DR No. 274 of 17

Station Vizianagram, Dated the 27th January 1917.

From (Name) M.R.Ry. V. Somasundararao Pantulu Garu

(Designation) Chairman, Municipal Council.

To The Secretary to the Government of Madras,

Local and Municipal Department.

Sir, Through the Director of Public Instruction, Madras and the Inspector of Schools 1st Circle, Vizagapatam.

I have the honour to state that the Municipal - Incomplete Secondary School opened in the year 1913 was raised to a complete Secondary School in 1915. - The school has rapidly risen in strength from 227 in 1913 to 500 in the current year, affording ample proof of its necessity in the educational system of the town.

2 Since its opening the school has been kept in - rented buildings. Want of suitable and sufficient - accommodation has been a serious disadvantage under which the school has had to work from the beginning, so much so, that admissions into the institution had to be limited much to the detriment of its progress and finances.

3 A rent of Rs.43/ is being paid for the school building at present and the cost of repairs and improvements also are being borne by the Council with the result ^{not} and a sum of about Rs.700/ has been spent annually under rents. Additional accommodation has to be urgently provided, but no suitable buildings are available for rent within a reasonable distance from the school. The Inspector of Schools remarked in his notes of inspection of the school on 21st & 22nd September 1946 that unless the building accommodation was improved and extended the continuance of the recognition of the school would not be recommended to the Director of Public Instruction.

4 The Council has tried its best to secure better accommodation for rent, but no better buildings are procurable. The construction of a proper building by the Council is, under the present circumstances, quite beyond its financial possibilities; also, the question of time, even if funds were available would present a serious difficulty in the matter of relieving the present situation which demands immediate attention. The Council has therefore decided, as recommended by the Inspector of Schools, to acquire the buildings shown in the enclosed sketch as the best and the only solution of the difficulty for the following reasons. These buildings have been inspected by the Director of -- Public Instruction, and the Inspector of Schools 1st Circle.

(1) The buildings selected are very conveniently situated being within a few yards of the present rented buildings, and, in a locality, wherefrom the school could supplement the utility of the High school department of the Maharaja's College.

(ii) With slight alterations they afford accommodation -- for about 360 pupils as shown in next para.

(iii) There is a spacious compound to these buildings -- which admits of additions or extensions of the buildings to meet the prospective requirements requirements of the school leaving sufficient space for drill, gymnastics & games.

5 A site plan of the buildings is enclosed (Vide sketch A). Also plan B which shows how the buildings altered so as to suit the requirements of the school. They give 12 rooms each 18'x12' and 4 rooms each 24'x12' affording accommodation for (12'x27' & 4'x36') or 468 students allowing 8 Sft to each.

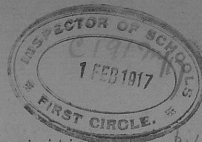

Two pucca sheds measuring 76'.6" by 18' and 76'x18' are also proposed to be constructed to afford additional accommodation for 232 students leaving a portion 40'x18' for drawing class &c so that the total accommodation will suffice for 700 pupils against the present strength of nearly 500.

Building marked A in red situated aloof in the same compound serves for office and reading room purposes.

Excluding the space set apart for latrines and urinals an open space 280'x280' is available for games, gymnastics &c.,

The compensation payable for acquiring the buildings is estimated at Rs.12075/ and the cost of repairs and of constructing the two sheds at Rs.9000/ making a total of Rs.21075/4

6 The Council has spent already about Rs.6429-3-10 for the initial equipment of furniture, books, apparatus etc., and has also been meeting the recurring expenditure of maintaining the school (Rs.873/- ^{month} per) from its own resources, but it is financially unable to bear an expenditure of Rs.21075/ required for acquiring and improving the building proposed. The Council, therefore requests that Government may be pleased to make a grant of Rs.21075/ so as to enable it to provide a building for the school which will serve its purpose for some years to come and extend the sphere of usefulness of the institution the necessity of which has been demonstrated beyond doubt by its work during the past three years.

The following are enclosed:-

- (1) Site plan of the buildings proposed for acquisition.
- (2) Plan showing the accommodation afforded by the buildings as altered and extended.
- (3) Valuation statement of the existing buildings.
- (4) Estimate of repairs and extensions.
- (5) Extract from the inspection report of the Inspector of schools 1st Circle.
- (6) Remarks of the Director of Public Instruction noted in the visitor's book.
- (7) Council's resolution No. I dated 11-1-1917.

