Nomination for scholarship for European boys.

In this Government's letter No.73-A, dated the 16th January 1917, Mr. J.A. Frost was recommended for the State scholarship to be awarded this year to a male member of the domiciled community. In their letter No.188, dated the 28th February 1917, the Government of India sanctioned the award to Mr. Frost of the State scholarship which was available but not awarded last year. They did not, however, invite fresh nominations for the scholarship to be awarded this year.

2. Every year only one scholarship is awarded for the whole of India to a selected candidate belonging to the domiciled community and it is doubtful whether a candidate from this Presidency will be awarded the scholarship available for this year also. The Director of Public Instruction may, however, be asked u.o. whether there are any suitable candidates whom he can recommend.

Please see G.O. No 1074 Dated 9th October 1916 & the D.P.O. letter therein. It was decided then that if Mr. Frost was to be awarded a scholarship in the current year, there was no need to invite fresh application.

It now appears that ^{another} scholarship is available this year, what was awarded to Mr. Frost being the previous

year's withheld scholarship. The award of scholarship to any particular candidate depends upon his being the best of the candidates nominated by the several provinces & the fact that the candidate belongs to the same province as that which carried the scholarship in the previous year does not necessarily preclude. If we have any candidate deserving of being nominated, we need not withhold his name.

The D.P.I. may be asked to state V.E. whether he could suggest any name.
