QUESTION.—No. *170*

for the meeting of the Legislative

Council to be held on the

6-2-1917.

SUBMITTED that two copies of this Question may be forwarded to the
Home (Edn.) & Public Works Department with reference to Nos. (1) and (4) of the
rules regulating Secretariat procedure in dealing with these Questions in the
Legislative Council. Orders regarding admission will be communicated in due
course.

By U.O. No. *219-1* dated *26-1-17*

To

The *Home (Edn.)* Department. *with Q. 170.*

2 3
Local and Municipal (Legislative) Department.

The Honourable Mr. A.S. Krishna Rao Pantulu :-

Home (Educational) Department
Public Works
Local & Municipal

190. Will the Government be pleased
to state how many elementary school
buildings have been constructed in
district
each of the Presidency during the last
5 years and if so, at what cost?

Home (Education) Department.

Information as to the number of school buildings

for Non-European elementary schools constructed in each district of the Presidency in 1914-15 and 1915-16 is available in the Public Instruction Reports for the respective years. The reports of the previous years do not furnish any such information.

The Additional Member asked a similar question in February 1915, and a statement giving the figures for 1913-14 so far as available was placed on the table but he was told that detailed figures for 1912-13 were not available.

The Additional Member wishes also to know at what cost the school buildings were constructed. No information is available in this office. It is also doubtful whether the D.P.I. could furnish the information readily (c.f. the D.P.I.'s note on page 3 of G.O.No.122, dated the 9th February 1915).

The following draft answer is for approval:-

* * *
A statement showing the number of elementary school buildings constructed during the years 1913-14, 1914-15 & 1915-16 is laid on the table. Similar figures for 1911-12 and 1912-13 are not available, nor have the

Statements Nos. 63 & 101 of the Report for 1914-15 and Nos. 43 & 58 of the Report for 1915-16.

25.

The additional member has not stated whether the information required by him is in regard to Govt school buildings. Presumably, Municipal & Local Board & even private institutions are also included in his question. There is no information available in this office, on the subject. Even in regard to Govt. school buildings, local officers of the P.W.D. will have to be addressed, if information is desired to be collected in this Department.

2- In regard to Municipal & Local Board schools, similar references will have to be made in L.D.H., to Municipal Councils & District Boards. As regards school buildings constructed by private individuals or bodies, the local educational authorities are perhaps the best officers to supply the information.

3- Perhaps, however, local educational officers could more easily collect the whole information required, after referring to local officers of other departments, where necessary. If this course is to be adopted, Home (Educational) will have to take the necessary action.

4- It seems therefore best, before proceeding further, to ask for the remarks of

⑧ The question is marked for Home (Educational) also. vide ff. 14-2-1917.

of Home (Educ.) as to what course they think best to adopt.

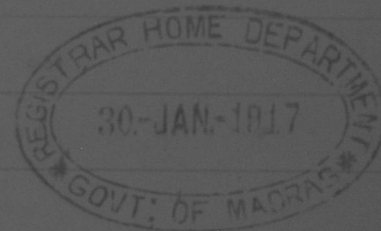

5. All the above action will ^{however} ~~course~~ have to be taken, only if detailed information is to be given to the additional member, which is also a point to be settled in Home (Educ.).

The final form of the question and answer stood as follows:—

Elementary school buildings constructed during the last five years.

194 Q.—Will the Government be pleased to state how many elementary school buildings have been constructed in each district of the Presidency during the last five years and, if so, at what cost?

194 A.—A statement showing the number of elementary school buildings constructed during the years 1913-14, 1914-15 and 1915-16 is laid on the table. Similar figures for 1911-12 and 1912-13 are not available, nor have the Government information as to the expenditure incurred on the buildings entered in the statement.
