U.O. No. 2036-3 dated 31-10-17

To

The *Home (Education)* Department. with Qno 120.

Local and Municipal (Legislative)

Department.

The Hon'ble Mr. A. Suryanarayana Rao Pantulu.

Home (Education) Department.

120. Will the Government be pleased to state the varieties of wood found suitable for pencil manufacture and the quantity available in this Presidency? Will the Government be pleased to state the outturn of pencil manufacture in the year 1916-1917 in the Presidency? Whether any pencils were placed in the market during the said period?

Home (200) 21

Attention is solicited to p 18 to 23 of the report on par 9 & 10 of G.O. No 1209 Home (200), dated the 19th September 1917, which gives an account of the pencil experiment as carried on in 1916-17 by the Department of Industries. As regards the varieties of ~~forest~~ wood found suitable for pencil manufacture Mr. Dunes recently stated that he was using 'Givotia' and 'Gmelina' and that he proposed to use 'Mahogony' from Nilambur. But the two wood till now ^(used) have not been reported to be quite satisfactory and experiments are still continuing. The Additional Member desires to ~~know~~ have information as to the quantity of ^{suitable} wood available in this Presidency. Mr. Dunes may, if it is submitted, be requested to furnish the latest particulars available. ~~to that purpose~~ a reply may be given to the Addl. Member ~~on the subject of the experiment~~.

- 2 The Additional Member may perhaps be referred to the account given in the annual report of the Dept. of Industries for 1916-17 and informed that experiments are now made with various kinds of Indian wood as to their suitability for the manufacture of pencils have not yielded satisfactory results.
- 3 The file may be sent (no) to the Director for remarks.

Mr. James A.O. 6.11.17

It is a little question. Even if I had found a really suitable Indian wood, it would not be advisable to publicize it name & full particulars about it abroad in the house life. It is prejudicial my chance of getting private enterprise to take up the factory.

I would reply: -

The fiscal force of the question and answer stood as follows:-

Pencil manufacture in the Presidency.

138 Q.—Will the Government be pleased to state the varieties of wood found suitable for pencil manufacture and the quantity available in this Presidency? Will the Government be pleased to state the outturn of pencil manufacture in the year 1916-17 in the Presidency and also whether any pencils were placed in the market during the said period?

138 A.—Full information about the working of the Experimental Pencil Factory during the year 1916-17 is given in the administration report of the Department of Industries for that year, which has been placed on the Editors' Table.
