19 (is 1.21 + .64) or 1.85 lakhs per annum.

The Director of Public Instruction has now forwarded a comprehensive scheme costing 4.50 lakhs per annum (this amount will be increased if it is decided to adopt Rs. 12 as the pay of teachers in boys' schools—vide paragraph 1 on page 3 ante) as under:—

|                                                                                                                | Cost per annum<br>Lakhs. |
|----------------------------------------------------------------------------------------------------------------|--------------------------|
| (a) Opening new elementary schools (677 schools—580 in rural areas and 97 in municipalities)                   | 2.47                     |
| (b) Strengthening existing schools (835 schools—753 in district areas and 82 in municipalities)                | 1.24                     |
| (c) Opening higher standards in existing schools (288 schools—257 under local boards and 31 in municipalities) | .79                      |
|                                                                                                                | 4.50                     |

In paragraph 5 of his letter (page 5 current file) the Director of Public Instruction requests that the above proposals may be sanctioned in their entirety. Attention is also solicited to the Director's demi-official, dated 5th November 1917, on page 1 ante.

4. In addition to the progressive annual contribution of 2 lakhs for elementary education, additional recurring expenditure has been, and will be, incurred from Provincial revenues for expansion of education other than elementary.

5. It is respectfully submitted for orders whether it will not be preferable for the present to introduce only a portion of the scheme so that the cost may not exceed the amount available, viz., 1.85 lakhs per annum. The remaining portion of the scheme will have to be introduced gradually in 1919-20 and succeeding years from the annual progressive increment of 2 lakhs in those years.

If the above proposal were accepted, Home (Education) may be requested to ask the Director of Public Instruction to forward revised proposals. For orders.  
V.G.K.—1-12-17.

The increment in this year's budget for elementary education was 3.50 lakhs against the usual commitment of 2 lakhs. Of this 3.50 lakhs, a sum of 1.21 lakhs was allotted for subsidies to local bodies for opening new schools, etc. This 1.21 lakhs has not as yet been distributed, but the Director of Public Instruction suggests allotments being made from the 1st January 1918, i.e., expenditure for two months in the current year. This expenditure represents an annual charge of 4.50 lakhs for which provisions must be made in next year's budget. Next year, no new schools will be opened, nor will existing schools be strengthened. Nevertheless, our progressive increment next year will be 2.65 lakhs in excess of the annual 2 lakhs as shown below:—

2. We shall be able to find the money, I think, and need not perhaps object to the Director of Public Instruction's proposal. We shall however have to be careful

Yes. We are going far beyond our contract.

L.D.—4-12-17.

to make it quite clear in the Financial statement that, though the budget for next year provides no money for opening new schools, we have in 1917-18 actually provided for expansion of two years i.e., 1917-18 and 1918-19, and that we have gone to the extent of increasing our annual increment of 2 lakhs by 2.65 lakhs thus making the increment 4.65 lakhs.

L. E. KERSHAW—3-12-17.

L. DAVIDSON—4-12-17.

I agree that the Director's proposals may be accepted.

It would, of course, be rash, under present conditions, to make any public pronouncement regarding future commitments, but there cannot be any reasonable doubt that Sir Harold Stuart's promise of an advance of 2 lakhs a year for education made, as it was, in time of peace and with steadily growing revenues, did not show an adequate appreciation of the needs of the country in regard to education.

A. G. C[ARDEW]—8-12-17.

HOME (EDUCATION) DEPARTMENT.

A draft order is submitted for approval.

2. The total expenditure in the current year is Rs. 1,37,100 (Rs. 137,114 for the schools referred to in the Director's letter, dated 6th November 1917 and Rs. 186 for the new Board elementary school for Muhammadan girls at St. Thomas Mount). The Director proposes to meet the first amount as follows:—

|                                                    | Rs.      |
|----------------------------------------------------|----------|
| Balance available out of 1.21 lakhs ...            | 1,15,806 |
| Reappropriation from the lump grant of 4 lakhs ... | 21,308   |
| Total ...                                          | 1,37,114 |

In regard to the St. Thomas Mount school, the Director states that the recurring expenditure of Rs. 86 can be met from the balance in the 1.21 lakhs and that a reappropriation statement will be submitted for the non-recurring expenditure. It is, however, submitted that a simpler course would be to meet from the 4 lakhs grant the total amount required in excess of the balance available from the 1.21 lakhs grant. This proposal has been embodied in the draft order subject to approval.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b<sup>1</sup>) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

## INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
