From (Name) The Hon. Mr. J. H. Stone, M.A., F.R.S.C.I.E.

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

Home (Education)

Department.

Sir,

With reference to para 4 of G.O.No. 1433 Home (Education)
dated 15th November 1917, I have the honour to state that on
account of the revised rules and directions issued by the
Syndicate of the local University for the admission of Secondary
School Leaving Certificate holders to University courses of
study the strength of the Intermediate classes in most of the
aided first and second grade colleges in this Presidency has
largely decreased resulting in a large decrease in the fee
income of the respective institutions without a corresponding

2/

decrease in the expenditure. These institutions have therefore become eligible for large amounts of teaching grants this year, as compared with the amounts of grants sanctioned in previous years. The code grants earned by aided secondary schools for boys and girls have also, in many cases, largely increased during the current year on account of the increased expenditure incurred by the management. The actual expenditure during the current year on teaching grants to colleges, secondary schools for boys and ~~xixix~~ ^{to} secondary Schools for girls will exceed the current year's budget provision under these heads by Rs. 2,588/- Rs. 23,429 and Rs. 3,616/- respectively. I therefore propose ^{Pan 4(1) in page 14 of 1433} to meet these excesses amounting to Rs. 29,633 from the Rs. 41,000/- ^{315/11/17} proposed by me to be reserved out of the Imperial recurring grant of four lakhs, for distribution to secondary schools at the discretion of the Director outside the provisions of the Grant-in-aid Code. These proposals will ^{leave} a balance of Rs. 11,367 in the amount set apart for payment of discretionary grants which I consider might be utilized during the current year partly in connection with the revision of the scale of pay of certain secondary schools under the management of local bodies and partly towards equipment without prejudice to the proportion of the Rs. 41,000/- to be spent in future years on schools under public management. I have made this latter suggestion as there is no time during the current official year to work out definite proposals for utilizing this amount in improving the scale of pay of the staff employed in the schools in question. From next year onwards I propose to earmark for this purpose Rs. 10,000/- out of the Rs. 41,000/- and to distribute the balance of Rs. 31,000/- among aided secondary schools based on the principle of local need rather than that of local effort. In distributing the amount among secondary schools under the management of local boards and municipal councils the needs of local bodies will be ascertained and the scale of pay of the staff will as far as possible be fixed with reference to that which I propose to suggest in connection with the raising

3/

of the grade of certain middle and elementary schools to high and middle schools respectively about which I am addressing Government in a separate communication. I shall submit separately for the approval of Government a statement of the conditions under which I propose to award the grants to aided secondary schools next year.

2. The additional amount required for secondary schools for boys includes the special grants sanctioned in G.O.No. 1351 Home (Education) dated 29th October 1917 for aided institutions towards the expenses incurred by them in deputing the gymnastic instructors of their schools to undergo training in drill under the Physical Director and Adviser to Government.

3. With reference to my proposals to earmark a sum of Rs. 20,000/- for payment of grants to aided training schools, out of the Imperial recurring grant of four lakhs I have the honour to state that the amount has been distributed in lump sums among all the aided training schools for masters and mistresses and the Correspondents of these institutions have been informed that the Director hopes that the increased grants sanctioned for the schools will be utilized in improving ⁽¹⁾ the pay of the staff and the rate ⁽²⁾ of stipends allowed to the pupils under training. I beg to submit in this connection that for want of funds the teaching grants hitherto paid to aided training schools were much less than the amounts contributed by the management towards their upkeep. The managements have on this account in most cases been unable to supplement from their own funds the stipendiary grants paid from Provincial funds to the students under training. The additional grant of Rs. 20,000/- has enabled me to sanction teaching grants during the current official year to these schools equal to half the net cost. The balance available out of this Rs. 20,000/- was found to be too small to make an appreciable increase in the rate of stipendiary grants and it was therefore distributed among the schools according to the number of pupils under training. I therefore do not consider it necessary to propose ^{at present} any amendment in the rates of stipendiary grants laid down in rule 47 of the Grant-in-aid Code. The

Pan 4(2) in
page 14 of
1433
315/11/17
(F)

94
additional amount required if the stipendiary grants to pupils in aided training schools are to be raised to the same rates as stipends admissible in Government Training schools will be roughly Rs.47,000/- in the case of training schools for masters and Rs.21,000/- in the case of training schools for mistresses per annum calculated with reference to the number of pupils under training in these schools during 1916-17.

4. I have the honour to request that the above proposals

may be approved and that the following additional allotments may be sanctioned out of the allotment of Rs.41,000 for payment of discretionary grants which is a portion of the lump provision of four lakhs in the current year's budget estimate under "22 Education" for the improvement of the pay and training of teachers.

(1)	22. G. Grant-in-aid -Teaching grants to colleges	Rs.2,588/-
(2)	do do Secondary schools Boys	23,429/-
(3)	do do Secondary Schools Girls	3,616/-
(4)	do schools, special- Training schools for masters	3,555/-
(5)	do do Trg.School for Mistresses	11,445/-

(6) 22 E.Govt. Schools, General-Payment in support of schools under the management of local bodies 11,367/-

61,000

I have the honour to be,

S i r,

Your most obedient servant,

R. A. Arivu

NOTES.

and Rs. 20,000 for payment of grants to aided training schools which are portions

Home (Education) Department
CNo. 3729A from the D.D., C.No. 10280 of 15.12.1
[Subject - Proposals for the utilisation of Rs. 41,000
and Rs. 20,000 reserved out of the Imperial
grant of 4 lakhs for the payment of
discretionary grants and for aided training
schools.]

The Director proposes to utilise ^{on the following objects in the current year} the sum of
Rs. 41,000 earmarked for distribution to secondary
schools (including those under the management of
local bodies) at the discretion of the Director outside
the provisions of the Grant-in-aid Code: -

(1)	Additional grants-in-aid to Colleges	Rs. 2,588
(2)	do Secondary Schools for boys	23,429
(3)	do do girls	3,616
(4)	Revision of the scale of pay of ^{teaching staff} officers secondary schools under the management of local bodies and ^{provision of new} equipment	11,367
Total		41,000

The reason assigned by the Director for the
deviation in the current year from the original object
is that there is no time during the current year
to work out definite proposals for utilising the
amount in improving the scale of pay of ^{the} staff
employed in the schools under public management.
He proposes from next year onwards to earmark
Rs. 12,000 for secondary schools under local bodies and
to distribute the balance of Rs. 31,000 among aided schools.

the book file

para 3, page 3, of

Submitted that the Director's proposals may be accepted. He has separately applied for the ~~cost~~ provision in the budget estimate for 1918 of the additional grant-in-aid required.

2. The Director now ~~proposes~~ ^{states} that ~~the~~ for want of funds the teaching grants hitherto paid to aided training schools were less than the amounts contributed by the managers towards their upkeep and that the sum of Rs. 20,000 sanctioned for improvement in the pay of teachers and in the sale of khands of shikhs has enabled him to sanction teaching grants during the current official year to those schools equal to half the net cost—Rs. 8,555 for training schools for masters and Rs. 11,445 for training schools for mistresses. Submitted that in the circumstances, the Director's action may be approved. ~~This proposal is to be accepted for the year 1918-19.~~ ^{further} The Director has separately applied for a provision of Rs. 57,000 (Rs. 40,000 for schools for masters and Rs. 17,000 for schools for mistresses) to be made in the budget estimate for 1918-19 in order to meet half the cost of the schools and to enable managers to supplement the stipendiary grants from Prast funds by such amount as to make the shikhs under training receive the same amount as would get as shikhs if trained in host training schools.
