Sir,

I have the honour to state that the Board Incomplete Secondary School at Chowghat under the Palghat Taluk Board stands very badly in need of a ~~new~~ building. At present the school occupies three detached buildings and the educational officers have objected to this arrangement in successive Inspection Reports. The school is rapidly increasing in strength. At the close of 1915-16 the strength was 248. Now it is 295, and admissions have had to be refused for want of accommodation. The Taluk Board has

The Board can allot half of this amount, but is unable to find the other half. I therefore request that Government will be pleased to sanction a grant of Rs 4300 towards the construction of the building.

Sir,

SIR,

With reference to your letter Ref. on C.No.10,462/1916 dated 29th ultimo I have the honour to forward a plan and estimate for Rs.9,000 for constructing the Board Incomplete Secondary school at Chowghat approved by the Superintending Engineer and sanctioned by the District Board. The plan and estimate for the Kottayi school will be forwarded to you after it has been approved by the Superintending Engineer.

2. In their Memorandum No.1848-1 L, dated 19th March 1917 Government asked me to report whether the District Board could contribute a portion of the cost of the Chowghat Secondary school and whether any private contribution could be secured. I enclose a copy of the District Board's resolution which I am submitting to Government.

3. An abstract of the Palghat Taluk Board Budget for 1917-18 is enclosed. In it the Taluk Board has made a provision of Rs.4,000 for the Chowghat school and will be able to find the extra Rs.500 required to make up half the cost by reappropriation. As the Taluk Board balance is less than 5 per cent. of the estimated receipts it is not possible to allot anything from balance.

4. As regards Kottayal school, the Taluk Board had provided a sum of Rs.3,000 for its construction in the revised estimate for 1916-17. The amount could not be utilized in that year and is available for reallocation in 1917-18.

In the present case, a suggestion has been made by the H.M. on page 3, that private subscriptions might be invited. Before we commit ourselves to a subsidy for this work, it would be desirable to ascertain how far the Board has been able to secure private help in the matter. In that view, L & M may be requested to issue the draft memo. ^{or if possible} It may be suggested to that Dept. that the words "beyond the provision of half the cost" which the Valuation Board has ~~been~~ "undertaken to find" may be added to the draft at the end.
