Government of Madras

HOME (EDUCATION) DEPARTMENT

G.O. No. 846, 25th June 1917

Building grant

Sanctioning a — of Rs. 6,800 towards the cost of construction of a science laboratory in connection with the Taylor high school, Narasapur, Kistna district.

READ—the following papers:—

I

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction, Madras.
To—the Secretary to Government, Home (Education) Department.
Dated—the 16th April 1917.
No.—R.C. 2733.

I have the honour to submit herewith the plans bearing Nos. 206 (A) and 206 (B) with estimates, amounting to Rs. 17,000, for the construction of a science laboratory in connection with the Taylor high school, Narasapur, and to recommend that a grant not exceeding one-half of the estimated cost may be sanctioned to be paid when funds become available.

II

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction, Madras.
To—the Secretary to Government, Home (Education) Department.
Dated—the 24th May 1917.
No.—Ref. on Cur. 2733.

In continuation of my letter R.C. No. 2733, dated 16th April 1917, relating to the construction of a science laboratory for the Taylor high school, Narasapur, I have the honour to submit herewith one more copy of the site plan and also of the design for science laboratory since received from the correspondent.

III

Note by the Chief Engineer, Public Works Department, No. 3775-C., dated 13th June 1917.

The Director of Public Instruction submits two plans bearing D.P.I. Nos. 206 (A) and 206 (B) and a detailed estimate, amounting to Rs. 17,000, for a grant-in-aid towards the cost of constructing a science laboratory in connection with the Taylor high school, Narasapur, Kistna district.

II. The plans and the estimate have been scrutinized in the Chief Engineer's office and it is observed that the walls including basement and foundations are unnecessarily thick. They have therefore been reduced as shown in green on D.P.I. No. 206 (B).

It is proposed to use rolled steel joists for supporting the terraced roofs. As it is now difficult to get the required number and size of rolled steel joists and as the cost is also very high, teak-wood joists have been provided.

The rate provided for steel beams in the estimate is Rs. 500 per ton excluding the charges for conveyance and hoisting. As this rate is considered high, it has been reduced to Rs. 400 per ton.

The provision made in the estimate for fixing the ends of steel beams in cement concrete has been deleted. The ends of the beams should however be set in cement plaster.

As the existing building abuts against the wall ZZ, the windows marked WW on D.P.I. No. 206 (B) are unnecessary and have therefore been omitted.

By these alterations the amount of the estimate has been reduced from Rs. 17,000 to Rs. 13,600.

III. In order to satisfactorily drain the roof over the existing building at its junction with the wall of the lecture room C, it is recommended that the hip H shown on D.P.I. No. 206 (A) should be altered into a gable and proper arrangements made for carrying away the rain water.

IV. The Superintending Engineer should satisfy himself about the nature of the soil and the suitability of the foundations.

V. With these remarks, the estimate, as altered in the Chief Engineer's office amounting to Rs. 13,600, is recommended for approval.

S. B. MURRAY,
Chief Engineer, P.W.D.

Order—No. 846, Home (Education), dated 25th June 1917.

The Government are pleased to sanction a grant not exceeding one-half of the actual expenditure, nor Rs. 6,800 towards the cost of construction of a science laboratory in connection with the Taylor high school, Narasapur, Kistna district, subject to the following conditions:—

(1) that in carrying out the work the suggestions of the Chief Engineer in his note, dated the 13th June 1917, are adopted; and

(2) that all the conditions prescribed in the Grant-in-Aid Code have been duly complied with.

2. On the above conditions being fulfilled, the grant will be paid as funds become available.

(True Extract)

R. RAMACHANDRA RAO,
Secretary to Government.

To the Director of Public Instruction, with plans, estimates and copy of Chief Engineer's note.

Copies distributed on (Press Clerk).

† Copies distributed on (Press Despatcher).

To be initialed and dated.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencee concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The types of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

TO PRESS, MADRAS OOTY.

A
Please send proof in duplicate. The papers have been carefully edited.

B
Proof returned corrected. Please strike off and send number of copies indicated.

C
As the matter is clear and has been carefully edited, (b) proof need not be sent. Please print and supply number of copies as indicated.

Type may be released after usual interval at once.
