(Designation) Assistant Archaeological Superintendent for Epigraphy,  
Southern Circle.

To The Secretary to the Government of Madras,  
Public Department.

Sir,

I have the honour to submit that since the opening of the Branch Press at the Stone House Hill, Ootacamund, I have been occasionally getting my office books, journals, registers and maps bound and mounted at this Press and impressions from Copper plates also taken, instead of entrusting these to private hands. The latter course is found to involve not only much cost for which I have not got the necessary Budget allotment but the quality of the work too would not be such as could be desired. No objection was raised to this procedure till now. But in his letter No. 160/D x the Superintendent, Government Press, asks me

2  
if there is any Government order which authorises me to get these petty works done at the Branch Press, Ootacamund, evidently meaning that in the absence of it I should now obtain one. I therefore request that the Government will be pleased to order the execution of these works in the Branch Press as they were done hitherto.

I have the honour to be,

Sir,

Your most obedient servant,

H. Krishna Sastri.

Assistant Archaeological Superintendent for Epigraphy.

OFFICE NOTE.

In reply to Public Department Endorsement No. 5594-1, dated the 30th September 1915, the Superintendent, Government Press, submits that he has asked for orders on this subject in paragraph 13 of office note No. 7603, dated 5th October 1915. There is no objection to the work being done at Ootacamund during the off season on indents from the Assistant Superintendent himself, under the same restrictions as to the kinds of works which may be bound and the style of binding and the transfer of funds as may be decided in the general questions raised.

The Assistant Superintendent's experience of the inferior quality and high cost of work entrusted to private hands is common to many other offices.

The main file in which the S.G.P. has raised the general question of regulating demands on the Press for building work has been referred to depts of the Secretariat. The S.G.P. may perhaps be ~~not~~ authorised as a special case to ~~carry out~~ have the building work required by the A.A.S. for Epigraphy carried out in the Branch Press Oostacumund, in case the administrative dept concerned <sup>that</sup> considers the ~~execution of the work~~ <sup>and that it cannot be done in the office of the Asst. (Feb. 2)

This case has been lying over till now, awaiting the decision on the general question of binding work at the Govt. Press, which has since been disposed of in Q.G. No. 339 Pub. 2/ the 26th March 1917.
