To

His Excellency the Governor in Council
Fort St. George
Madras.

The humble memorial of the inhabitants of Bapatla Taluk,
Guntur District,

Most Respectfully Sheweth,

1. That, when the subject of Government Model High Schools was under the contemplation of Government, the people of Bapatla and Bapatla Taluk submitted a memorial to the Director of Public Instruction and Government praying for taking over the management of the Board High School, Bapatla as a Government Model High School in the Guntur District (Please vide copy of the memorial enclosed.)
2. That the Director of Public Instruction in his proceedings Dis No 111 dated 2-3-1911 and the Government in their memorandum No 611-1 L dated 16 February 1911 were pleased to inform the petitioners "the Government have noted their representations and that they will receive due consideration at the proper time."
3. That, although the general scheme of a Government Model High School or each district has been dropped, there is a proposal to have some Model and Training Secondary Schools for the presidency and that in the Budget for 1917-18 the Government have made a provision of 1. 11 lakhs "to take over the management of 4 Secondary Schools with the object not only of setting a standard for Secondary Schools under private management, but also of providing the requisite facilities for practical instruction in educational methods and opportunities for more advanced study in Secondary training institutions in the chief language areas of the presidency."
4. That, as there will be a Government Model Secondary School for the Telugu area, your humble memorialists beg to submit the following points for consideration in the selection of a suitable locality for the establishment of such an institution:—
 - [a] The First Circle comprising the districts of Ganjam, Vizagapatam and Godavary has a Government High School in Rajamundry.
 - [b] The Ceded Districts (ie Cudappah, Kurnool, Anantapur and Bellary) have a Government college recently established in Anantapur.
 - [c] The Second Circle composed of the districts of Kistna, Guntur and Nellore is without a Government College or School and has therefore a better claim for the proposed Government Secondary School for Telugu districts.
 - [d] The Guntur District is the centre of the three districts of the Second Circle and Bapatla situated on the main line of railway communication occupies a central position not merely for the district but for the whole circle.
 - [e] Bapatla is one of the few important places in this part of the presidency near the sea-coast and has a comparatively genial and healthy climate.
 - [f] It has a complete Secondary school under the management of the Taluk Board Ongole for several years.

The school has been growing so rapidly that the Board has not been able to make adequate provision for its increasing needs. It is in need of improvements in all directions and the District Board has resolved to take up its management with the object of remedying the defects and providing for its efficiency.

[g] The avowed policy of Government is to relieve Local Boards from the expenses of Secondary education and in pursuance of this policy the Government have already done much for the improvement of Board and Municipal Secondary Schools by the grant of a recurring subsidy of Rs 103425 per annum in G. O. No. 1007 Educational dated 5th Nov. 1913

[h] When the question of Model High Schools was discussed in the Legislative Council in 1910-11, it was declared on behalf of Government that they intended to take under their direct management only Local Board schools which were already under *quasi* Government control. Hence, in determining the eligibility of a school to be taken under the management of Government, the fact of its being a Board school must throw great weight into the scale in its favour.

[i] The Board High school being the only Secondary school in Bapatla, its conversion into a Government school will not act prejudicially to the interest of any other institution, as would naturally be the case if it were in a place like Guntur or Bezwada where there are more than one Secondary school.

5. That your memorialists beg to submit therefore that, while Bapatla satisfies all the general conditions necessary for the location of a Government Secondary school to serve as a model for private institutions—viz. its central situation for the Guntur District, nay for the whole second circle, its easy accessibility, its proximity to the sea and the nature of its soil giving salubrity to its climate, its extensive open grounds, Government and private, affording facilities for the acquisition of sites for play-ground, buildings, hostels etc at a comparatively cheap cost, its freedom from the bustle confusion and distracting influences of a busy town so destructive of real educational work—it has the special claim of being the seat of a flourishing Board Secondary school of several years' standing under public management, which is in need of considerable improvements and the maintenance of which in a high standard of efficiency is no less the concern of the Government than of the District Board.

6. That the memorialists beg permission to add also that the Board High School, Bapatla is the solitary complete Secondary School under the management of the Local Board for the whole district of Guntur and as such it deserves special consideration at the hands of the Educational Department.