(h) Madras Educational Rules.

(1) Accommodation; (2) Sanitary condition; (3) Furniture, apparatus and appliances; (4) Garden and Museum.

(1) Never have I inspected a Secondary School under such appalling conditions. The premises are rented. In the upper story of the back building alone is any air obtainable, but even then the rooms are over-crowded and merely divided by tatties. The downstairs rooms as well as those in the front building have practically no ventilation at all, and even the small supply of air that might trickle in is further blocked by classes on all the verandahs. The suggestion to put up an additional shed on the only empty space available is simply suicidal. Apparently, a house somewhere has been got to accommodate 4 classes, and a separate -- time-table for those classes has accordingly been prepared, but there is no talk at present of shifting these classes.

A unique room accommodation^{as} C Mathematics boys, who do not exceed 7 in either form, otherwise there would be -- no space. The boys "Reading Room" and the teachers' room are little better.

The only course is to give the council 6 months from date, as I have told the Municipal Secretary, to secure something that will not violate wholesale all laws of -- sanitation and ventilation. Otherwise no continuance of recognition can possibly be recommended. There is a -- building with a decent compound quite near the school which with some alterations will relieve matters. No permanent building can be hoped^{for} for several years yet, but there is quite a nice site available most of which has to be acquired, and steps for that acquisition may be taken at once.

I hope accordingly to pay a further visit towards the close of March to see how conditions are then.

" A.J.Gopal Rao Pantulu Garu

Minutes.

I. Read para 1 page 17 of the Inspection
report dated 24-9-16 of the Municipal ---
Secondary School regarding the building
accommodation.

Read Chairman's proposal that the build-
ings belonging to Messrs. G.Vijayanarasimha-
raju, Gudlavilli Jagannadham and Mudunuri
Venkatakrisnamraju be acquired and improved
to suit for a school and Government be
requested for a grant of Rs.20,000/ for the
purpose.

Resolutions.

The Council resolves to
acquire and improve the
buildings proposed by the
Chairman for Municipal
Secondary School and also
resolves to apply to the
Government for a grant of
Rs.20,000/ as a building
grant mentioning the --
special circumstances.

Ref. on Cur. No. 933/17, dated 2/February 1917.

S u b m i t t e d.

2. The school is very urgently in need of better accommodation and the Council's proposal is therefore strongly recommended for the favourable consideration of Government.

3. I recently inspected with the Inspector of Schools the buildings proposed to be acquired and with necessary alterations and repairs, they will be suitable for school purposes though not ideal. The proposed construction of two sheds is also necessary.

It is therefore recommended that ^{the} ~~a~~ subsidy applied for may be sanctioned and the council permitted to commence acquisition proceedings.

4. As regards funds, it is submitted that the allotment of Rs.1.5 lakhs provided for next year under '22 E. Grants to local bodies' ^{for secondary school buildings} is already earmarked for other schools and it is therefore suggested that the cost of the present proposal may, as a special case, be met by transfer of Rs.21,075 from the provision of Rs.2.63 lakhs in the next year's budget under 22 G Grants-in-aid - Non-European Schools - Building Grants' to "22 E. Grants to local bodies for Secondary school buildings."

No. 964/17

Station Vizianagram, Dated the 9th May 1917

From (Name) M.R.Ry. V.Somasundararao Pantulu Garu,
(Designation) Chairman, Municipal Council.

To The Secretary to the Government of Madras,
Local and Municipal Department.
Through the Collector, Vizagapatam.
Sir,

With reference to the Memorandum of Government
No.1451-2 M., dated 24th April 1917, I have the honour
to state that the Council at its meeting held on 7-5-17
resolved to take a loan of 1/3 of the amount required
for providing building for the school and to request
Government to be pleased to make a free grant of the
remaining two-thirds of the amount required.

2 The narrow means of the Council which preclude
from bearing a heavier burden than it has decided to
bear have already been explained to Government in my
previous letter. I, therefore, request that Government
will be so good as to comply with the request of the
Council as a special case. The school is to be re-

10/4/17

reopened in July. The present building is worse than - anything. Unless the Government helps, the Council will be at a great disadvantage with regard to the school. There is no possibility of getting rented buildings even. So I request that early orders may be passed about the grant as well as the loan mentioned in this letter.

