A & B: two for
Asst. Agricul.
Engineer
Eight for supervisors.

7 permanent
3 temporary

10

G To be retained
in Agricultural
department.

A & B
5 persons:-
4 permanent
1 temporary

4. The Director of Agriculture has proposed, and the Government agree with him, that the Presidency should be divided into eight Supervisor's charges. There are now ten Supervisors in the Agricultural department, excluding the one appointed as Assistant Agricultural Engineer, and the Director of Industries requires the services of three of these men. An additional Supervisor is thus required for the Agricultural department. The Government sanction an additional post of Supervisor on Rs.100 per mensem to be borne on the cadre of the Agricultural department. The Director will be authorised to fill up this post by any qualified man not attached to the Public Works department cadre. The Director of Industries will arrange with the Director of Agriculture to take over any three of the Supervisors except the four men specially reserved for service in the Pumping and Boring section under paragraph 3 of G.O.983 Educational, dated 18th August 1914.

5. As it appears from the statistics given in para.12 of letter dated 2nd December 1916 from the Director of Agriculture that a cashier is required for the Pumping and Boring department, the

Government

6. In addition to the post of clerk on Rs.20-1-25 abolished in the office of the Director of Industries in pursuance of order No. 2265, dated 2nd October 1916, the Government direct that the following two posts be also abolished as recommended in para.2 (d) of Board's reference 1766, dated 6th September 1916:

- 1 workshop clerk on Rs.25-1-35
1 store keeper on Rs.20-1-35.

Care should be taken to provide these incumbents in case they are already on the permanent establishment with appointments elsewhere, lest there should arise claims for compensation.

7. Three other points on which orders are required and which are dealt with in Board's reference 1766, dated 6th September 1916 are:-

- (1) retention of the Supervisor in charge of power drills;
 - (2) control of sugarcane experiments and the staff required in that connection; and
 - (3) investigation of underground water supplies and the establishment required for it
- These are dealt with below:-

(1) Power drills. The Board of Revenue observes that no specific order ^{has} ~~has been~~ passed in G.O.523, dated 7th March 1916, on its proposal that the Supervisor on Rs.100 in charge of power drills should be taken over by the Agricultural department. The Director of Agriculture is stated to have recommended that the man in charge might be kept on a temporary footing up to 31st March and to have promised to submit a further report on the matter of his permanent retention. It is observed that in paragraph 1 of its reference 1832, dated 19th September 1915 (page 31 of G.O.523, dated 7th March 1916) the Board proposed to concentrate the work in the first instance in eight circles, and as one circle was required as Assistant Agricultural Engineer and an

extra Supervisor was needed for power drills ten Supervisors were sanctioned in G.O.523, dated 7th March 1916. As it is reported that the man in charge of power drills has been given notice by the Director of Industries that his services would not be required, and as the allocation of staff made in paragraph 3 above does not provide for a separate officer for charge of power drills, the Government sanction the retention of the Supervisor until 31st March 1917.

(2) Sugarcane experiments. In para.3 (vii) of G.O. 523, dated 7th March 1916, the Government approved the proposal to transfer the control of Sugarcane experiments to the Agricultural department. The Board proposed that a Supervisor on Rs.100 and 3 mechanics, including one for steam boiling plants, on Rs.35-2-45 each, stated to have been temporarily sanctioned in G.O.'s 1189 Educational, dated 22nd October 1914, and 407 Educational, dated 10th April 1916, for the conduct of these experiments, might be transferred to the Agricultural department. The Government observe that a Supervisor for Sugarcane experiments was sanctioned on a permanent basis in G.O.1189 Educational, dated 22nd October 1914, but that owing to some misapprehension the post has subsequently been treated as temporary, the sanction for its retention accorded in G.O.407, Educational, dated 10th April 1916, expiring on the 31st March 1917. The pay of the mechanics is not Rs.35-2-45 but only Rs.35 per mensem. The transfer of the Supervisor and the mechanics is approved.

(3) Investigation of underground water supplies.

It is reported that the Director of Agriculture has agreed to take over two surveyors on Rs.80 per mensem each and one tracer on Rs.25 per mensem sanctioned for the investigation of underground water supplies, as they really form part of the Pumping and Boring staff. This establishment is temporary and the sanction expired by 31st March 1917. The transfer of this staff to the Agricultural

department is approved.

8. The sanction accorded in paragraphs 3-6 above is registered as No.168 of 1917-18.

9. The Directors of Agriculture and of Industries are requested to submit through the Accountant-General a proposition statement embodying the orders in the previous paragraphs.

extra supervisor was needed for power drills and supervisors were sanctioned in 10.12.17, dated 1st March 1918. As it is reported that the men in charge of power drills have been given notice by the Director of Industries that his services would not be required, and as the allocation of staff made in paragraph 3 above does not provide for a separate officer for charge of power drills, the Government sanction the retention of the supervisor until 1st March 1918.

