(b) whilst employed overseas - military pay and allowances of rank ~~plus~~ civil furlough pay.

2. I am to add that such service will count for civil leave and pension whilst within Indian limits. As regards service overseas, absence from India will not be regarded as an interruption of duty for leave earned and it will count for pension but not for leave. ENCLOSURES: 4

Forwarded to Government.

2. Officers in the Civil Department are not granted leave when they volunteer for Military Service. If Government consent to their taking up Military duties, they are transferred to the Military Department with a lien on their Civil appointments.

3. Mr. Porrett is a temporary officer of Government. He has been engaged for a period of five years and the question of making him permanent will have to be decided after five years have elapsed from 17th October 1914, the date of his joining his present appointment, Vide his agreement with the Secretary of State embodied in G.O., No. 642 Educational dated the 29th May 1914. Under para 13 of the agreement, he will come under the operation of the Indian Service Leave Rules retrospectively after the lapse of five years. He is at present eligible for only privilege leave and leave on Medical Certificate, Vide Note 1 to article 196 of the Civil Service Regulations. It is however, a matter entirely for Government to decide whether he can be permitted to sever his connection temporarily with his present appointment in order that he may join Military Service.

4. As regards his pay and allowances in the Military Department it is observed that an officer accepting a commission in the Indian Army Reserve of officers gets pay and allowance as laid down in Government of India Notification No. 60-A embodied in G.O., No. 161 Public dated 1916. Mr. Porrett requests that in accordance

when employed overseas, Military pay plus Civil Furlough pay.
As Mr. Porrett is not eligible for furlough as already stated,
his case should apparently be dealt with under G.O., No. 266
Public dated the 20th February 1915. (F)

5. Mr. Porrett will, during his Military Service, have no
connection with the Civil Department. His request, therefore, to
be granted a house, free of rent, in the Civil Department is not
admissible.

Mr. Porrett's application
to join the Indian Army
Reserve of Officers

[Case 1890] From the D.P.O., R.O. No. 1955/17 D. the 13.3.15

The first question to be decided in connection with Mr. Porrett's application for leave to join the Indian Army Reserve of Officers is whether his services can conveniently be spared - vide para. 3 of India's letter on page 5 of G.O. No. 161 Pub. dt. 3rd February 1915. ~~Mr. Porrett's application to join the Indian Army Reserve of Officers is a request for leave to join the Indian Army Reserve of Officers.~~

2. Mr. Porrett was selected by the Secretary of State for India and sent out to India to hold one of the two posts of instructors in manual training ~~sanctioned~~ sanctioned for this Presidency on a salary of Rs. 400-20-500 a month, for a period of five years. - G.O. No. 1244 Edl. dt. the 24-12-13 and G.O. No. 642 Edl. dt. 29.5.14. He joined his appointment on the 17th October 1914; that is, he has served nearly on half of the period for which he was engaged. In the meanwhile Mr. Porrett has, in addition to the principal function of giving a course of instruction in manual training to each batch of secondary teachers under ^(at the Teachers' College) undertaken to give more extensive courses to special batches of men willing to specialize as manual instructors. ~~203~~

- Presumably the Director has no objection to Mr. Porrett joining the army.
2. It is usual known by allowing officers of the list dept. to join the army to ascertain whether they are especially or any way qualified for military service. Information has been furnished.
 3. The D.P.I. should also be the A. endorsement; it will be as well to commit the terms under which he will be allowed to join the army if able to Mr. Porrett.

It is true that Mr. Porrett ^{training} is probably unable to remain in the army so if he is allowed to serve but owing to financial stringency I do not see any prospect of important developments in manual training in schools during the war. I anticipate that all the men already trained will be employed as manual training instructors. I can arrange for a certain amount of men training work being carried on in the Leathers Creech so that the building & planning will be all right although the training firm will be postponed. It seems to me to be the first step the military need for his service. I believe he is well qualified for manual
