Forwarded

Encl. 20/2/17.
Collector

and
The Collector of

Trichinopoly

I have the honor to submit herewith an extract from the proceedings of the Municipal Council, Karur, passed at

a meeting held at its office on 6th February 1917 and to state as follows:-

The present accommodation of the High School at Kano, falls short of the actual requirements of the school. The school has improved very much in recent years and the original accommodation provided is inadequate for its present needs. The Inspector of Schools I Circle, has recognized the urgent need of fresh accommodation as is shown by his remarks in his inspection reports of the last two years. The Director of Public Instruction, Madras, when he last visited this High School on 19-10-15 was struck with the necessity for additional accommodation. I am also enclosing an extract of his remarks in the Visitors' book of the High School for information.

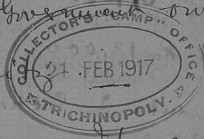

Plans and estimates were prepared for extending the east wing of the school. The extension consists of a hall 68' x 20' to be used as a "Science Hall" and an upper storey to accommodate 3 classes. The ground floor is estimated to cost Rs 11,100.

and

and the upper storey Rs 6,900. Thus the complete extension costs Rs 18,000. The estimate was split up into 2 sections, ground floor and upper storey, so that the work may be commenced on the ground floor as funds permit. The plans and estimates were sent to the Superintending Engineer for scrutiny and professional sanction.

The Council is afraid that, with the limited resources at its command, to finance this scheme is impossible in the near future. Moreover the loan obtained from Government for the construction of the original school building for the High School has not yet been repaid in full. It has, therefore, resolved to approach Government with a request to sanction a grant of Rs 18,000 for the extension of the High School during the next distribution of grants for educational buildings. The Council though appreciates the financial difficulty of the present time, but is driven to seek help for

from Government owing to the pressing
necessities.

I have, therefore, the honor to
request that you will be so good as to
move Government to sanction a grant
of Rs 18,000 for the extension.

I have the honor to be,

Sir,

Yr most obedient servant,

D. S. Varadachari

Vice Chairman

16.2.17

Extracts from the remarks of the 6/5

Director of Public Instruction, Madras, in the Vishnu
book of the Karur Municipal High School.

I have visited this school after
an interval of 15 years and have been much
pleased to see how satisfactorily it has developed
in this time. The provision for Manual training is
especially complete and satisfactory and this
part of the school training should create a
very valuable influence. Due attention is being
given to physical training. It is hoped the
new play ground will soon be acquired.
Some extension of the accommodation is
certainly necessary.

The provision of Rs. 1.50 lakhs in the C.B.S. for 1917-18 for contribution to local bodies for buildings for secondary schools has already been provisionally distributed and the distribution has been accepted by the Finance Committee. As provided out by the A.P.3. there is no other source from which the grant of Rs. 18,000 applied for by the Municipal Council of Karur can be met. The Council may be informed accordingly.

2. A draft order is submitted for approval.