(2) Supervisors' expenses. In para. 3 (vii) of G.O. 225, dated 1st March 1918, the Government approved the proposal to transfer the control of Supervisors' expenses to the Agricultural department. The Board proposed that a supervisor on Rs.100 and 3 mechanics, including one for steam boring plants, on Rs.25-5-4 each, should be provided temporarily sanctioned in G.O. 1189 Educational, dated 22nd October 1914, and 407 Educational, dated 10th April 1916, for the conduct of these experiments, might be transferred to the Agricultural department. The Government observe that a Supervisor for Supervisors' expenses was sanctioned on a permanent basis in G.O. 1189 Educational, dated 22nd October 1914, but that owing to some misapprehension the post had temporarily been treated as temporary. The sanction for its retention was recorded in G.O. 407, Educational, dated 10th April 1916, existing on the 1st March 1917. The pay of the mechanics is not Rs.25-5-4 but only Rs.25 per month. The transfer of the Supervisor and the mechanics is approved.

(3) Investigation of underground water supplies. It is reported that the Director of Agriculture has agreed to take over the surveys on Rs.25 per month each and one tractor on Rs.25 per month sanctioned for the investigation of underground water supplies, as they really form part of the mapping and boring work. This establishment is temporary and the sanction expired by 31st March 1917. The transfer of this staff to the Agricultural

NOTES.

Page 8

Extract of notes connected with G.O.No.1275,
Revenue, dated the 3rd May 1917:-

X X X X

Financial Department.

For the Assistant Secretary.

The proposals of the Revenue Department
for the re-apportionment of the staff originally
sanctioned for the Pumping and Boring Department as
embodied in paras. 3 - 7 of the draft order put up
involve the following changes:-

Extra cost
per mensem.

X X X

(c) Creation of a post of cash keeper
for employment in the Industries
Department. (For calculating the
extra cost the pay of the post
in the Agr. Dept. viz. Rs. 35-24-50 may
be taken)..... Rs. 46

X X X

4. Item (c). - The Director of Agriculture says
that he is unable to agree to the cash-keeper being
returned to the Industries Department and Mr. Innes
insists on getting one for his own office. In the
circumstances Financial may agree to the creation
of the post of a cash-keeper for employment in the
Industries Department. Home (Education) will have to
sanction the appointment, but before doing so they
will no doubt consult Financial as to the pay to be
attached to it.

Home (Education) Department.

While agreeing to return to the Department of Industries the three supervisors referred to in para. 1 of office note on page 43 supra the Revenue Dept. propose to retain the cashier who was informally transferred to the Department of Agriculture from the Department of Industries. They leave it to this Department to sanction the creation of a post of cashier in the Department of Industries. As stated in para. 4 of office note on pages 41 and 42 supra the ~~simple~~ course would have been to sanction in the order issuing on this case a new post of cashier for the Agricultural Department leaving the post of cashier in the Industrial Dept. undisturbed. This point need not perhaps be pressed further. On receipt of a copy of the proceedings on this case this Department may sanction a new post of cashier. Both Mr. Couchman and Mr. Innes have stated that a cashier is absolutely necessary. Mr. Innes may be requested to suggest a suitable scale of pay for the post.

Office of the Director of Industries

If this Department is going to undertake the purchase as well as the erection of industrial machinery ^{rule} as ~~was~~ approved in G.O. No. 856, dated the 10th August 1916, contemplate large sums of private money may be paid in to the Dept. for which the Director will be personally responsible and the cashier's work will be responsible.

10

very responsible. Clients however will be encouraged to deal directly with the engineering firms, and I think that the cashier's work will mainly be in connection with fees paid to the Dept. for inspection, advice and the erection of plant. The work however will be responsible and I cannot recommend a smaller rate of pay than Rs.35-2½-50. A security of Rs.250 should be demanded.

2. For the present the proposals may be regarded as tentative. If the system of inspection and advice develops, or if a system of advances for the purchase of machinery is introduced (I believe that the commission will make a recommendation to this effect), a higher paid cashier may be necessary.

C.A. Innes,
8-4-17.

Home Department (Education) u.o.

Home (Education) Department.

The pay of the cashier for the Department of Industries may, as suggested by Mr. Innes, be fixed for the present at Rs.35-2½-50. Mr. Innes has apparently no objection to the ^{other} proposals. The draft Order may be accepted and the file may be returned to Revenue. (That Department may be requested to send a copy of the notes along with the order on this case to this department).

Home (Rsn) Dept.

Please see para 5 of the order in the current file and the notes above. This Dept may, in communicating the Revenue Dept. G.O., sanction the employment of a cashier in the Dept of Industries on Rs. 35-50 per mensem. A draft order is submitted for approval. It may be sent to the Fin. Dept for acceptance. (Mr. Innes may be left to apply for an additional allotment of 8K if he is unable to meet the extra charge of 8/5/17 from the funds at his disposal.)

2. 11.5.17

Fin. u.o.

Financial Dept.

For the Asst. Secy.

Please see the Financial notes in G.O. 1275 Rev D 3.5.17. The pay proposed for the cashier is Rs 35-2 1/2 - 50 per mensem which is ^{same as} also the pay of the post in the Agr. Dept. The extra cost involved is Rs 46 per mensem. ~~For funds place see the Agr. Dept notes above.~~ The ~~order~~ ^{proposal} may, if it is submitted, be accepted in Financial, the sanction being registered as No. 60 of 1917-18.

2. Home (Edw) may be requested to add a para to the draft calling upon the officer in charge of the Dept. of Industries to submit a reappropriation statement to meet the extra expenditure and informing him that no charges should be ~~made~~ incurred until funds have been provided. Otherwise the draft may, it is submitted, be accepted in Financial.
