[Despatch Abstract.]

General tables.

Communicating to the Director of Public Instruction for
 information and guidance letter from the Government of India
 forwarding a revised copy of the ——— of educational
 statistics.

Government of India,
DEPARTMENT OF EDUCATION.
(Education)

Simla, the 9th March 1917.

From

The Hon'ble Sir E.D. MacLagan, K.C.I.E., C.S.I.,
Secretary to the Government of India.

To

The Secretary to the Government of Madras,
Educational Department.

Sir,

*Spare copies
will follow.*

I am directed to send a revised copy of the general tables of educational statistics. The Educational Commissioner has already addressed the Director of Public Instruction regarding the proceedings of the recent Conference of Directors, at which the changes incorporated in the present forms were decided.

It is requested that the forms may be utilised for the statistics of 1916-1917. It is thought that the changes are so slight that the possibility of doing this will not be affected by the unavoidably late issue of these revised tables.

The only exception is the change alluded to in the footnote to general table IV regarding the classification of provincial, local and municipal funds. The proposed change is radical, and it is probable that some difficulty may be found in carrying it out. It is accordingly thought better to postpone this change until 1917-1918 and for the year now ending to preserve the present practice, adding a footnote as suggested in the instructions to that table.

I have the honour to be,
Sir,
Your most obedient servant,

Emall

Column 9 should show such funds expended by local bodies as are known not to be raised through local cesses or local taxation (or of course from the sources mentioned grants permanently allocated from provincial revenues to local bodies. Difficulty is likely to arise in the case of equilibrium grants (i.e., allotments for general purposes). The percentages and figures of cost in General Table II will of course be based upon the figures in various columns in Table IV. This clause should be effected in the tables for 1917-18. In those for 1916-17, the present practice should be preserved, a footnote being added to columns 10 and 11 (and any) shown in column 9. In General Table VII, expenditure from local cesses and taxation will be similarly shown corresponding as at present to entries in General Table IV. The other changes are self-explanatory and can probably be introduced at once.

General Table III direct and not through the medium of provincial funds is Ra.

This is distributed under the following heads:—

Ra.

Direct.

In columns 12, 13 and 14. That column 9 will show the provincial funds as far as ascertainable, which are made over to local bodies including both new grants and also intended to assist local bodies to maintain the necessary standard of expenditure, etc., and it may be found impossible to show such funds as provincial. Care should be 15, 17 and 18 of General Table IV and in some columns of General Table IV-A.

possibly elsewhere) showing approximately what portion of local or municipal funds can reasonably be said to be derived from provincial revenues in addition to the amounts (if Directors might report, in sending in their next tables whether, when the change is effected for 1917-18, the retention of Table VII is necessary.

NOTE FOR

The object of the revision of Table VI is to simplify the headings, to eliminate the preliminary examinations (mainly in professional subjects) and to place examinations in the form now sent cannot be regarded as exhaustive. New examinations may be created and there are some existing tests which, while not strictly examinations, may be required under medical education, etc. Such additional can of course be made, but with due regard to economy of side headings; the possibility of including *Back-schisms*—When there is no distinction between "pass" and "honors" (as in the University of Allahabad) all entries should be against "pass." It may be *Time examinations*—It is impossible to restrict those under "Oriental Colleges" to examinations conducted by Universities, since there are institutions of collegiate character which may be included in the list under "Schools for special instruction," Arabic and Persian have been placed together, as some of these overlapping in the number of candidates, etc., shown.

Medicine.—Here in particular the list does not pretend to be exhaustive. Some examinations may require a distinction between "Medicine" and "Surgery" (as is already the case in the case of the *Engineering*). As degrees or licences come to be established and taken for mechanical engineering in its various branches, they should be added. As the lower *Teaching*.—The distinction "post-graduate" and "under-graduate" has been used, because the licence is generally taken by a candidate who has already *Matriculation*.—This will include all kinds of material.

Matriculation.—This will include all kinds of matriculation, e.g., those for "science" and for the "oriental faculty" held by the Punjab University.

School Finals, etc.—These will include all such examinations held as a conclusion to a high school course. The 'B' final in Bengal is specially mentioned. If

Cambridge examinations.—An exception has been made here to the principle of placing all examinations in order of value. But it is convenient to place these partly-Anglo-Vernacular Middle examination (or English middle) has been entered for the convenience of those provinces where it is still held. It will not necessarily

Under *Schools for special instruction*, examinations in "law," "medicine," etc., may be added if they are held; and if this is thought desirable, they may

British India during the official year 19 - —concl'd.
