PRIVATE SECRETARY'S OFFICE, MADRAS.

Memo. No. 89-P

Transferred to the Secretary to Government, Home (Educational)

Department, for favour of disposal.

ENCLOSURES:

1

(By order of His Excellency the Governor.)

Letford

Private Secretary.

SK. Ootacamund,
The 26th May 1917.

To

His Excellency,

the Right Honorable the Governor-in-Council,
Madras.

The humble memorial of the undersigned inhabitants
of Calicut Taluk, Malabar.

Humbly sheweth,

That with due deference and submission the memorialists beg to lay before your Excellency-in-Council their great grievances and humbly hope that they will receive your Excellency's benign consideration and prompt attention.

That the memorialists respectfully beg to state that as there are classes up to the seventh standard in the Government Training School here and the school fees in those classes are much lower than those levied by the managers of aided secondary schools from similar classes, it has been a great boon to the poor parents and guardians to send their little ones to the Government Model School of Training School and to have those children educated at less expense, and that consequently many pupils obtained from the above school their little education and knowledge, which have since become the means of earning their livelihood, and for this kindness both those pupils and all their parents or guardians have been very grateful and thankful to the paternal Government.

That the memorialists now understand with great pain of mind that after the reopening of the school in July next the abovesaid classes Fifth to Seventh standard

will be taken away from their above Model School, as the Secondary Training is transferred to Brennen High School at Tellicherry which is made a Model High School; that, if those classes, which now contain memorialists' hear, more than 120 pupils and which are almost self paying are abolished those pupils and the children seeking admissions hereafter too will have no other alternative than to go to any one of the local private schools; and that as the fees in all those private institutions are many fold higher than that of the Government Model School, the parents and guardians will not be able to put their children in such institutions and pay for their schooling especially at this hard time, and the natural consequence or ultimatum will be that persons, who are not in affluent circumstances, will be deprived of the chance of giving their children what little education they can with their limited means. This will be really very painful to the memorialists and others in every way.

The memorialists therefore most humbly and fervently pray your Excellency-in-Council will be generously pleased to take a benign view of the above circumstances and to mercifully redress their grievances by ordering the retention of the above classes in the Calicut Model School as hitherto and thus enable them to continue the schooling of their children without hindrance.

For which act of kindness and gracious justice the memorialists shall, as in duty bound, ever pray.

Calicut.

10th May 1917.

Again G.O., No. , dated 190 .
Current No. from the , No. , dated 190 .

Current No. 2147A from the inhabitant of Calicut, No. , dated 10-5-1907.

SUBJECT.

Petition for the retention in Calicut of the temporary model school attached to the Training school at the place.

There is at present a secondary training ^{class} school at Calicut. When the model high schools scheme which is now under consideration is sanctioned and introduced, ~~that secondary training school~~ that ^{class} school will be shifted to Tellicherry & attached to the Brethren College ^(at that place) which is one of the institutions to be taken over by Govt under that scheme. The ~~high~~ school ~~attached~~ department of that college will then be the ^{secondary} ^{class} section of the training school. In the meanwhile, at Calicut temporary arrangement has

8

been made for the practicing section of the secondary training ^{class} school. There is an elementary school there with standards up to ~~the~~ including the fourth which serves as the practicing section of the ^{local} permanent higher elementary training school ~~at the present time~~. The status of this elementary school has been raised by the addition of standards I to III temporarily so as to serve as a practicing section for the secondary training ^{class} school. When the ~~last~~ school is transferred to Tellicherry the three higher standards temporarily opened will, in the usual course, be abolished. The ~~the~~ inhabitants of Calicut in their memorial in the current file pray for the retention of the standards even after the transfer. They apprehend that the secondary training ^{class} school will be moved from

D.P.S. letter on p. 3 of fr. 512 (F) + order. Fr. 6.13

from that town in July next. It is submitted that there is no foundation for this. The model high school scheme which was submitted to the Govt of India last year has been referred back to this Govt for further remarks & it is now under consideration. It is not likely that the scheme will be introduced in July next. It requires the sanction of the Secretary of State. It is for orders whether the memorialists may therefore be informed that ~~the~~ the higher standards in the balicut elementary school will ~~be~~ not be closed in July next.

2. As regards the question of the permanent retention of the ^(this) standard the D.P.I may have to be consulted as to the necessity therefor. The file may perhaps be sent to him no. for remarks.

13.6.1917.

As pointed out in the note the classes are not likely to be closer in July. Government will of course be under no obligation to maintain them after the Secretary Training Department is removed to Delhi and if they did so with a view to increasing attendance in the lower standards which might be prejudicially affected by the closing of the higher it would be a question whether fee concessions would continue to be given. I think the memorialists might be told that the immediate closing of the standards in question is improbable and that the question of their ultimate retention will be considered when the time comes.