7. That your memorialists humbly beg therefore that the Government may be gracious enough to give a favourable consideration to their representations and grant their prayer by taking over the management of the Board High school Bapatla as a Government Model Secondary School for the Telugu Districts.

8. Wherefore, your humble petitioners shall, as in duty bound, ever pray.

Bapatla. }

TO
THE DIRECTOR,
OF PUBLIC INSTRUCTION,
MADRAS.

*The humble memorial of the inhabitants
of Bapatla and Bapatla Taluk,
Guntur District.*

MOST RESPECTFULLY SHEWETH,

That this place has a BOARD HIGH SCHOOL under the management of the TALUK BOARD, ONGOLE, which has been in existence for the last 10 years and which has now a strength of 330 boys with an average income of Rs. 8,000 per annum derived from school fees.

2. That the TALUK BOARD with commendable solicitude for the progress of the institution has till now spent Rs. 12,000 on buildings and Rs. 6,000 on furniture, library and other equipments.

3. That a large outlay is still necessary to provide for the increased efficiency of the school on modern lines, in all directions—teaching staff, accommodation, laboratory, apparatus and appliances, manual and practical work, technical and industrial courses of study &c., which, your humble memorialists fear, will be beyond the slender resources of the TALUK BOARD.

4. That the DIRECTOR OF PUBLIC INSTRUCTION, while laying stress on the fact that "it was definitely ruled by GOVERNMENT that LOCAL BOARDS and MUNICIPALITIES should be immediately responsible for all elementary education within their local areas," has pointed out the way in which such local bodies may be relieved of their burden in these terms:—"In one or two cases, the GOVERNMENT have agreed to bear the net cost of MUNICIPAL OR LOCAL FUND SECONDARY SCHOOLS and it is possible an extension of this system would be the best solution of the difficulty." (Please vide pp. 28 of the Report on PUBLIC INSTRUCTION for the quinquennium 1902—07)

5. That the object of the MODEL HIGH SCHOOLS proposed to be established in this Presidency is, your memorialists believe, to give effect to the principle that the improvement in the quality of Secondary education is a matter of pressing importance and that a number of well-managed Government schools serves to keep up a high standard in aided schools.

6. That in order that this end may be fulfilled, your memorialists beg leave to point out that the Government High School for each district, should be so situated as to be within easy reach of other institutions in the district, to serve as a Model without being in such close proximity as to compete with them.

7. That Bapatla is a quiet, neat town on the railway line and within 4 miles from the sea, having a genial and salubrious climate and centrally situated, with Ongole on one side and Tenali and Guntur on the other, and that no other place in the whole district, can compare so favourably as Bapatla for the location of a MODEL HIGH SCHOOL in the Guntur District.

Home (Education) Department.

(C.No.1755)

Petition from the inhabitants of Bapatla taluk, Guntur district, dated the 31-3-1917.

Subject.

Requesting that the Board high school at Bapatla may be taken over under Government management.

Attention is solicited to letter No.537 Edl., dated the 16th May 1916, which describes the scheme for the establishment of model high schools. Under that scheme there will be two model schools (with secondary training classes attached) at Rajahmundry and Chittoor Telugu districts. The High school at Rajahmundry is already a Government institution, while the one at Chittoor is now under the management of the District Board. The former is intended to serve the needs of the northern districts and the latter those of the Nellore and Ceded districts. If Bapatla is substituted for Chittoor, both the model schools will be in the Circars and the interests of the Ceded districts will suffer. Besides the net cost of the Board high school at Chittoor is now being borne by the Government and this circumstance is an additional ground for taking it over under Government management.

2. It does not therefore appear possible to accede to the request of the memorialists. A draft order informing them accordingly is submitted for approval.

Will the D.P.S kindly favour
furnish with his remarks on the
request?

I agree with the note. Before 18

was decided to take over the education

schools. Bhabha was fully considered.

The four institutions are being taken over for a

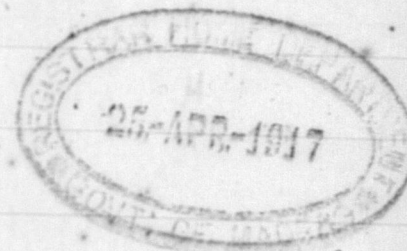

public purpose and not to relieve the

or the other board. These are other schools

under local fund managers that might

at least as well be taken over by Government.
