119. Will the Government be pleased to

publish the scheme worked out for the

establishment of industrial teaching

centres at Coimbatore, Vizagapatam

and Cocanada.?

Home (Est.) Department

Industrial School, Coimbatore

(R) In G.O. No. 763 Est., dated the 23rd December 1910, the ~~Govt~~ S.D. was asked to advise on the proposal that the St. Joseph's Industrial School, Coimbatore, should be developed with Govt aid and if he agreed with it, to furnish information as to the ^{nature} ~~of the~~ ^{development intended} ~~proposed~~. Subsequently, the proposal was allowed to lie over pending the formulation of a definite policy in regard to the organization and aiding of industrial schools. A note on the policy to be pursued in the matter was submitted by Mr. Treacher in 1912. Later on a committee was appointed in 1914 to consider it & to submit a draft code of industrial education. ~~But~~ As the Honble Mr. Conchman & Mr. Sures both reported that there was no need for such a separate code the papers relating to it were recorded in G.O. No. 164, date

Please see Mr. Sures' note on page 243 of notes to G.O. No. 873 Est., of 20.9.13 (R)

p. 207 of G.O. No. 822 of 16.7.14 (R)

G.O. ibid (R)

Please see notes on pages 9 to 14 of notes to G.O. No. 164 of 13.2.17 (R)

dated the 13th February 1917.
At the ~~same~~ same time Mr. Dyke, Inspector of Industrial Schools has been asked to inspect the industrial schools & to submit proposals for the development of industrial education. So far as the Coimbatore School is concerned no scheme has yet been worked out.

2. Industrial School, Kizhappatam

A scheme for the development of the St. Aloysius' Industrial School, Kizhappatam, with special state aid was ~~the~~ approved by the Govt in G.O. No.

① 2734 Rev, dated the 18th August 1910.

But the scheme was subsequently abandoned. Questions have ^{also} ~~been~~ been asked in the Legislative Council about this school - please see

① G.O. No. 790 Home (200), dated the 14th June 1917, which contains the question answers on the subject at the meeting held in May last.

3. Mr. James has recently

Dear Sir D.O. to Mr. James
on p. 144 of notes, top. 164
13-2-17

Submitted certain proposal for alienating two plots of land acquired by the Govt to the school and for aiding it. The Govt have ~~approved~~ approved them with slight modifications and it has been proposed to ask the school authorities to state whether they would agree to the terms. The file is separately under disposal.

4. Industrial School, Bocanasa

The Govt have decided to open a mechanical engineering school at Bocanasa. It was first proposed to acquire the Local fund workshop at that place for this purpose. Subsequently the proposal ^(to acquire the workshop) was dropped. ~~Subsequent~~ proposals have been called for from the Officer in charge of the Dept of Industries for the opening of the school. As there is a prospect of private enterprise coming forward to open an industrial school at Bocanasa Mr. Luce has

The file dealing with the question of opening a mechanical engl school at Bocanasa is linked below.
sk

has deferred submitting his proposals. The file on the subject is linked below for reference.

5. The following draft answer is for approval:-

A.

In 1910 a suggestion was made to Govt that the St. Joseph's Industrial School, Coimbatore, should be developed with State aid but the proposal was subsequently dropped. The Govt have now under consideration proposals for the establishment of a mechanical engineering school at Bocanada and for the development of the St. Aloysius Industrial School, Vizagapatam with special State aid. The question of publishing them will be considered when final orders are passed thereon.

8.11.17

S. I think all this is unnecessary except the last para. I shd. make the reply run:-

The question of

"The scheme for industrial training centres at C.V.R.C. is not yet fully worked out. The question of its publication will be considered in the Council."

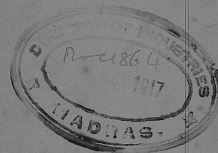

E. 8/11/17

Mr. Immes (W.)

8/11/17

As regards the Corn Valley school, I would reply as at A in the office note.

2. As regards the Cocanada brothers school, I would reply: "The scheme for opening a mechanical engineering school at Cocanada is temporarily in abeyance pending decision of the question whether the funds of Cocanada would not be met by the school."

"which the English of the
"theater Polytechnic has done
"found them to be."

3. The Polytechnic School
may be dealt with as
below. The Director of
"theater has just sub.
"with a report on it
"theater school Polytechnic.
"theater. This report is
"still under the consider.
"ation of the."

4. Mr. Dyle has now
presented his instruction of
all industrial schools &
proposes to take up the
organization of his report.
We have had one discussion
on this subject, and Mr.
Dyle before writing anything
will let me know his line
of his proposals. The whole
question is very difficult -
we know so because we
have all these schools already in

existence. I hope that
we shall be able to
divide some means of
making them really
useful in their lines,
to think that we ought to
go very slow in the way
of opening new schools
whether at Coloma or
elsewhere. We have
arrived at many clear
ideas in this policy we
ought to follow.

NOTES.

Home (Education) Department.

The draft answer suggested by Mr. Imes is typed below:-

"In 1910 a suggestion was made to Government that the St. Joseph's Industrial School, Coimbatore, should be developed with State aid but the proposal was subsequently dropped. The scheme for opening a mechanical engineering school at Cocanada is temporarily in abeyance pending decision of the question whether the needs of Cocanada would not be met by the school which the Trustees of the Malladi Satyalingam Naicker Fund propose to open."

The Director of Industries has just submitted a report on the St. Aloysius School, Vizagapatam. This report is ~~under~~ under the consideration of Government."

For orders whether the above draft answer may be accepted.

The final force of the question and answer stood as follows:-

137 Q.—Will the Government be pleased to publish the scheme worked out for the establishment of industrial teaching centres at Coimbatore, Vizagapatam and Cocanada?

137 A.—In 1910 a suggestion was made to Government that the St. Joseph's Industrial School, Coimbatore, should be developed with State aid but the proposal was subsequently dropped. The scheme for opening a mechanical engineering school at Cocanada is temporarily in abeyance pending decision of the question whether the needs of Cocanada would not be met by the school which the Trustees of the Malladi Sathyalingam Naicker Fund propose to open. The Director of Industries has just submitted a report on the St. Aloysius' Industrial School, Vizagapatam. This report is under the consideration of Government.

Scheme for industrial teaching centres.
