Sir,

With reference to Government Memorandum

No. 763-1 dated 5th March 1917, I have the honour to
 report that in recommending the supply in question
 I departed from what, since economy was enjoined, has
 been the practice, i.e. to refuse applications for
 new supplies, firstly, because the periodical is very

we have separately
asked the D.P.I to state whether
any reductions are possible
in the number of periodicals
supplied to institutions under his
control. It may probably be
difficult to effect any appreciable
economy in regard to the supply
of periodicals for use in Ed. institutions.
We may support the present
application.

I incline to submit for the consideration of Home Dep. whether some list should not be applied in regard to ad. dition to the list of periodicals. The price of paper is advancing and the rates quoted now are bound to be increased later on. We are cutting down the existing list and it seems to me that any string reason should be forth coming before we go on adding to the list. I don't really suppose that if this periodical were not subscribed that our Education would receive any real sub. back.

In the circumstances I would beg for a reconsideration of the decision come to.

Yours
