Agency Schools. In my letter quoted above the desirability of printing such of the lists as contained a large number of appointments made by subordinate officers was brought to the notice of Government, but as the orders passed thereon did not specifically refer to the printing of such lists, the Superintendent, Government Press, has objected to the printing of the list received from the Inspectress of Girls' Schools, Central Circle, and forwarded by me to the Press, in the absence of definite orders of Government in the matter. In these circumstances, I have the honour to request that Government will be pleased to issue orders authorizing the Superintendent, Government Press, to print every year the Annual Lists of Officers relating to the appointments made by the Inspectresses of Girls' Schools and the Inspector of Schools, I Circle, including those in the Agency Schools and to supply the required number of copies of each of them.

I have the honour to be,

From (Name) T. FISHER, Esq., I. S. O.,

To The Secretary to the Government of Madras,

HOME (EDUCATION)..... Department.

Sir, In reply to Home Department (Education), Andt. No. 1338-1, dated 19th March 1917, the Superintendent, Government Press, submits that the printing of the Lists of appointments made by Inspectors and Inspectresses of Schools will make the Establishment Lists of the Educational Department as a whole more expensive than before the issue of G. O. 532, Educational, M.S., dated 18th May 1916 and economy is ordered at the present time.

It seems desirable also to restrict the lists to certain specified appointments and not to allow the printing of the name of every employee, irrespective of pay, as desired by the Director, or the lists will become bulky.

I would suggest that for the purposes of economy the

the printing of these lists, if sanctioned, should be in non-tabular form; also that it is usual the maximum number of copies to be printed to be specified.

[Subject - Printing of lists of officers relating to appointments made by Inspectresses of girls' schools and Inspector of Schools, I Circle.]

The D.P. I. requests the sanction of Govt. to printing every year at the Govt. Press, Madras, annual lists of officers relating to the appointments made by the Inspectresses of girls' schools and Inspector of Schools, I Circle, including appointments in agency schools. He states that desirability of printing such of the lists as contain a large number of appointments was brought to notice of Govt. ~~and that was~~ in his letter dated the 10th April 1916, but that as the orders passed thereon did not specifically refer to the printing of such lists, the S.G.P. objects to ~~the printing of~~ ^{printing} ~~the~~ ^{the} lists. It is ~~to~~ ^{is} submitted that the letter refers to above dealt ^{chiefly} with the question of the nature of the list of officers and appointments in the Educational Department and its publication at the Govt. Press. In view of

referred for remarks suggests with a view to economy that it will be desirable to reserve the list to certain specified appointments & that the form should be in non-tabular form. He also points out that it is usual to specify the maximum number of copies to be printed.

3. Submitted that the remarks of the D.P. may be invited vis. on the suggestions made by the S. L. P. If the Director accepts them, he may be asked to revise his proposals accordingly.

I do not think that a list that I set out contain all the names would be of any use at all.

The list might be in non-tabular form but this would mean recasting it then this would of course cause considerable delay.

The number of copies viz 20 was specified.

The difficulty of dealing with such a number of appointments is considerable and the Finance Office none too well

It is for consideration whether in the papers

The D.D.'s note above cannot,
I submit, be well taken as agree-
ing to the dropping of the proposal. It
says that the difficulty of dealing
with appointments without a printed
list is "considerable." Formerly
the lists for all the centres were
printed. The proposals now made
only restrict the printing to only certain
specified cases. That this will be necessary
had already been foreseen by the D.D. &
intimated to Govt. I submit that the
lists referred to by the D.D. may be
printed (20 copies) in non-tabular form.

two separate lists. The D.P. wants them alone to be printed as the sets are large. Appointments below 30 are to be omitted.

The lists should be in non-tabular form where the D.P. makes a very moderate request based on selection. Mr. his remarks must be approved subject to the above remarks.

With reference to the Secretary's suggestion at A' above, it is respectfully submitted that the Subordinate officers ~~have~~ at present empowered to make appointments to posts ~~carrying~~ carrying a salary of Rs. 30 and below per month and that these appointments alone will appear in these lists, the higher ones being included in the ~~the~~ quarterly list of educational officers published by the D.P. - please see go no 532 vol. dated the 16th May 1916. The number of appointments

under Rs. 30 ~~and~~ under each subordinate officer is not likely to be large and ~~on printed lists of each officer~~ it may not be worth while to print ~~the~~ lists of such appointments. It is for consideration

whether as suggested by the D.P., the proposed lists should include all appointments made by the ~~for~~ officers mentioned. The Secy considers that the lists should be restricted to certain specified appointments. Perhaps all appointments ~~in the~~ may be excluded from the lists.
