Building grant

Sanctioning a grant of Rs. 3,700 towards the cost of the erection of a building for the Hindu Theological Elementary School, Poonamallee, Chingleput district.

READ—the following papers:—

I

Letter—from the Hon'ble Mr. J. H. STONE, M.A., C.I.E., F.R.H.S., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 5th February 1917.

No.—Ref. on-Cor. 9075/1916.

I have the honour to submit herewith the plans bearing Nos. 197 (a) and 197 (b) with estimates amounting to Rs. 7,400 in connection with the construction of a building for the Hindu Theological Elementary School, Poonamallee, Chingleput district, and to recommend that a grant not exceeding one-half of the estimated cost may be sanctioned to be paid when funds become available.

2. The necessity for the proposed building is explained in page 5 of the enclosed application.

ENCLOSURE

Extract from application for aid

The school has been housed in a rented building ever since it was started 20 years ago. As the strength has considerably increased now and as it is also intended to raise the standard of the school, the present rented premises is insufficient and will become unsuitable also if higher classes are opened. Hence the necessity for the proposed building.

Note by the Chief Engineer, Public Works Department, No. 1927 C., dated the 14th March 1917.

The Director of Public Instruction submits two plans bearing Nos. 197 (a) and 197 (b) and a detailed estimate amounting to Rs. 7,400 for a grant-in-aid towards the cost of constructing a building for the Hindu Theological Elementary School at Poonamallee, Chingleput district.

2. The plans and the estimate have been scrutinized in the Chief Engineer's office and the following alterations given effect to:—

(1) Providing as shown on C.A. No. 61/1917 rolled steel girders at intervals of about 8 feet with teak joists over them instead of teak joists only over a span of 14 feet for supporting terraced roofs of rooms.

(2) Making provision for one verandah 12 feet wide as shown on C.A. No. 61/1917 instead of one verandah 8 feet wide and two verandahs each of 6 feet in width, as shown on D.P.I. No. 197 (b).

(3) Increasing the number of steps leading to the terraced roof so that the risers may be reduced to about 7 inches.

The total amount of the estimate remains unaffected by these alterations.

3. The Superintending Engineer, V Circle, should satisfy himself about the nature of the soil and the suitability of the foundations.

4. With these remarks, the plans and the estimate, as altered in the Chief Engineer's office, the latter amounting to Rs. 7,400 are recommended for approval.

Brief history of the institution from the date of its establishment to the date of application tracing its growth and development and furnishing among other things an accurate account of its financial condition.

The School was started in the year 1895 under the name and style of "The Hindu Theological School" by M. R. Py T. Ramakrishna Aiyer and B. A. and it became a recognised and aided Institution in the year 1898. Successive Inspecting Officers have spoken very highly of the school including Mr H. N. Hart M. A. the present Inspector of Schools Madras circle. The remarks of some of them are given below. Mr Ramakrishna Aiyer continued to be the sole manager and Correspondent of the School till February 1915, when he handed it over to an influential committee consisting of the following gentlemen.

Members

The strength of the School, which had gone very low, when the committee took up the management, on account of the starting of a rival school by the C. M. S. Mission very close to the Hindu School, began to rise gradually and within a year the strength rose from 20 to 85. It is a matter of great gratification to the Committee to see that the strength of the school has now reached to 140 and it is hoped that the Institution will still further increase in strength.

The strength of the different classes or forms as it stood on the 31st March of every year for five years preceding the year in which the application is submitted.

NOTE.—If there be any striking variations in the strength as shown above such variations should be accounted for.

and usefulness are long. It is the intention of the committee to raise the standard of the school ^{gradually} and make it a first grade Elementary school. After the committee took up the management of the Institution, it has improved in all directions, in the matter of strength, staff, efficiency and equipment. The staff now consists of five teachers, one of whom is a Matriculate, one a Lower Secondary trained experienced teacher, two Primary trained teachers and one untrained man.

The school is now located in a rented building and a suitable premises of its own is a pressing need and the committee has ^{already} secured a valuable and suitable site for the proposed school building and with the aid and encouragement of the Educational authorities, the members of the committee hope to have the building constructed at no distant date.