3/ In this connection I may add that the valuation of the building by the Tahsildar is not completed as yet, and it is therefore not possible for me to say now if the cost of the scheme (Rs.21075) as estimated by me is likely to be exceeded or not.

4/ As regards the discrepancy noticed in para 2 of the Memorandum I submit that in stating that the Council has been meeting the recurring expenditure of the school from its resources, the fees derived from the school have been treated as a part of the Council's resources, as distinguished from private contributions or such other sources. Moreover the Council spent Rs.12,922-0-2 in 1916-17 when the receipts amounted to Rs.11641-5-6 in the same year.

Copy of the Council's resolution is enclosed.

I have the honour to be,

Sir,

Your most obedient servant,

Chairman M.C.

Handwritten note at the bottom left of the page.

for a building for the municipal secondary school, Vizianagram, may be said to have been established.

2. The municipality is apparently not in a position to meet the cost of acquisition as the balance at the close of 1916-17 was estimated only at 8.1 per cent. of the receipts under general funds as against the prescribed minimum of 10 per cent. From para.6 of G.O.No.1659 M., dated the 21st September 1916, it appears that the school is self-supporting and the Chairman's statement in his letter that the Council has been meeting a recurring expenditure of Rs.873 a month in maintaining the school is not understood.

3. As regards the Director's proposal to meet the cost of Rs.21,075 from the provision of Rs.2.63 lakhs in the next year's budget, attention is solicited to the demi-official letter No.2199-3, dated the 28th August 1916, on page 9 of notes to G.O.No.1182 Home (Education), dated the 13th November 1916, permitting the Director to accept liabilities to the extent of four lakhs on account of building grants to non-European schools to be paid when normal conditions are restored. It was in view of the permission therein given, the provision under "Building grants" for 1917-18 was raised by .75 lakh when final orders were passed on the budget estimates. In these circumstances it is for consideration whether the reappropriation suggested by the Director of Public Instruction may be accepted.

shown
We have first to satisfy ourselves of the viability of the Council to bear any portion of the cost, though not the whole, from its own funds or borrowed funds.

The Mayavaram Muni. Council recently raised a loan to meet a portion of the cost of site for a hostel & playground for its school, which it could not meet from its own funds. Only half of the cost in that case was given as grant by Govt. Cannot the Vizianagaram Council follow any such course? It is for L.M. to make out a case for aid from Govt. to the extent thereof by examining the possibility of the Council's meeting any portion of the cost from its own funds or borrowed funds.

para 14 from 22.3.17

Local and Muni. Dept.
 The budget estimate of the Vizianagaram municipality for 1917-18 closes with a balance of Rs 3950 under general municipal funds alone and it represents 5.5 per cent of the receipts under those funds. Owing to a correction to be made in the figures consequent on the

the Chairman's reply to a point raised in the budget statements even this balance of Rs 2950 is reduced to Rs 1900.

2. The surplus or deficit in the ordinary funds of the municipality during the last three years was as follows—

	Surplus or deficit.
1915-16	+2786
1914-15	- 5979
1913-14	+ 6085.

It will be seen that the financial condition of the municipality is not sound enough to permit the Council to find funds for the provision of the building in question either from its own funds or borrowed funds. Orders are therefore solicited whether the Home (Ed?) Dept may be requested to consider favourably the question of a grant of Rs 2,075 for the building, or ~~whether the Council may formally be asked to state whether it is prepared to take a loan of any portion of the amount.~~

Submitted that the Council might be asked to do as at A above, and the Chairman called upon to reproduce his remark in the Council letter that the Council has been meeting the recurring expenditure of maintaining the school.

School (Rs 875 per mensem) from its own resources, with para 4 of the administration report for 1915-16 from which it appears that the institution was self-supporting.

26. The Council of the school is to be formed by the school. V.T.K. 19. 4. 1916

U.S. A draft memorandum is submitted for approval. V.T.K. 20/4 1914

[Memo No. 1451-24 of 24.4.17] C.No. 3744 of from the C.E. Vignaravaram No. 964 of 29.5.17.

