TIRUPPATTUR MUNICIPAL OFFICE.

Dated :- 27th December 1916.

From

M.R.Ry. T.M. Lakshmana Ayyar Avergal,
Chairman, Municipal Council,
Tiruppattur.

To

The Director of Public Instruction,
Madras.

Sir,

Adverting to your Proceedings Ref. on C.No.8982 of 16 dated 10th November 1916, I have the honour to renew my application for a building grant of Rs. 25000/- applied for in my letter Roc.No. 34/c of 1915 dated 30th April 1915 for the improvement of the High School building, which has been noted for consideration as soon as funds become available.

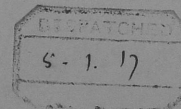

The present High School building is very inconvenient and insufficient for a secondary school. It has year after year been condemned by the Inspecting authorities. It is an old fashioned ---- building constructed about 50 years ago for an Anglo Vernacular ---- Middle School with small, uncomfortable and ill-ventilated rooms. A proper school house suited to modern requirements of a High School is one of the great wants of the town. The plans and estimates prepared at the suggestion of the Inspector of Schools were sent to you with my former application and returned to me with your letter Ref. on C.No.9908 of 13 dated 24-5-15. I have sent them back herewith.

I therefore request you to be good enough to take the pitiable state of the present building into your kind consideration and to favour the Council with a building grant of Rs. 25,000/- as already proposed.

I have the honour to be,

Sir,

Your most obedient servant,

Sir,

With reference to Government Memorandum No. 603-1

no source can be indicated from which the grant can be met
and that the construction of a new building for the Municipal

From the Director of Public Instruction, No.109,

C.No.891.

From ---do--- ---do--- dated the
23rd February 1917.

The Municipal Council, Tiruppattur, applies
for a subsidy of Rs.25,000 to meet the cost of
extensions to the buildings of the Municipal High
School, Tiruppattur. There is no provision in
the current year's budget from which the subsidy
can be sanctioned ^{and} the provision of 1.50 lakhs in
the next year's budget ^{has} ~~has been~~ already been dis-
tributed provisionally among other works. The
D.P.I states that the construction of a new
building for the Tiruppattur High School is ^{very}
desirable. It is therefore submitted that the
Financial Department may be requested to state
whether a grant can be sanctioned for the purpose
during the current year. The amount, if sanctioned,
can be paid to the Municipal Council at once. The

Council will in due course submit the plans and
estimates for the approval of the ^(P.W.) ~~the~~ authorities
specified in article 302 of the Municipal Account

The grant of the whole cost is asked. The mull is very poor and cannot apparently afford to bear any part of the cost. Its account close with a deficit for a number of years. The work is not however imperative; but if financial have funds to spare for such works as these, they may make a grant in the current year.

In the budget for 1917-18 a total provision of 1.50 lakhs has been entered as grants to local bodies for secondary school buildings. A provisional distribution of this sum among the several local bodies will be found in the Statement flagged I. The actual amount which will be allotted to each local body will, however, depend upon the cost of the work after the plans and estimates are

scrutinised, and upon the financial position of the local bodies concerned.

3. In the present case, a subsidy of Rs. 25,000 to meet the entire cost ^{extensions to} of the buildings of the Municipal High School, ^{is asked for, this item} Trimpattur, was not included in the provisional list; as the application from the Municipal Council was received by the D.P. 9. only recently - vide page 1 C. 7.

Please see the Director's letter on page 4 C. 7. and Home (Educn) note (portion K) on page 2 ante. The work is not imperatively urgent; the grant asked for is the entire cost of the work; and plans and estimates have yet to be scrutinised by the P.W.D.

3. In these circumstances it is respectfully submitted that no strong case appears to exist for the payment of a grant of Rs. 25,000 to the Trimpattur Municipal Council either in 1916-17 or 1917-18. Orders are solicited.

There is / submit no case
for special treatment. We
can make no grant this year,
and as regards next year
it is for Educ. to say whether
they can spare any thing from
the allotment of 1.50.

7.3.9

With reference to Chief Secretary's
query on page 3 ante, attention
is solicited to the notes in the
linked file [pages 4-5, 8-9,
and 17 (para: 4)].

From para: 4 on page 3 of
notes flag G, it will be seen
that the Govt. have sanctioned
during the years 1912 to 1916
grants towards the provision
of improved accommodation in
the case of 10 Secondary Schools
for boys under the management
of local bodies. Of the 10
items mentioned, the full cost
was borne by Govt. in 7 cases.

2. In the case of schools under

private management, a contribution from Govt. not exceeding half the cost is the rule - (vide Rule 54 in the Educat. Grant-in-Aid Code).

Grants to local boards and municipalities are outside the provisions of the Grant-in-Aid Code, the subsidies to local bodies being determined by such orders as Govt. may from time to time issue.

It is therefore submitted that in the case of local board and municipal schools each case will have to be ~~carefully~~ scrutinized carefully in order to see whether the financial position of the local body concerned is such as will not permit of ^{its} meeting a portion (though not one-half as in the case of private schools) of the cost of the buildings. The entire cost of the buildings is ~~to~~ not to be given as a matter of routine.

I am afraid that no grant is possible in the current year. I agree that the amount wanted is not in p.u. alone.

Home (L) (UO)

Home (L) Dept.

The allotment of 1.50 lakhs for payment of grants to local bodies for educational buildings has been provisionally distributed and plans and estimates for them have been received. These are being returned to the local bodies for resubmission after obtaining the Engrs. Sanction to them and with a report as to their financial position. It is not likely that any portion of that grant will remain for utilization on other buildings. Seeing that the Financial Dept. is reluctant to sanction a grant for the Municipal high school, Tiruppathur, there appears to be no other alternative than to postpone the proposal to construct a building for that school.

2. If the above view is concurred in the draft below is submitted for approval.
