No. 2759 of 1917.

From

The Hon'ble Mr. S. M. FRASER, C.S.I., C.I.E.,

Resident at Hyderabad.

To

The Chief Secretary to the

Dated Hyderabad Residency, the 20th April 1917.

Sir,

I have the honour to inform you that His Highness the Nizam's Government are anxious to promote the development of industries in the Hyderabad State, and with this object in view they desire to secure the services of a competent Indian officer for the post of Director of Industries.

2. The most obvious openings for industrial development are in connection with cotton and oil-seeds, the chief products of the Hyderabad State, and the officer selected will be expected to survey the whole question of industrial possibilities and to point out many other directions in which development might be encouraged. The first quality which His Highness' Government desire in the Director is thorough business capacity and although they do not expect him to be a technical expert in regard to each and every industry

yet

yet it is desired that he should be able to secure technical experts for them wherever this is necessary.

3. I would request therefore that you will be so good as to let me know whether the Government of Madras, can recommend an Indian officer for the post, and, if so, to favour me with the name of the officer, his qualifications and the salary to be paid to him, for communication to His Highness' Government.

I have the honour to be,

Sir,

Your most obedient servant,

Director of Industries for the Hyderabad State

It is doubtful whether the Dept of Industries in this Presidency can spare the services of a competent divisional officer for the Hyderabad State. Attention is in this connection solicited to the reply given to the Taravani Darbar in 1916 in connection with a similar request made (4.14.17 p. 11. No. 62 P. 1. dated the 14th Feb 1916.) by it. It is for ~~consideration~~ orders whether Mr. Innes may be consulted. ^(sup) Also, the draft order is for approval.

May we not spare some officer from the Provincial Executive Service? What His Highness the Nizam's Government want is not a technical expert in regard to any industry, but a man of thorough business capacity, one who would be in a position to secure experts when necessary and to control them. If Mr. Innes who, so far as I know, has no claim to be a technical expert in any industry, could be our Director (and I feel bound to say that, so far as I have seen him, he is a good Director of Industries) there may be officers in the grade of Deputy Collectors who could do similar good work in Hyderabad. An officer like Mr. T. Vijiaraghavachariar would probably serve Hyderabad as efficiently as Mr. Innes does ~~in~~ the Madras Presidency, provided of course that the former would care to go and we could spare him. The Travancore precedent referred to by the office is different. What the Travancore Darbar wanted was "a competent industrial expert to conduct a systematic industrial survey of the State and to devise a scheme for the improvement and development of its industrial resources." The Darbar wanted to know if we knew of any expert ^{such} and we naturally replied that we knew none and also we suggested for the Darbar's consideration whether a general industrial survey such as that contemplated by it was likely to be of any real use, and we also mentioned that no such survey had been made in the Madras Presidency, the idea being that attention could under present circumstances be more profitably devoted to the practical advancement of a few selected industries than to a general survey of all industries. The Hyderabad Govt. is much less ambitious and much more practical than Travancore

I agree with the Honble Mr. Rajagopal Achariyar that we may suggest Mr. T. Vijaya raghava Achariyar for this post. I think he would prove suitable. He would, I understand, prefer an active post of this sort to a Secretary's appointment. We give him a chance of distinguishing himself. And he might possibly be some day useful to this Govt. by reason of the experience acquired.

I agree that we should have the question of pay
examined in full. Mr. T.V.'s grade pay is
Rs. 700 & the highest pay of any Deputy Col. is
Rs. 800. I think Rs. 1500 will be excessive.

Regarding proposed pay, I think
life in Hyderabad is very costly. I think

For the Asst. Secy.

Mr. T. Vijaya naghava Achariyar is at present permanent Dy. Collector, second grade (pay Rs 700) and acting Secretary, Board of Revenue, Rev. Sd., (salary Rs 900). It is proposed to lend him to the Nizam's Govt. for employment as Director of Industries on a pay of Rs 1,500 p.m.

2. Under Art 764 II of the C.S.R., as Mr. V. Achariyar's duties in the foreign service are likely to differ from those of his appointment under Govt., his pay under the foreign employer ^{may} be specially fixed with reference to the nature of the work in the Hyderabad State, ~~subject to the condition that his pay in the foreign service does not exceed Rs 1250 p.m.~~ The Local Govt's powers in sanctioning the transfer of the Service of Mr. Achariyar are also ~~the~~ subject to the condition that his pay in the foreign service does not exceed Rs 1250 p.m.

3. Attention is solicited to G.O. 2867 Rev S. 2-10-14 in which the services of Mr. H. Vijayanagharava Achariyar; Asst. Registrar of Co-operative Societies (pay Rs 500) were lent to the Hyderabad State and he was

permitted to receive a pay of Rs 1000 inclusive of pensionary and leave contributions from the Nizam's Govt. In the present case, H.M. Rao is of opinion that the proposed pay of Rs 1500 is excessive. If on the analogy of the case of 1914 quoted above, the pay of Mr. Achariyar as Director of Industries in Hyderabad is fixed at Rs 1250 inclusive of pensionary and leave contribution (these come to Rs 175 pm) the net emolument for him will be Rs 1075, which will give him Rs 175 over his present salary of Rs 900. If, however, this is considered too small, then his pay in the foreign service may be fixed by the Local Govt. at Rs 1250 pm, exclusive of pensionary and leave contributions, this latter being allowed as a special additional concession under Rule II (i) in Appendix 31 of the C.S.R. In this case, Mr. Achariyar will get Rs 350 pm. over his present salary. Any further concession in the matter of pay will require the sanction of the Govt. of India.