The Council reports that it is unable to raise by loan the whole amount (Rs. 2,075) required for the buildings in question. It is prepared to take a loan of one-third of the cost and it requests that the remaining two-thirds may be given as a free grant from Provincial funds. In view of the Council's financial position as set forth on pp. 4 and 4 supra, it is submitted that it does not appear that the Council may be expected to raise more than one third of the cost by loan. It is therefore for consideration whether the Home (Edn.)

Sept. may be requested to consider the Council's present proposals. As the valuation of the buildings has not yet been completed by the Tahsilwar it is stated that it is not possible to say now whether the cost (Rs 21,075) is likely to be exceeded or not.

2. As regards the Chairman's statement that the Council has been meeting the recurring expenditure of the school from its own resources, he states that the fees derived from the school have been treated as part of the Council's resources, as distinguished from private contributions or such other sources.

P.T.O.

Home (Education) Dept

The Municipal Council is prepared to take a loan of one-third of the amount ^{Rs 24075} required for the purchase of the building ^{and subsequent improvements} and requests a grant of the remaining two-thirds. Attention is solicited to the d.o. from the Chairman to the D.P.D. dated the 6th March 1917, in which the former stated that if the Govt. could not make a grant of the full amount, ^{at least} one-half might be sanctioned as grant and the other half lent to the Council. It is for consideration whether it will be sufficient to sanction a half grant or whether the request of the Council for a two-thirds grant should be complied with. If only a moiety of the cost is sanctioned as a grant and the other moiety lent to the Council, it may not be difficult for the Council to repay the loan in say ten annual instalments of a little over Rs 1000 each.

2. The valuation of the building is not yet completed, and it is not yet possible to state what will be the actual amount of grant required. ^{There} is no provision in the current year's budget estimate for the ^{payment of the grant} purpose. The Director's suggestion ^(page 12 of c.f.) ^{that the amount may be made} is to transfer from the provision under "22 - G. Grant-in-aid - Non-European schools - Building grants" ^{in this connection, attention is solicited to} para. 3 of the office note in page 2 ^{before a decision is}.

NOTES.

31 Page 8

It is for consideration whether the Director's recommendation ~~concerning the grant to the amount of Rs. 10,000~~ may be accepted. ~~It is also to be decided whether the grant should be sanctioned for the purpose of the building.~~

3. The Municipal Council is anxious to reopen the school in July in the new building and requests the early payment of the grant. It is ~~however, not possible to know whether it will be possible to sanction the payment at once of the loan asked for as to enable the Council to carry out the scheme in its entirety.~~ The ^{cost of} acquisition of the building is at present estimated by the chairman to ~~be~~ ^{at} Rs. 12,075. Even if a half grant of the total cost (Rs 21,075 as now calculated) is sanctioned, the Council may be able to acquire the building with the help of this grant supplemented by municipal funds. The improvements and additions to the building may be carried out with the help of the loan when sanctioned.

4. The file may now be forwarded ^{to the} ~~with~~ with reference to the amount of grant to be sanctioned.

he may sanction a grant of Rs. 10,000 ~~the~~ met by re-appropriation from the provision for building funds.

[Memo No. 3744-14 of 11.6.17]

CNo. 4388 M from The C.N.C. Virgianaogram No. 1187
of 16.6.17

The Chairman reports that the ^{Rev.} Divl.
officer, Virgianaogram to whom a requisition
was made to settle the preliminaries of
acquisition has referred the question of
the valuation of the building to the
P.W.D. Sub Divl. Officer, Virgianaogram and
that

p. 21. CF
p. 22. CF

p. 22. CF

That it would be some time before the valuation is made by that officer. As he believes that the cost^(£20,000) of the scheme as originally estimated by him is likely to be exceeded, he states that the cost of the buildings and of additions and adjustments may be safely put down at £30,000 (£21,000 for compensation payable for acquiring the buildings + £9,000 - cost of repairs etc.). As the buildings are urgently required before 1st July 1917 the Chairman requests early orders on the subject. Orders are solicited whether with the information the file may be forwarded to the Home (Ed?) Dept.
220.

Submitted for orders as to whether a subsidy may be sanctioned at once in the circumstances explained above.

