Department.

Sir,

I have the honour to request that you will be so good as to obtain the sanction of Government for the employment for a period of one year from 1st July 1917 of an additional temporary Assistant on Rs.100 per mensem in the Government College, Mangalore.

2. The Principal reports that it has not been possible to arrange for regular supervision during the library periods as the work of the existing members of the staff is very heavy and that English composition books of the Second year Intermediate class consisting of 33 students are at present corrected by the Principal and the First Assistant while those of the First year students numbering 61 corrected by

the First and Fourth Assistants and the Demonstrator. He thinks that the present arrangement which is the only one feasible and under which the exercises in English composition are corrected by teachers such as the Fourth or the History Assistant and the Demonstrator in Science who do not teach English is by no means satisfactory and requests sanction for the employment of an additional Assistant who is strong in English to look after the Composition work of the Intermediate classes and to supervise students during the library periods.

Excluding the pandits and the Commercial, Drawing and Gymnastic Instructors, and including the temporary Assistant in the Subordinate Collegiate service sanctioned in G.O.No.581 Edl., dated 17th August 1911, the teaching staff of the College consists of a Principal and Eight Assistants. three of whom are in the Subordinate Collegiate Service and the accompanying statement gives a distribution of their work in the College and high school departments and to the correction of English composition books.

It will be observed from the above statement that every member of the staff has heavy work to do and that in the interests of efficiency some of the existing Assistants should be relieved of the work of correcting English Composition books and due arrangements made for regular supervision during the library periods. I consider therefore that the employment of an additional Assistant as proposed by the Principal is necessary and that the appointment which may be outside the cadre of the subordinate collegiate service should carry with it a salary of Rs.100 per mensem so that it may be possible to secure a trained L.T. who has taken Honours in English at the B.A. examination.

2. The extra cost during the next official year will amount to Rs.800 and I shall submit a reappropriation statement for meeting the charge after the issue of the Civil Budget estimate for 1917-18 if it is not possible to include

3

the necessary provision therein before its issue.

4

I have the honour to be,

S i r,

Your most obedient servant,

[Signature]
for Director of Public Instruction.
