~~During~~ Last year ~~the~~ proposal made by the Walajapet municipal Council for opening a weaving class in the Sourashtra municipal elementary school ~~at~~ the town was under the consideration of the Govt. The initial cost of opening the class was estimated at Rs 1000 and the ^(recurring) cost on account of staff & contingencies was also expected to amount to a similar sum every year. As the D.P.I. was unable to meet the recurring expenditure from the funds at his disposal the Govt. expressed their inability to sanction any grant towards that expenditure. The Council too not being in a position to meet the charge from its own funds the proposal ^{to open the weaving class} was not approved by the Govt.

2. The Honble Mr Subbaraya Reddiyar suggests the establishment of a weaving school in Walajapet. Apparently the cost of opening a school is likely to be much higher than that of opening a ^(in an existing institution) class. In November last a question was asked in the Legislative Council suggesting the opening of a weaving school in the Vizagapatam District. Attention is solicited to the notes on that question on page 3 to 6 of ss. No 1347 Home (Est.), dated the 12th Decr 1916. The reply to the present question may, ~~it is submitted~~ ^{it is submitted} be on the lines of that given in November. Before framing an answer, Mr Innes may be requested to state whether the peripatetic weaving party touring in the Southern District has ~~already~~ ^{already} visited Walajapet, & if not, when it may be expected to visit it. The following

"Will you kindly let me know whether the peripatetic weaving party touring ~~in~~ in the Southern district has already visited Walajpet in the North Arcot district, & if not, when it is likely to visit that place. This information is required very urgently in connection with a Legislative Council ~~petition~~."

REPLY.

From the Asst. Director of Industries,

Reference t.m. of date. The number ^(one) 1 peripatetic weaving party touring in the southern districts is at present in the South Arcot district, but in view of the unsatisfactory results obtained the advisability of continuing the tour into North Arcot is under the consideration of the Director. The latter district has not yet been visited. The Director of Industries is on tour and has been

referred to on the matter as the papers are with him.

The following draft answer is submitted for approval:-

"The Govt have sanctioned the opening of weaving classes in the Madura Technical Institute & have decided to await the results of their working before considering the question of opening another weaving school. In the meanwhile they have organized a peripatetic weaving party to tour in the Southern District to demonstrate to weavers the advantages of improved methods & appliances. This party is now in the South Arcot district & the question of its moving to North Arcot is being considered."

There is certainly no use in raising any
false hopes. May we say

"The Government are unable to hold
at any hope that a weaving school will
be opened at Walleppet in the near future."

My dear Harvey,

I am at Ellore with Campbell, and have just received your Superintendent's telephone message as to when Peripatetic Weaving Party No. I is likely to visit Walajabad.

It is difficult to me to answer a question like this definitely, and that for two reasons. In the first place I have only two parties one touring in the Northern Circars and one in the southern districts. Hurried tours are of no use. The only thing is for a party to work slowly through a district sitting down for some days in each weaving centre. Thus it may take months for a party to finish a district. However, the party is now in South Arcot. Judging by the reports so far received, there is not much scope for it there, and it may be able to move on pretty soon to North Arcot.

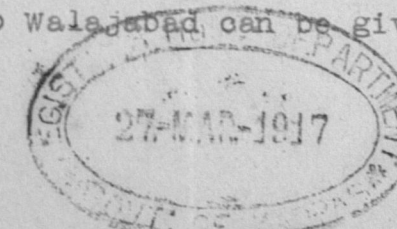

But I am little doubtful as to these parties. No doubt they do a certain amount of good in introducing improved appliances. But if the profits go to the Sowcars and middlemen, not much good is being done. I am not sure that it would not be better to switch the two Superintendents definitely on to pushing cooperation, and I am in correspondence with Swamikannu on the subject.

Moreover the Superintendent of the southern Party is ill and I am trying to get a substitute for him. In the circumstances no definite reply can be given to the question. Something might be said to the effect that the Party is now in South Arcot, and if the present programme is adhered to, it will take up North Arcot district next. But no definite date for a visit to Walajabad can be given.

Yours sincerely,

Chimes
