GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

PRESS COMMUNIQUÉ.

Delhi, the 24th February 1917.

The Government of India have sanctioned the proposals made by the Indian Industrial Commission for work to be done during the recess preparatory to their re-assembly early in November next for the completion of their tour programme in the Provinces not so far visited. It has been arranged for Messrs. Low and Chatterton, with the Secretary Mr. Bell, to remain on special duty for the purpose of collating the evidence so far obtained and of preparing the statistical information required for the final Report, which it is hoped will thus be prepared promptly after the conclusion of the next cold weather tour.

2. Sir Thomas Holland will be occupied throughout the summer in organising the new Munitions Board, but expects to be free to resume charge of the Commission in November, when, it is hoped, Sir Horace Plunkett will also be well enough to take part in the work of the Commission.

3. Dr. Hopkinson proposes to return to England for the recess, and will there prepare a note dealing with the questions which he has specially studied.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

PRESS COMMUNIQUÉ.

Delhi, the 4th February 1917.

The Government of India have found it necessary temporarily to utilise the services of Sir Thomas Holland, the Chairman of the Indian Industrial Commission, in connection with the provision of war supplies from India. In these circumstances, the other members of the Commission have suggested, and the Government of India have agreed to the suggestion, that the Commission should go into recess at a somewhat earlier date than had been originally intended, and should resume its sittings at the beginning of the next cold weather, which sittings will commence in Bombay.
