Station M a d r a s, Dated the 15 March 1917

From (Name) The Hon'ble Mr. J. H. Stone, M.A., F.R.H.S.,
C.I.E.,
(Designation) Director of Public Instruction

To The Secretary to the Government of Madras,
HOME (EDUCATION) Department.

Sir,

I have the honour to submit herewith the plans bearing Nos. 203 (A), 203 (B) and 203 (C) with estimates amounting to Rs. 33,760 for extending the upper storey on the two wings of the Lawley hall attached to St. Joseph's College, Trichinopoly, and to recommend that a grant not exceeding one-half of the estimated cost may be sanctioned, to be paid when funds become available.

2. The

2. The necessity for the proposed extension is explained in page 5 of the enclosed application.
3. The Executive Engineer states that the foundations are strong enough to bear an upper storey. Vide his letter No.1267 dated 6th March 1917 (copy enclosed).

I have the honour to be,
Sir,
Your most obedient servant,

R A Arive

for Director of Public Instruction.

V.R

14-3-17

Copy of letter No.1267 dated 6th March 1917 from the Executive Engineer, Trichinopoly Division to the Correspondent, St. Joseph's College, Trichinopoly.

With reference to your No.666 dated 2nd March 1917, I have the honour to request that I may be furnished with a copy of the Director of Public Instruction's Proceedings (R.C. No.973/17 dated 16th February 1917) referred to therein. The foundations of the Lawley Hall are strong enough to bear an Upper storey.

The Director of Public Instruction submits 3 plans bearing -
D. P. I. Nos. 203 (A), 203 (B) and
203 (C) and a detailed estimate -
amounting to Rs. 33, 760 for a grant-
in-aid towards the cost of extending
the upper storey on the two wings of
the Lawley Hall attached to St. Joseph's
College, Trichinopoly.

II. The plans and the estimate
have been examined in the Chief Engi-
neer's Office, and it is observed that
they contain ^{several} inaccuracies ~~and are not~~
~~sufficiently intelligible.~~

III. It is considered that, -
according to the existing arrangements,
the large hall 170' x 50' is not pro-
vided with sufficient light and venti-
lation and ~~could be made better by the~~
~~addition of upper storey on the side.~~
For the purpose of remedying this defect
100 glass (Mangalore Pattern) tiles
are, according to the estimate, proposed
to be fixed over the existing roof.
The hall would then be exposed to the
direct glare of the sun and rendered
~~uninhabitable.~~
~~uninhabitable.~~

IV. The construction of gutters
to a length of 170 feet for draining
the large area of the roof over the
hall and the provision of zinc gutters

*Reproposed above steyed wings
would make matter far worse.*