I would suggest an increase of pay of Rs 1000 - 100 - 1200. The Hyderabad Govt. to pay pensionary & leave contributions.

I do not object: and would merely suggest for consideration whether it would not be more in W. V. Charia's interest, after his recent work with the Corporation, to get his unpaid vacation work: for it would be regrettable that an officer of his ability and promise should at some future date run the risk of being placed at a disadvantage owing to the absence of such experience.

Dear Mr. Ramachandra Rao,

I am deeply sensible of the kindness of Government in recommending me for the post of Director of Industries in Hyderabad. The work has, I must confess, great attraction for me and I should not trouble about the terms if I did not feel that Rs.1000 would hardly be an adequate salary to start with in Hyderabad for an appointment like this. If Government can see their way to recommending a salary of Rs.1200-100-1400, I shall gladly take up the post if offered. I trust I shall not be considered as asking for too much. House rent is high in Hyderabad and the work will involve the maintenance of a motor car and tents and from my experience in the Corporation I expect a good portion of the salary will be absorbed by these items.

Yours sincerely,

T. Vijayaraghava Achariyar

I don't think we could tell Mr. Nizami Sol. that they can have Mr. Vijayaraghavachari for Rs 1200 - 100. 1400 and where they ask for his services refer the matter to India. This would amount to forcing the G. of I's hands and they are likely to resist it. We shall therefore have to obtain their prior concurrence.

Mr. T. Vijiaraghavachariar is one of our best officers and it would certainly be a loss to us if he leaves. At the same time I would not stand in the way of his advancement and of his taking up work which must be more congenial to an officer of his capacity than the headship of the Settlement Secretariat in the Board. The prospects of Provincial Executive Officers in this Presidency are so poor, our hands in the matter of advancing them are so tied and, even when opportunities occasionally occur, we so seldom avail ourselves of them to advance picked men of this branch of the service, that I feel that we would not be acting rightly if we stand in the way of any one of them getting employment outside the Presidency which would better him pecuniarily. I recognise the force of what His Excellency says at page 9 ante, but would submit that Mr. Vijiaraghavachariar had been a Divisional Officer for very many years before he came to the Corporation, had had in fact a long spell of mofussil executive work: and a term of office as Director of Industries in an Indian State would probably improve, it can hardly diminish, his future usefulness to us. In regard to his pay I feel, on reconsideration

re-consideration, that a scale of Rs.1200 to 1400 can hardly be deemed excessive. Hyderabad is a costly place and I agree with the Chief Secretary that it would probably hardly pay Mr. Vijiaraghavachariar to accept less than the amount which he has suggested. Though he is now ^{only} acting in the Board, the chances of his reversion are, I believe, comparatively few, and even if he does revert, it is unlikely that it would be for any length of time. It may therefore be assumed, for all practical purposes, that his present salary in his own service is Rs.1000 per mensem: and that being so, the -- scale of Rs.1200 to 1400, which he has asked for, appears to me not inappropriate. I doubt the wisdom of addressing India just now. Hyderabad has not asked for Mr. Vijiaraghavachariar's services, and probably may not in the end ask for them. -- Would it not suffice if we address India after ascertaining that Hyderabad would take him? It should not be difficult to frame a reply to the Nizam's administration in a sufficiently non-committal way, so that it may not be open to the Government of India to say that we have settled anything behind their back.

Sir,

With reference to your letter No.2759, dated the 20th April 1917, I am directed to recommend M.R.Py.Rao Bahadur T.Vijayaraghava Achariyar Avargal, M.A., a member of the Provincial Civil Service, ~~now~~ now Officiating Secretary to the Commissioner of Revenue Settlement, Survey, Land Records and Agriculture, for the post of Director of Industries in the Hyderabad State.

M.R.Py.Rao Bahadur T.Vijayaraghava Achariyar entered the Madras Provincial Civil Service by competition in April 1898 and served as a Divisional Officer in several districts till March 1912, when he was selected for the responsible post of Revenue Officer to the Corporation of Madras. Recently he has been appointed to officiate as Secretary to the Commissioner of Revenue Settlement Survey, Land Records, and Agriculture, and is ~~now~~ in receipt of a salary of Rs.900 per mensem. prominent part in the organization of the Industrial Exhibition held in Madras in 1915, the success of which was, in no small measure, due to him. The Governor in Council is confident that he will, if selected for the post of Director of Industries in the Hyderabad State, give a good account of himself.

3. M.R.Ry. Rao Bahadur T. Vijayaraghava Achariyar asks for a salary of Rs. 1200-100-1400 per mensem, exclusive of pensionary and leave contribution to be borne by the Hyderabad State. Having regard to the prospects open to M.R.Ry. T. Vijayaraghava Achariyar in this Presidency and the costliness of living in Hyderabad, the Governor in Council considers the above pay to be reasonable. I am to add that, in case His Highness the Nizam's Administration is willing to engage the services of this officer, the sanction of the Government of India will be necessary to the terms. Subject to such sanction, this Government will be prepared to lend his services to the Hyderabad State for a term of three years, after which period the extension of his term of office may, if His Highness's Administration wish it, be considered.
