of the resolution of the Council passed at its meeting held on 28.2.1917 and to state as follows:-

2. Since it was pointed out by the various officers of the Educational Department who inspected the School that the then rented building was ill-ventilated & ill-situated, an application was likewise submitted to Government for the Grant required for the Construction of a School House. A sum of Rs 14232 was sanctioned as Grant in P.O. Nos.

cost of the site acquired for the purpose. Tenders

were invited in the year 1915 after the site was

handed over to the Municipality. The Tenders of

one Malluamuni Iyeran was accepted by the Council

at its meeting held on 17.8.1915 (vide copy of the

resolution enclosed). The Municipal Council was

Obliged to accept the Conditions of the Contractor since

the

the rates found in the Estimate prepared in the years 1912. 1913 were very low when compared with the rates of 1915-16. The work given has been completed to satisfaction and the School also has been removed to the new building. In pursuance of the resolution of the Council the amount due to the Contractor after revising the rates of important items as per Local Fund Schedule of rates of 1915-16 comes to Rs 10751.10.10. The amount of the Sanctioned Estimate was only Rs 8300-0-0.

It is therefore requested that you will be good enough to move Government to sanction this additional Grant of Rs 2452. required for the purpose as a Special Case under the existing circumstances set forth.

The total cost of constructing the building for the Hindu Elementary School, Palni, including cost of site has amounted to Rs(5,944 + 10752) or 16,696. Of this amount, a total grant of Rs.14,232 has till now been sanctioned from Provincial funds. The balance is Rs.2,464.

2. In passing orders on the budget for 1917-18 of the Palni Municipality, the L. & M. Dept have remarked "The Chairman is requested to expedite the submission of the Council's application for the additional grant of Rs.2,490 for the construction of a building for the Hindu Elementary School as the grant is to be paid in the current year. Meanwhile the credit taken for the grant is provisionally retained".

The above paragraph was inserted by L. & M in consultation with the Home (Education) Dept and the D.P.I.

3. It is now proposed to issue an order sanctioning a grant of Rs.2,452 (in addition to Rs.14,232 already paid) to the Palni Municipality for the cost of the school building and to meet the charge from the source indicated by the D.P.I. in his note dated 14-2-17, i.e. from savings in the allotment for the current year under 22 E-Education- Payment in support of local boards and municipal schools. (Page 131 CB)

It is submitted that it is not known whether the saving reported by the D.P.I. on 14-2-17 is still available.

4. It is respectfully submitted that payments at the very close of the year, similar to the present case, should be avoided as far as possible, as such transactions may naturally be construed by the Accountant-General

as being made solely with a view to avoid lapse of budget grant. Home (Education) also propose to telephone to the Accountant-General and to telegraph to the Chairman, Municipal Council, Palni, in order that the payment may be made before the close of the current official year.

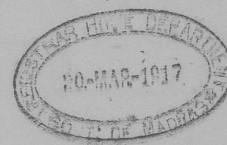

5. In the circumstances, it is submitted for orders whether it will not be preferable to postpone the payment (Rs. 2450) to next year. There is a provision of one lakh in the budget for 1917-18 for subsidies to local bodies for the construction of elementary school buildings. (Mys 131/CA9)

The fact that credit has been taken provisionally in the Revised Estimate for 1916-17 of the Palni Municipality budget does not, it is submitted, necessitate the Provincial grant being disbursed in the current year.

It is submitted that the original intention was to meet the amount in question from the savings in the subsidies provided for payment in 1916-17 under 22 E Education. The year has closed and the balance in the subsidies has also lapsed. It is too early to say at present whether there will be any savings in the provision made in the current year's budget for the payment of subsidies. There is however a special provision of Rs. 1,00,000 for payment to local bodies towards the construction of elementary school buildings and it may be possible to find from this source the grant required for Palni. A separate Gov. note asking the D.P.D. to suggest a source for meeting the grant in question is submitted for approval.

From the C. M. C., Palni, no 283 of 10. 3. 17

Application from The Municipal Council of Palni for a grant of Rs 2452 towards the construction of a building for the Hindu Elementary School.

Please see para. 1 of G.O. no 3434, dated the 23rd February 1917 in which the Municipal Council Chairman, Palni, was asked to expedite the submission of the Council's application for the additional grant required for the construction of a building for the Hindu Elementary school. It was then decided in consultation with the D.P. that the amount should be met from the Savings in the allotment under "22 E. subsidies in support of local board and municipal schools in the C.M. for 1916-17" ~~and that no amount should be disbursed~~. Owing, however, to the delay in the receipt of the Council's application it was not possible to disburse the amount in 1916-17. There is no special provision for this purpose in the budget estimate for the current year. The D.P. may be requested w.o. to suggest a source from which the amount in question ~~can~~ be met.

The Director apparently refers to the lumpsum
of Rs. 5000 provided for buildings for municipal
secondary schools. It is presumed that he
does not desire that the amount required
for Palni should be met from the special
provision of 1 lakh for the construction of elementary
school buildings, as the demands on this provision
are very excessive.