L.M. 4506 4388-190
21-6-17

2 Should it be decided to pay the subsidy now, it is for consideration whether the amount should be Rs. 10,000 as originally proposed or Rs. 15,000, being one half of the cost (Rs. 30,000) as now estimated. Financial will have to be consulted.

3. Orders will have to issue in D.M. in regard to the loan applied for by the Council.

In the circumstances we may sanction a grant of Rs. 10,000, which will be the minimum that can be given. When the cost of the whole scheme is definitely settled, we may sanction a further grant on application from the Council.

CR
22/6/17

I think we can sanction up to Rs. 21,075 (the amount recommended by the Director) or $\frac{2}{3}$ of the total cost of acquisition & partly of shed whichever is lower. Any objection?

W 23/6/17

Submitted that there appears to be no objection to the Secretary's proposal, if Financial agree.

Financial dept.

Buildings for the Municipal
Secondary School, Virianagram.

Total Cost :- In his letter dated 27-1-17 (para: 5 on page 3 C. F.) the Municipal Chairman estimated the cost at Rs. 21,075. (Rs. 12,075 for purchasing the buildings - plus Rs. 9,000 for repairs and constructing 2 sheds). Subsequently, on 16-6-17 (pages 22-23 C. F.) he has stated that it will be some time before the valuation of the building is made by the P.W.D. officer, that the original estimate of Rs. 21,075 is likely to be exceeded, and that Rs. 30,000 may be safely put down as the cost of buildings and of additions and improvements.

2. Apportionment of the Cost.

The following suggestions are made :-

(a) Director of Public Instruction -
(page 12 C. F.) Full cost of Rs. 21,075
to be borne by Govt.

(b) Municipal Council on 9-5-17-
(pages 17-18C.7.) One-third of Rs. 21,075

This will probably
be Rs 30000.

7025
10000

to be borne by the
Municipality (the amount
being taken as a loan
from Govt.) and two-thirds
of Rs. 21,075 to be borne
by Govt.

(c) Home Secretary. (note dated
23-6-17. on page 11 ante)

The Govt. to pay a
subsidy of Rs. 21,075 =
(the amount recommended
by the D.P. 9), or two-thirds
of the total cost, whichever
is lower.

3. In the case of schools
under private management,
a grant not exceeding
one-half of the cost of building
is admissible under the
Grant-in-Aid Code. The rules
in the Grant-in-Aid Code are
not applicable to Local Board
and Municipal schools; and
the subsidies from Govt. on

at page 2 of
notes. May 11

account of school buildings⁵⁷
are given with reference to
the financial condition of
the local body concerned.

From the financial position
of ~~Vizianagaram~~^{Vizianagaram} Municipality
as given in L. & M. dept. note
on pages 3-4 ante, it will be
seen that there seems to be a
case for Govt. contributing
more than one-half of the
total cost.

Orders are solicited whether
a subsidy of two-thirds of
the total cost, subject to
a maximum of Rs. 20,000
may be given. The amount
can, as proposed by the
Director (para. 4, page 12 C. 7.)
be met from the budget
provision of 2.63 lakhs
for building grants under
22-G - Education - Grants -
- in Aid. (Non-European Schools).
Rs. 16.

26.617. I don't think we can
any longer act on the figure
of Rs 21,075. I therefore support

Page 138 C. 2

page 14 ante)

The suggestion in the office note above that we should limit our liability to $\frac{2}{3}$ of the total cost or Rs 20000. which ever is less. If the total cost exceeds Rs 30000 the Municipality should bear the excess. This should be made clear.

The Govt. grant will be met by re-appropriation and as we will have to find the money for the loan.

ORDER.
Muc.

No. 889, dated 5.7. 1917.

Municipal Council will be informed that if the total cost exceeds Rs. 20,000, the excess should be found from its own funds.

The Government sanction the payment to the Municipal Council of Vizianagram of a subsidy of two thirds of the total cost of or Rs. 20,000, whichever is less, towards the acquisition of buildings for the Municipal Secondary School, Vizianagram, and their adaptation and improvements. The amount will be met by transfer from the provision of 2.63 lakhs under 22-4-Grant-in-aid - Non-European Schools - Building Grants. The D.P.J. will be requested to submit an application for the transfer.

of funds.
3. The Orders in regard to the
loan applied for by the Municipal
Council will issue in the local
and Municipal Department.
