it will appear that there are as many as nine members on the Senate to represent the Telugu dists. As the above names are however taken from the University Calendar for 1917 which was published - and early this year, it is possible that the information is not quite up to date. Orders are solicited whether the correctness of the above list may be verified by a telephonic message to the University Registrar. If so, the

The following answer is

It seems to imply that the Chancellor is
bound to nominate with a view to the
representation of districts, or that His
allergy keeps such a necessity in view and
he in the case of the Telugu Districts met it.
I conceive that this is not so. ~~He~~ ~~has~~ ~~been~~ ~~prevented~~ ~~that~~ ~~the~~

I should careen their figures, being
the number of fellows actually resident
in the Telugu Districts, and say that for
is not prepared to make any recommendation to
the Chancellor regarding nomination. I believe
a similar answer was given when the Dyos
asked that for should recommend the Chancellor
to nominate more members of their community.
I suggest for the first part of the answer
"In the Senate is not a representative assembly

from the Telugu Districts are on the list, but
the number of fellows as present resident in
Telugu Districts is eight."
