Sir,

h 3 mpa

I have the honour to forward herewith a statement showing the provincial grants sanctioned to this Council for providing accommodation to the Municipal elementary -- school buildings and their utilisation and to state that owing to the increased cost of labour and materials, it -- became impossible to limit the expenditure on the works within the original estimates which were framed in the -- year 1912-13 and on the basis of which the above grants were sanctioned. It was therefore found necessary to curtail the programme of work set forth by the Council in this direction by postponing for the present the construction of a building for one of the schools included in it although a site for this building had also been acquired --

Statement showing the details of Provincial Grants received for construction of school buildings and their utilization.
