From (Name) The Hon. Mr. J. H. Stone, M.A., C.I.E., F.R.H.S.,

(Designation) DIRECTOR OF PUBLIC INSTRUCTION.

To The Secretary to the Government of Madras,

H O M E Department.
(EDUCATION)

Sir, (Through the Accountant - General).

I have the honour to request that you will be so good as to obtain the sanction of Government as a temporary measure until the introduction of the modified scheme for the establishment of Model Secondary Schools to the payment with effect from 15th January 1917 of an allowance of Rs. 5/- per mensem each to the Drawing Master and the Gymnastic Instructor employed in the Government College, Mangalore, to enable them to impart instruction in Drawing and Drill respectively to the students of the Government Secondary Training Class, Mangalore, in the circumstances explained below.

2. In the scheme for the reorganization of Government Secondary Training Schools a headmaster in the cadre of Sub Assistants and a peon on Rs. 7/- per mensem were sanctioned for the Government Secondary Training Class, Mangalore, on the ground that the number of students admitted for training was not to exceed five. Since then owing to the large demand for secondary grade Canarese teachers provision has been made for the training of as many as 20 students in the class - vide G.O. No. 162 Edl. Mis., dated 15th February 1916. Although according to the scheme mentioned above the Secondary Training Class will have to be eventually attached to the Government College, Mangalore, when final orders are passed on the modified scheme for the establishment of Model Secondary Schools the class was until recently located very near the Government Higher Elementary Training School, Mangalore, and the Drawing and Drill instructors of the latter school have under the orders of the Inspector of Schools, 9th Circle, been imparting instruction in the respective subjects to the students of the secondary training class. The Inspector of European and Training Schools having urged in view of the absence of standards above the fourth in the model school attached to the Higher Elementary Training School the desirability of having the secondary training class close to a secondary school for observational and practical work, the class has now been moved to a rented building opposite the local Ganapati Incomplete Secondary School, which is now being used by the above class as a practising school. As, however, the distance between the Ganapati School and the Secondary training class on the one hand and the Government Higher Elementary Training School on the other is about a mile the Inspector of European and Training Schools considers that it is not desirable to continue any longer the present arrangement for the teaching of Drawing and Drill to the students of the Secondary training class as it

not likely to conduce to the efficient teaching of the subjects in both the Elementary and Secondary Training Schools. He therefore suggests the employment as a temporary measure in the Secondary Training Class of a separate Drawing Master on Rs. 20/- per mensem and a Gymnastic Instructor on Rs. 10/- per mensem on the analogy of similar instructors sanctioned for the Government Secondary Training Schools. I am, however, not convinced that the employment of separate instructors in the above subjects for the Secondary Training Class is imperatively urgent, but would propose that the Drawing and Drill Instructors employed in the Government College, Mangalore, which is close by be required to give instruction in their respective subjects to the students of the Secondary Training Class and granted a compensatory allowance of Rs. 5/- each per mensem. The Principal of the Government College, Mangalore, whom I have consulted, reports that the Gymnastic Instructor and the Drawing Master of the college are willing to undertake the extra work and that he will arrange the time-table in such a way as to allow these instructors to work in both the institutions without detriment to their duties in the college.

3. The extra cost during the current year will amount to Rs. 15/- which can be met from savings in the allotment for salaries under Government Schools - Special - Training Schools for Masters in the current year's budget. I further request that provision for the purpose may be made in the Budget Estimates for 1917-1918.

I have the honour to be,

S i r,

Your most obedient servant,

(Signature)
for Director of Public Instruction.

M. S. S.

ENCLOSURES (2)

FORWARDED.

2. There is no audit objection to the proposal of the Director of Public Instruction being sanctioned by Government

3. If the proposals are sanctioned, it may please be stated whether the allowance is to be remunerative or compensatory.

4. Necessary provision will be included in the Estimates for 1917-18 if orders are issued by Government in the Financial Department to that effect.

Deputy Accountant-General.
