Ac. No. 10143/16

Station Madras, Dated the 29th May 1917

From (Name) The Hon'ble Mr. J. H. Stone, M.A., F.R.S.,
C.I.B.,
(Designation) Director of Public Instruction

To The Secretary to the Government of Madras,

H O M E Department.
/ EDUCATION /

Sir,

With reference to G.O. No. 807 Financial (Separate Revenue) dated 25th September 1916 withdrawing the concession enjoyed by colleges of getting duty free their supply of alcohol required for use in the teaching laboratories, I have the honour to state that representations have been made to me that the withdrawal of the concession may have an effect detrimental to the development of science in this Presidency and I have accordingly been requested to approach Government to have the order rescinded. Desirable though it is that colleges and schools should have alcohol required for laboratory purposes at a minimum cost, I

ST

do not see sufficient reason to recommend a reconsideration of the order. To ensure, however, that there might be no cause for dissatisfaction as a result of the order, I called for details of the expenditure on pure alcohol and the duty thereon in the various colleges.

2. As regards Government Colleges the contingent allotment will be increased by an amount equal to the expenditure incurred as duty, viz, Rs. 900/- and the additional amount will be met this year by reappropriation and the necessary provision will be made in the budget estimate for 1918-19. The only college under public management in which there is any considerable expenditure on this account, is the Victoria College, Palghat, which reports an expenditure last year of Rs. 106. A sum of Rs. 100 is recommended to be paid to the college to be met from the savings in the total allotment under 22-E-Subsidies in the current year's budget. As to aided colleges, in first grade colleges the amount reported comes to Rs. 835/- and in second grade colleges to Rs. 196 /-. The latter are aided under Chapter IV of the Grant-in-Aid Code and the amount required for them can be met from the existing budget provision. The amount in the case of first grade colleges will be met by reappropriation and if necessary, a reappropriation statement will be submitted for the orders of Government. The amount of pure alcohol used in secondary schools need not be considered as they use for the most part only denatured spirit, on which now no duty is levied.

I have the honour to be,

Sir,

Your most obedient servant,

R. A. Ariene

for Director of Public Instruction.

C.No.2169 A. From the Director of Public Instruction, No.16143,
dated the 29th May 1917.

Subject.

Proposals in connection with the levy of
duty on alcohol used in educational institutions.

The amounts recommended are so small
that perhaps it is not worth while making special
allotments on this behalf and thus creating a bad
precedent. The additional expenditure can be
easily met by additional subsidies and grants in
the future.

R.R.R.
9-6-17

D.P.I. u.o.

the only thing we are doing for is
Rs. 50 (or Rs. 100) for the one College Salazar
I do not see that there can be any question
of precedent as the circumstances are entirely
exceptional. But without the concession
formerly allowed on excise, not educational
purposes & there will be financial but
administrative. I have not seen the
long accepted the proposal without
the concession on the ground that it could
make up the excess for the increased expense
