The Honourable Mr. Venkatapati Raju.

Local and Municipal Department.

Q.78. Will the Government be pleased to state the number of School Buildings - constructed by the Local Boards out of the subsidy granted by the Government in 1906 - 07 and how many of them fell down or were in dilapidated condition and whether steps will be ~~take~~ taken to remedy such defects in the construction of School Buildings out of the special grants?

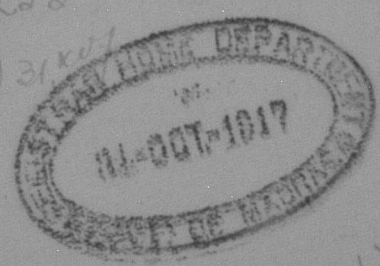

5 LHM DEPT

Leg. Council Q. 78 proposed to be asked by the Honble B. Venkatapati Raju regarding the number of school buildings constructed by local boards out of the subsidy granted by the Govt in ob-07.

Information regarding the amount of subsidy sanctioned to each district board is alone available. Figures relating either to the number of school buildings constructed out of the subsidy or those which have fallen down or were in a dilapidated condition are not available. The question whether steps will be taken to remedy the defects in the construction of school buildings out of the special grants is one for consideration in the Home (Edn) Dept and as the distribution of Provincial subsidies is made by that Dept. submitted that with this information the question may be transferred u.o. to that Dept for the preparation of a draft answer.

Home Education Dept.

It is not clear what classes of schools - Secondary or elementary - the Additional Member refers to. No subsidies were granted in 1906-07 for the construction of secondary school buildings. It is therefore presumed that the Additional Member requires information in regard to elementary schools only.

2. Attention is solicited to the notes on pages 3 to 11 of G.O. no 782 Home (Edn) dated the 14th June 1917 written in connection with a question regarding rural schools asked by the Hon. Mr K.R.K. Krishna Rao Pantulu at the meeting held in May last. The Hon. Mr. Venkataswami Raju now wants information in regard to the buildings constructed by local boards out of the subsidy sanctioned in 1906-07. Accurate information on this point is not available. The particulars available are given below:-

Subsidy sanctioned in 1906-07.

(i) For completion of buildings commenced in 1905-06	Rs. 76,984
--	------------

(ii) For new buildings	2,31,746
Total	3,08,730

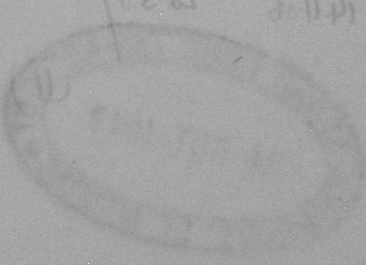

Number of buildings constructed

(i) Buildings commenced in 1905-06 and completed in 1906-07	264
---	-----

(It is not known how many of these buildings the subsidy of Rs. 76,984 was utilised for.)

page 4 of G.O. no 374 Edn 15-8-08

(I)
p. no. 736
4.11.07

Number of buildings constructed

(ii) Buildings commenced and completed in 1906-07	}	232
(iii) Number of buildings commenced but not completed in 1906-07		161

(In 1907-08 a subsidy of Rs. 91,180 was sanctioned towards the completion of these buildings.)

3. No statistics are available as to the number of buildings constructed with the aid of subsidy which have fallen down or are now in dilapidated condition and the amount required to put them in proper repair. Information on all the above points will have to be called for from Presidents of D.P.B.s, after the receipt of the particulars the questions whether the cost of repairs could not be met from board funds and whether any portion of it should be contributed by the Govt. will have to be considered.

4. It will be seen from the above that the subject mainly concerns D.P.B. in the first instance. If a reference is to be made to P.D.B.'s, it may also appropriately issue in that department. For a somewhat similar precedent please see papers in L.O. no. 1585 L, dated the 27th October 1915.

5. Perhaps the answer to the question may be "The Govt. are not in possession of the

It may be noted in this connection that the Govt. have, in their order no 1448 L, 7.10.15, permitted to local bodies that it is ~~their~~ ^{their} ~~responsibility~~ ^{responsibility} to keep school buildings constructed with the help of Provincial grants, in a proper state of repair from their own funds.

It may be noted in this connection that the Govt. have, in their order no 1448 L, 7.10.15, permitted to local bodies that it is ~~their~~ ^{their} ~~responsibility~~ ^{responsibility} to keep school buildings constructed with the help of Provincial grants, in a proper state of repair from their own funds.

NOTES.

information asked for. It is the ^{primary} duty of local boards to maintain their buildings in proper repair."

Copied to Legue

The following is a copy of the questions and answer given at the meeting of the Legislative Council :-

Construction and repair of school buildings from special grants.

85 Q.—Will the Government be pleased to state the number of school buildings constructed by the local boards out of the subsidy granted by the Government in 1906-07 and how many of them fell down or were in dilapidated condition and whether steps will be taken to remedy such defects in the construction of school buildings out of the special grants?

85 A.—Four hundred and ninety-six school buildings were completed in 1906-07. It is not possible to say how many of these were constructed out of the subsidies given in that year. The Government have no information as regards the condition of these buildings. It is the duty of the local boards concerned to maintain them in proper repair.
