REGISTRAR.

17 8 17.

Copy of letter from the President, District Board,
Bellary, No. 1846, dated the 20th December 1916.

On account of the duplication of four classes in the Harpanahalli secondary school owing to the increased strength, four temporary teachers 2 on Rs. 35 each and 2 on Rs. 25 each, were entertained from 17-7-1916 in that school for six months. The Head Master, Board secondary school Harpanahalli reports that the continuance of the temporary establishment is necessary till the end of April next when the school closes for the long vacation. I have the honour to request that the Government may be pleased to sanction the entertainment of the temporary establishment till the end of April 1917. The Head Master entertained the staff in anticipation of sanction and has been reprimanded ~~from~~ ^{for} doing so. I was however very unwilling in view of the backwardness of secondary education in this district, to dispense with the extra masters in the middle of the school year.

2. A proposition statement in duplicate is enclosed.

3. No provision has been made in the budget to meet the above expenditure during the current year. The total cost of the establishment is Rs. 1,115 for the requisite 10 months. An examination of the current year's revised estimate shows that funds cannot be provided from any other source by re-appropriation.

4. There is a balance of Rs. 4,315 not utilised out of the grant made last year for the maintenance of elementary schools. I propose to take from that balance the sum of Rs. 1,115 required for the Harpanahalli High School and I request that the Government may be pleased to sanction as a special case the transfer of the above amount to the secondary school.

17 8 17.

Endorsement of the Director of Public Instruction,
No. 626/17, dated 22nd February 1917.

Resubmitted with reference to Government Memorandum
No. 228-1 L., dated 20th January 1917.

2. The proposals of the President may be sanctioned as a special case, though strictly speaking the balance in the subsidies should be spent on equipment and buildings for Elementary schools. He may be requested to report how the balance in the subsidy which will still remain, will be utilized.

June 17th 1917

Proposals for the payment from Provincial funds of the net cost of the Board secondary school, Harpanahalle, are separately under consideration. They have not yet been accepted in this department. The file is now in Financial.

- (Z) 2. Under para 5 of G. O. No. 1113 Educational, dated 26-11-13 the savings in the subsidies sanctioned for the maintenance of elementary schools should be utilized on the equipment of elementary schools.
- (S) Accordingly in G. O. No. 1399 Educational, dated the 9-12-14 the Government declined to sanction the proposal of the President, District Board, Nellore, to utilize on equipping the board incomplete secondary school at Kavali a portion of the unspent balance of the grant sanctioned for the maintenance of elementary schools. In the present case the Director of Public Instruction, while pointing out that the balance in the subsidies should properly be utilized upon equipments and buildings for elementary schools, recommends compliance with the District Board's request as a special case. If the Director's view is concurred in the draft below may be accepted and the file returned to L & M

department.
